Jose,

Shouldn't the letter be addressed to Mr. Rosado, Deputy District Engineer?

Hola Jose,

Attached please find the draft Via Verde letter with my comments. As you will see, I propose shortening the alternatives analysis paragraph since it is not an issue anymore and just one of the alternatives was being discussed. I propose leaving the more detailed discussion for the issues that we are still concerned about (mitigation, ROW). However, if you feel strongly that the alternatives discussion should be in the letter, I'll go along with your recommendation.

The other modifications I made are really minor. Feel free to make additional modifications as you see fit.

Thanks,

Tere

Esta persona fue referida a mi por el Cuerpo de Ingenieros. Dado que ademas de hablar de Via Verde, dice que quiere establecer contactos con la agencia, entiendo que Carl o Jose Font deberian estar presentes en la reunion, Dejenme saber sobre su disponibilidad para coordinar.

Gracias!

Saludos José,

Como conversamos en la llamada me gustaría reunirnos para establecer enlaces y contactos entre nuestras agencias y discutir información relacionada al la iniciativa Proyecto Vía Verde de la Autoridad de Energía Eléctrica de Puerto Rico. Aunque no es urgente nos gustaría que fuese dentro de una o dos semanas. En sus facilidades o las nuestras en la avenida Chardón podemos hacer arreglos.

Gracias de nuevo,

Santos
