Powder River Training Complex • Environmental Impact Statement

## Please Attend!

### Public Hearings for the Powder River Training Complex (PRTC) Draft Environmental Impact Statement (EIS)

The U.S. Air Force has prepared a Draft EIS to analyze potential consequences of the proposed Powder River Training Complex. The public is invited to hearings to review and provide formal comments on the Draft EIS.

The proposal consists of:

- Establishing new and modifying existing training airspace.
- Defensive training with chaff and flare countermeasures in the new and modified airspace.
- Providing for quarterly Large Force Exercises (LFE) in the new and modified airspace.
- Authorizing supersonic flight for B-1s above 20,000 feet mean sea level (MSL) to be scheduled only during the expected 10 days per year of LFEs.
- Authorizing other military units with fighters to conduct supersonic flight above 10,000 feet above ground level (AGL) to be scheduled only during the expected 10 days per year of LFEs.

*Your involvement and input are essential to the environmental process!*
