I used the attached notes
to discuss the continuing conflict
~~and~~ between [REDACTED] & NREAP.

I advised Mr Elston of numerous
recent problems and told him I
thought the command was going
to get embarrassed if [REDACTED] kept operating
as he is currently.

Juhari Wooten

1. Solid Shield Meeting 26 Feb 85 - [Chuck McDevitt] LANTDIV
2. Beach Study Meeting no pre arrangement - No body knew what was going on until Ms Eleton informed us about 1/2 way meeting
3. Hazardous Mat Coordinators Meeting 21 March 85 - DOD incompetent
4. KUMS Meeting 19 March / conflict with State discussion on wetlands
Essentially Canceled AC/STraining with not supporting KUMS
5. State Hazardous waste inspection - NREAD not invited last week - NREAD is a player in Hg Mat program - What took place
6. State Hydrologist (Shuer) visit NREAD not invited. 22 March 85 - Topic(?) probably
7. Permits for HBWTP - Get permit for well field expand plant without consensus from State. Contract awarded & State Div of Health wasn't notified.
9. Large Charing
8. Dammy's Situation

Told Dr Schule Base Had \$17,000 ^{from HQMC} to do Archaeological Study
 I asked when \$17,000 came to MCB + [redacted] Said mid January. I left
 the room for a few minutes and when I returned [redacted] called Marko Acocch & Marko told
 \$17,000 had been sent to MCB for Archaeological Re mgmt plan.
 involved in 10 many things - Muddling in NREA business

Balls off
 (3-26-85 1400 hrs)
 Lt Col Cizork called concerning 1200 lb of explosive detonated 5 miles off shore
 during Solid Shield. I advised him he needed to call [redacted] - Lt Col Cizork
 said he had just called [redacted] & was told by [redacted] "I don't handle that
 shit and essentially + off the phone! 0207

I asked Lt Col Ceyrle if he had called Mr Elston and he replied no. I told him he should. Lt Col Ceyrle said he thought he was getting the Fax run around. I told "I was going to call Mr Elston and I would get back with him". I called Mr Elston and informed him of my conversation with Lt Col Ceyrle about explosives and what [redacted] had told Lt Col Ceyrle. I advised Mr Elston Lt Col Ceyrle was looking for help and his inquiry was [redacted] area of responsibility. I told Mr Elston I would try to help Lt Col Ceyrle if he wanted me to get involved. Mr Elston said help the Col if I could. I call Chuck Maguire 564-9612 who is handling the PEA for Solid Shield and he indicated about 6 or 7 laws were involved and he needed details. I called Lt Col Ceyrle and gave Maguire as a POC on the matter.
