November 18, 2011

HUDSON, NH – Congressman Charles F. Bass (NH-02) announced that he will host two seniors health care forums in Hudson and Littleton on **Monday, November 28, 2011**. Seniors in New Hampshire's Second Congressional District are invited to attend the forums and learn more about Medicare open enrollment, ask questions about Medicare and Social Security benefits, and receive free health screenings and flu shots.

Bass said:

"With the deadline for the Medicare Open Enrollment period right around the corner, I encourage seniors in the Hudson or Littleton areas to come to my seniors health care forum on the 28th to learn about various prescription drug and health plans under Medicare. We will have experts on hand to answer questions about benefits and health care providers offering free health screenings and flu shots. I hope constituents can make some time on November 28th to stop by."

Representatives from the Centers for Medicare & Medicaid Services (CMS), the Social Security Administration, and the AARP will be on hand at both events to answer questions.

Walgreens will provide free flu shots at the Hudson event and Lamprey Health Care Nashua Center will provide free blood pressure and blood sugar screenings. In Littleton, Ammonoosuc Community Health Services, Inc., will provide free blood pressure screenings and flu shots. Constituents are asked to call Bass' Nashua or Concord offices to reserve a flu shot to ensure there is an adequate supply.
