

Congressman Bill Pascrell, Jr.
Water Resources Development Act 2010
Requested Projects

1. Third River Flood Damage Reduction

Non-Federal Sponsors: Townships of Nutley, Bloomfield and Belleville

A study of the Third River in Nutley/Bloomfield/Belleville. The townships experience severe flooding conditions and residual damage instigated by the river.

2. Essex County Stormwater Mapping

Non-Federal Sponsor: Essex County

GIS/GPS mapping of stormwater facilities in Essex County so they can be inspected and managed properly to help reduce flooding and related problems.

3. Preakness Brook Flood Damage Reduction

Non-Federal Sponsor: County of Passaic

A study of the Preakness Brook from French Hill Road/Valley Road to the Pompton River. This area frequently suffers from pervasive and severe flooding.

4. Passaic Valley Sewage Commission Projects

Non-Federal Sponsor: PVSC

Purchase equipment and increase the wet weather capacity of PVSC plant to enhance commercial and recreational use of Passaic River/Newark Bay.

5. McDonalds Brook Flood Damage Reduction

Non-Federal Sponsor: City of Passaic

A study of McDonalds Brook which breaches its banks causing severe erosion, silt buildup throughout Hugh Lake and potential dam failure.

6. Harbor Deepening Project, Environmental Restoration Initiatives, New York and New Jersey

Non-Federal Sponsor: Port Authority of New York and New Jersey

To provide for inclusion of environmental restoration and mitigation within the Hudson-Raritan Estuary in the PANYNJ harbor deepening project's purposes.

7. Nutley Boat Ramp Dredging

Non-Federal Sponsor: Township of Nutley

Study the feasibility of sediment removal from the channel between the Passaic River Channel to the boat ramps at Nutley, New Jersey.

8. Floodway Buyout

Non-Federal Sponsor: NJDEP

To clarify that the Army Corps retains study authority to continue to update the 1995 Passaic River Buyout Study.
