Dear George,

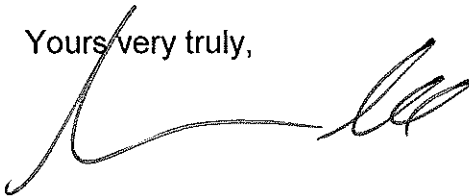

Re: Shipping Solid Waste to Michigan

Further to our discussions regarding waste disposal, I want to confirm that Peel Region stopped shipping its municipal solid waste to Michigan at the end of 2008. Peel began utilizing Ontario Landfill capacity under a 25 year disposal agreement with Waste Management of Canada Corporation.

As you know, Peel Region incinerates approximately 150,000 tonnes per year of its waste at the Algonquin Power energy-from-waste facility located in Peel Region with the balance of its municipal solid waste going to landfill.

Feel free to contact me at 905-791-7800 ext. 4703 if you have further questions in this regard.

Yours very truly,

Norman Lee
Director, Waste Management
