SUMMARY OF AMENDMENTS SCHEDULED TO BE CONSIDERED THIS VOTE SERIES

Lee (D-CA). This amendment would reduce funding in 41 various accounts with the purposes of ending combat operations in Afghanistan. The \$33,000,124,000 in total reductions would be transferred to the Spending Reduction Account. Please see below in the legislative bulletin under amendment 94 for all the specific reductions to each account.

Garamendi (D-CA). The amendment would reduce funding from 38 various accounts dedicated for funding military operations in Afghanistan. According to the bill’s sponsor, the specific reductions to each account are based on CRS analysis of how changes in troop levels would impact spending. The \$22,161,542,000 in total reductions would be transferred to the Spending Reduction Account.

Nadler (D-NY). The amendment would increase and subsequently decrease funding for Overseas Operations and Maintenance of the Army by \$15,000,000. According the sponsor, the intent of the amendment is to require at least \$15 million of Army OCO funding to be used for shelter insulation at Forward Operating Bases to reduce energy requirements.

Poe (R-TX). The amendment would reduce to Overseas Contingency Operations, Defense-wide Operations and Maintenance for the purposes of providing payments to reimburse

cooperating nations for logistical, military, and other support, including access provided to United States military operations in support of Operation New Dawn and Operation Enduring Freedom by \$1,000,000,000 and would place those funds under the Spending Reduction Account. According to the sponsor, the purpose of this amendment is to specifically stop payments to reimburse Pakistan for the war on terror and will not affect payments to other coalition partners.

Lee (D-CA). This amendment would reduce funding available for the Overseas Contingency Operations Transfer Fund (currently set at \$5 billion) by \$5,000,000,000, and would move this amount into the Spending Reduction Account, thereby eliminating all funding for the Overseas Contingency Operations Transfer Fund.

Cohen (D-TN). This amendment would reduce funding available for the Afghanistan Infrastructure Fund (currently set at \$475,000,000) by \$200,000,000 and would place this amount in the Spending Reduction Account.

Cicilline (D-RI). The amendment would reduce all funding for the Afghanistan Infrastructure Fund of \$475,000,000 and place the funding in the Spending Reduction Account.

Cohen (D-TN). This amendment would reduce funding in the Afghanistan Security Forces Fund (currently set at \$12.8 billion) by \$4,000,000,000 and would place this amount in the Spending Reduction Account.

Poe (R-TX). The amendment would reduce funding for the Pakistan Counterinsurgency Fund by \$1,000,000,000 and would place those funds under the Spending Reduction Account.

McCollum (D-MN). The amendment would reduce total appropriations at the end of the bill by \$124,800,000. While the text of the amendment reduces total appropriations from the entire bill, the sponsor's intent is to reduce funding for military musical units. Yesterday, an amendment to strike section 8127 of the bill that created a spending limitation of \$200 million on musical military units passed by a voice vote.

McCollum (D-MN). The amendment would allow not more than \$20,000,000 of the funds made available by this Act to be used to pay motorsports drivers, racing teams, or racing cars in the National Association for Stock Car Auto Racing (NASCAR), the National Hot Rod Association (NHRA), the Indy Racing League Indy Car Series, or the American Motorcyclist Association (AMA) Super Bike Racing or otherwise conduct recruiting outreach through motor sports under the authority of section 561(b) of the Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 (as enacted into law by Public Law 106-398; 114 Stat. 1654A-129). According to opponents of the amendment this would reduce funding for advertising and sponsorship by 80%. In H.R. 1, a similar amendment to prohibit DoD funding at NASCAR races was defeated by a vote of [148 – 281](#).

29. **Kucinich (D-OH).** The amendment prohibits the use of funds to be used for military operations against Libya.
30. **Flores (R-TX).** The bill prohibits the used of funds to enforce section 526 of the Energy Independence and Security Act of 2007. The RSC's [plan](#) to reduce gas prices repeals section 526 of the 2007 energy bill, which bars federal agencies from buying alternative or synthetic fuels if they have higher lifecycle greenhouse gas emissions than conventional petroleum fuels. These resources are abundant in North America and should be utilized rather than sending taxpayer dollars overseas to pay for foreign petroleum fuels. The federal government should embrace and not prohibit the use of advanced alternate fuels.
31. **Carter (R-TX).** The amendment will strike section 8127 of the bill, as it relates to a spending limitation on military musical units. According to CBO, striking this language will not increase the cost of the bill.
32. **Gohmert (R-TX).** The amendment prohibits funding to be obligated, expended, or used in any manner to support operations, including NATO or United Nations operations, against Libya.
33. **Benishek (R-MI).** The amendment strikes the phrase “that upon a determination that all or part of the funds transferred from this appropriation are not necessary for the purposes provided herein, such amounts may be transferred back to this appropriation: Provided further, That the transfer authority provided under this heading is in addition to any other transfer authority provided elsewhere in this Act” from Defense-wide environmental restoration account.

