MEMO

29 Apr 85

From: Division Facilities Officer

To: PWO (attn: Mrs. Thompson)

Subj: P-302 collateral listing

1. Attach is a listing by item of quantities of PSE which Division actions have estimated they will carry over to the new HQ in '87. I recommend chopping the list in half as the estimates are rough and they may be forcing the next guy to live with some less than conscientious figures. R/S

17th Nov 1944

Dear Mother

I received your letter of the 14th and was glad to hear from you.

I am well at present and hope these few lines will find you the same.

I have not much news to write at present.

I am sure you will be glad to hear from me.

I will write again soon.

Love  
John

John is back in the city.

I am sure you will be glad to hear from me.

I will write again soon.

I am sure you will be glad to hear from me.

I will write again soon.

I am sure you will be glad to hear from me.

Ferebee  
Walters  
& Associates

Gentlemen:

Forwarded herewith are progress prints of Wings 3E North and 2G South which house the Comm Center and G-2 SSCT. Our discussion on the phone today would indicate that there has been a lack of communication with all parties concerned.

NAVELEX@COM

Jeffrey M. Lane, AIA  
Stephen A. McCall, AIA  
J. David Parke, AIA  
Bodil L. Vaupel, AIA

When the Comm Center was moved from the West Wing to the North, we did a preliminary plan to make sure everything functioned as shown on the original BESEP and that we would still have our required mechanical space, proper exiting, etc. This plan was dated 2/22/84 and was approved by the Public Works Dept. at Camp Lejeune on 4/3/84. We were not informed that another BESEP was being done on this space; we were applying the original one, item by item.

Please review the plans and see if there is common ground between your plan, which has not been completed, and our plan on which considerable work has been done.

We would appreciate your comments as soon as your review is complete.

Very truly yours,

FEREBEE, WALTERS & ASSOCIATES

Re: Convert Hospital to Division  
Headquarters  
N62470-B-2243

Dear Ms. Stanley:

We received an advanced copy of the latest Space Utilization Plan on March 27, 1984, and are proceeding with the areas which have been finalized. There are 18 (of the original 35) wings which have changed location (exclusive of the Mess Hall and Kitchen areas), since the 35% submission. Several of these wings are still on hold until we receive space layouts. These include all 4 MAF Wings at 1F North & South, 2F North & South and MAB HQ. at 1G North & South. We received your verbal approval on April 3, 1984 of the Comm. Center preliminary plan which we sent on February 22, 1984. Still pending are approvals of the suggested layouts for 1E and 2E South which were sent on March 30, 1984.

A resolution is requested for the problem at 2G South designated "G-2, SSCT" and requiring mobile partitions. The plan has an 8" masonry partition across the wing and a secure vestibule leading to SSCT and Communications. See Sheet No. A-23 of the 35% submission. This arrangement was questioned in the 35% review since this prohibits the proper use of the south exit. The masonry walls are in conflict with the requirement for mobile partitions. Please advise how this is to be resolved.

We also need a final answer to the question of raised access floors at computers. Will this be required at the Communication Center or any other locations?

Your prompt reply to these items will be appreciated.

Very truly yours,

FEREBEE, WALTERS & ASSOCIATES

Bruce Warner
