*The U.S. Small Business Administration (SBA) is the federal government's primary source of money for the long-term rebuilding of disaster-damaged private property. These disaster loans cover losses not fully compensated by insurance or other recoveries and do not duplicate benefits of other agencies or organizations.*

*FEMA's mission is to support our citizens and first responders to ensure that as a nation we work together to build, sustain, and improve our capability to prepare for, protect against, respond to, recover from, and mitigate all hazards.*
