No such application may be approved unless it contains assurances that the applicant will use the funds provided only for the purposes specified in the approved application and will establish such fiscal control and fund accounting procedures as may be necessary to assure proper disbursement and accounting of Federal funds paid to the applicant under this title.

(b)(1)(A) Of the amounts appropriated under section 501(a) for a fiscal year in excess of \$600,000,000 the Secretary shall retain an amount equal to 12³/₄ percent thereof for the projects described in subparagraphs (A) through (F) of section 501(a)(3).

(2) To the extent that all the funds appropriated under this title for a fiscal year are not otherwise allotted to States because some State allotments are offset under section 506(b)(2), such excess shall be allotted among the remaining States in proportion to the amount otherwise allotted to such States for the fiscal year without regard to this paragraph.

The amount by which any payment is so reduced shall be available for payment by the Secretary of the costs incurred in furnishing the supplies or equipment or in

The Secretary may waive the limitation contained in paragraph (3) upon the request of a State if the Secretary finds that there are extraordinary circumstances to justify the waiver and that granting the waiver will assist in carrying out this title.

(c) A State may use a portion of the amounts described in subsection (a) for the purpose of purchasing technical assistance from public or private entities if the State determines that such assistance is required in developing, implementing, and administering programs funded under this title.