- 34. Benishek (R-MI).** The amendment strikes the phrase “that upon a determination that all or part of the funds transferred from this appropriation are not necessary for the purposes provided herein, such amounts may be transferred back to this appropriation: Provided further, That the transfer authority provided under this heading is in addition to any other transfer authority provided elsewhere in this Act” from Environmental restoration for the Navy account.
- 35. Benishek (R-MI).** The amendment strikes the phrase “that upon a determination that all or part of the funds transferred from this appropriation are not necessary for the purposes provided herein, such amounts may be transferred back to this appropriation: Provided further, That the transfer authority provided under this heading is in addition to any other transfer authority provided elsewhere in this Act” from Environmental restoration for the Army account.
- 36. Benishek (R-MI).** The amendment strikes the phrase “that upon a determination that all or part of the funds transferred from this appropriation are not necessary for the purposes provided herein, such amounts may be transferred back to this appropriation: Provided further, That the transfer authority provided under this heading is in addition to any other transfer authority provided elsewhere in this Act” from Environmental restoration for the Air Force account.
- 37. Clarke (D-MI).** The amendment would require the Secretary of Defense to transfer \$2 billion from the Department of Defense to the Secretary of Homeland Security to increase funding for the Homeland Security Grant Program under section 2004 of the Homeland Security Act.
- 38. Clarke (D-MI).** The amendment would require the Secretary of Defense to transfer \$50 million from the Department of the Army’s contingency Operations and Maintenance account designated to support activities for business and stability operations in Afghanistan, to the Small Business Administration’s Small Business Development Centers program.

The \$33,000,124,000 in total reductions would be placed under the Spending Reduction Account.

- 95. Lee (D-CA).** This amendment would reduce funding available for the Overseas Contingency Operations Transfer Fund (currently set at \$5 billion) by \$5,000,000,000, and would move this amount into the Spending Reduction Account, thereby eliminating all funding for the Overseas Contingency Operations Transfer Fund.
- 96. DeFazio (D-OR)/Garrett (R-NJ).** This amendment would prohibit funding in the bill from enforcing section 376 of the National Defense Authorization Act for FY 2006 (P.L. 109-163). According to the sponsor, current law (Section 376 of the Fiscal Year 2006 National Defense Authorization Act) contains a limitation on financial management improvement and audit initiatives with the Department of Defense.
- 97. Frank (D-MA).** This amendment would reduce the total amount of appropriations in the bill by \$8,500,000,000, but would mandate that the amounts currently designated for Military Personnel (under title I), the Defense Health Program (under title VI), and Overseas Contingency Operations (under title IX) remain unaffected by this amendment.
- 98. Cohen (D-TN).** This amendment would reduce funding available for the Afghanistan Infrastructure Fund (currently set at \$475,000,000) by \$200,000,000 and would place this amount in the Spending Reduction Account.
- 99. Cohen (D-TN).** This amendment would reduce funding in the Afghanistan Security Forces Fund (currently set at \$12.8 billion) by \$4,000,000,000 and would place this amount in the Spending Reduction Account.

- 100. Posey (R-FL).** This amendment would require that after the National Aeronautics and Space Administration has completed the final space shuttle mission, the Secretary of Defense shall:
- “To the maximum extent practicable, use the unique capabilities of the NASA Shuttle Logistics Depot of the National Aeronautics and Space Administration; and
 - “Preserve the unique capabilities and the highly skilled, highly certified workforce of such facility.”

SUMMARY OF POTENTIAL AMENDMENTS NOT PRE-PRINTED IN THE CONGRESSIONAL RECORD

Mulvaney (R-SC). The amendment would reduce total funding in the bill by \$17,192,000,000, not to be derived from amounts of appropriations made available by title IX. According to the sponsor, the amendment would freeze funding for the Department of Defense (i.e. Defense Base Budget) at current levels, consistent with the FY11 Continuing Resolution (P.L. 112-10). This would reduce Base Budget funding in the bill by 3%, and it would not impact funding for the Global War on Terrorism (i.e. Title IX, Overseas Contingency Operations).

Conyers (D-MI)/McClintock (R-CA)/Woosley (D-CA). The amendment prohibits the use of funds to:

- ◆ deploy members of the Armed Forces on to the ground of Libya for the purposes of engaging in military operations;
- ◆ award a contract to a private security contractor to conduct any activity on the ground of Libya; or
- ◆ otherwise establish or maintain any presence of members of the Armed Forces or private security contractors on the ground of Libya.

According to the sponsors, a very similar amendment passed the House of Representatives on May 26, 2011 by a vote of 416-5 as a part of the 2012 National Defense Authorization Act ([Roll Call Vote 366](#)).
