Monroe Plan for Medical Care, the Coalition to Prevent Lead Poisoning, and the Finger Lakes Health Systems Agency present

BLOOD LEAD TESTS

at JORDAN HEALTH LINK

273 Upper Falls Blvd.
Rochester, NY 14605

Lead poisoning is dangerous to children and pregnant women. You may not be able to see the symptoms of lead poisoning. The only way to know if you have been exposed to lead is to get a blood test.

If you have health insurance, please bring your card with you. If you are normally charged a co-pay for blood work, your insurer will bill you for this test. If you don't have health insurance, don't worry—no one will be turned away! *OPEN TO THE PUBLIC!*
