Project Number 72932
Installation and State USSOUTHCOM, FL
Request in Thousands 19,500
Benefit to Taxpayer Supports National Defense requirements by providing military infrastructure.

Project Description A Commissary is needed in South Florida to support the large and growing military population. There is no other commissary to support South Florida's 3,515 active duty

Project Name Deployment Processing Facility
Service Component Name MS Army NG
Project Number 280387
Installation and State Camp Shelby, MS
Request in Thousands 13,400
Benefit to Taxpayer Supports National Defense requirements by providing military infrastructure.

Project Description To construct a facility to better facilitate deployment process for the increased number of Guard deployees.

Project Name Operations Readiness Training Complex (ORTC) Phase 1
Service Component Name MS Army NG
Project Number 280315
Installation and State Camp Shelby, MS
Request in Thousands 25,000
Benefit to Taxpayer Supports National Defense requirements by providing military infrastructure.

Project Description Current Training Complex is too small for Battalion sized training requirements. Would construct facilities for billeting and command and control for Battalion sized mobilization training needs.

Project Name Readiness Center
Service Component Name MS Army NG
Project Number 280272
Installation and State Camp Shelby, MS
Request in Thousands 4,500
Benefit to Taxpayer Supports National Defense requirements by providing military infrastructure.

Project Description Constructing new readiness center to provide adequate infrastructure to support this facility and mission.

Project Name Simulation Center
Service Component Name MS Army NG
Project Number 280230
Installation and State Camp Shelby, MS
Request in Thousands 16,985
Benefit to Taxpayer Supports National Defense requirements by providing military infrastructure.

Project Description To construct a training simulation facility at Camp Shelby.

Project Name Branch Health Clinic (Line)
Service Component Name Navy
Project Number P221
Installation and State CB CEN Gulfport, MS
Request in Thousands 11,016
Benefit to Taxpayer Supports National Defense requirements by providing military infrastructure.

Project Description Provide adequate space for primary medical and dental care to active duty of the Line Battalions of NCBC Gulfport. Present Facilities provide substandard space inadequate to support the present mission and active duty Naval personnel.

Project Name Galley Replacement
Service Component Name Navy
Project Number P317
Installation and State NAS Meridian MS
Request in Thousands 9,321
Benefit to Taxpayer Supports National Defense requirements by providing military infrastructure.

Project Description Would replace present galley which has mold problems and HVAC failure causing health risks. Building is oversized for present population causing a budget and upkeep burden and Force protection standards are not currently met.

Project Name NMCB 11 Headquarters Building
Service Component Name Navy
Project Number P209
Installation and State CB CEN Gulfport, MS
Request in Thousands 8,649
Benefit to Taxpayer Supports National Defense requirements by providing military infrastructure.

Project Description To provide a modern efficient headquarters facility for Naval Mobile Construction Battalion 11 (NMCB 11) which began moving to CBC Gulfport in March 2007.
