Hi Betsaida, I just tracked down the information. Yes, we can confirm that EQB's Pres. Pedro Nieves had a DC meeting today with OW's Nancy Stoner, Region 2 Staff, et al. on the subject of the Via Verde pipeline proposal. There was a good exchange of information.

Our staffer is in DC, so my details are few. Via Verde is high profile. Shall I call the reporter or do you want to respond?

I know. Via verde is a long term story, probably best to pace ourselves.

In spite of my saying to use the background if reporters had questions, this went out as one document. Ah well!
