Gracias EPA! 'Vía Verde' es un proyecto con agendas oscuras, el amigo del gobernador de Puerto Rico Luis Fo tiene un contrato millonario en este proyecto. Este proyecto es corrupto y ...el gobierno de turno busca pagar electoral. Aunque hay que buscar alternativas de energía sin contar con el petroleo, la cicatriz que este gasod a que investiguen... Gracias!!

Draft reply:

EPA is aware of the high degree of interest generated by Via Verde. EPA will carefully consider all the information provided by people and the government of Puerto Rico during our review of the potential environmental impacts of the proposed project.
