

Untitled document

Students of all ages can find resources and information on this page about how Congress works, as well as internship opportunities and information about Service Academy nominations.

### **Service Academy Nominations**

High school students interested in applying to one of our nation's Service Academies should [click here](#) for information about applying for a Congressional nomination.

### **Congressional Art Competition**

High school students interested in participating in the annual Congressional Art Competition, where the winning piece from the Second Congressional District hangs in the U.S. Capitol on display for one year, should contact my Concord Office in the spring for more information about how to submit artwork. For general information about the competition, please [click here](#).

### **Internship Opportunities**

College students interested in interning in one of my offices should [click here](#) for more information.

### **Links**

**Kids in the House:** <http://kids.clerk.house.gov/>

*This site provides educational material about the legislative branch of the U.S. government for students of all ages. Topics covered include the role of the U.S. House of Representatives, the legislative process, and House history.*

**Young Readers Center:** <http://www.read.gov/yrp/>

*This site includes information about the Young Readers Center at the Library of Congress.*
