**Amendments to H.R. 1734 – Civilian Property Realignment Act**

---

**Amendments:**

1. Representative Connolly (D-VA) [Amendment](#) #1

**Summary:**

This amendment would allow the Administrator of General Services to determine which property is suitable as open space to be assigned to the Secretary of the Interior as a public park or for other recreation purposes. Once the Administrator has determined the property as suitable, he/she may exclude such property from being sold. This legislation is designed for the Commission to determine the best possible use of federal property, which may be, according to the sponsor, to not sell it on the market but instead to keep it as public space.
