Congresswoman Terri A. Sewell Announces Small Socially Disadvantaged Producer Grant Awarded to the Alabama State Association of Cooperatives

WASHINGTON, DC –Today, Congresswoman Terri Sewell (D-AL) announced that the U.S. Department of Agriculture is awarding \$200,000 in grant funding to the Alabama State Association of Cooperatives. The funding will be used to expand support to cooperatives in the Black Belt and is part of the Small Socially Disadvantaged Producer Grant (SSDPG) program.

“I am pleased that the Alabama State Association of Cooperatives will receive this funding to continue its initiatives to create new opportunities for disadvantaged farmers in Alabama’s Black Belt Region,” said Rep. Sewell. “The funding will also allow the association to provide continuous support to the farming industry by serving as a means of sustainability and survival for many communities in the Black Belt.

John Zippert of the Alabama State Association of Cooperatives expressed his appreciation for the funding and highlighted the economic impact of assisting socially disadvantaged producers.

“We will work to improve marketing and business practices for participants so we can raise the income of these producers,” Zippert said. “We welcome the producers in the 7th Congressional District to contact us for assistance because the goal is to help as many people as possible.”

Cooperatives that will benefit include:

Greene-Sumter Farmer’s Market

Southeast Goat Producers

St. John’s Farmer’s Market

Marengo County Farmers Co-op

Black Belt Fruit and Vegetable Marketing and Innovation Center (scheduled to open in 2015)

Farmers interested in the program should contact John Zippert at jzippert@aol.com or by calling 205-652-9676

CONGRESSWOMAN SEWELL VOTES IN SUPPORT OF FUNDING BILL THAT AUTHORIZES ARMING OF SYRIAN OPPOSITION TO CONFRONT THE GROWING THREAT OF ISIS

Washington, DC - Congresswoman Terri A. Sewell (D-AL) issued the following statement after voting in support of H.J. Res 124 – Continuing Appropriations Resolution, 2015, a funding package which includes an amendment to give President Obama the authority to arm, equip, and train the Syrian opposition in combating the growing threat of ISIS. The resolution passed in the House with a vote of 319-108 and has been sent to the Senate for final approval.

“Today, I voted in favor of the Continuing Appropriations Resolution 2015, because it ensures that hard-working Americans and their families can continue to have access to the government programs and services they and their families depend upon. In addition to funding government operations through December 11, 2014, this bill includes additional funding to address the Ebola virus outbreak in West Africa, the U.S. border agencies efforts to control the influx of child migrants, and the extension of the Export-Import Bank. I am glad that a bipartisan agreement was reached today to address these three urgent issues and avoid the needless uncertainty and economic harm caused by a government shutdown.

I support the President’s request to train and equip moderate Syrians outside of Syria pursuant to a strategy to degrade and destroy ISIS. The depravity of ISIS’s actions demands strategic action from the United States and our international partners. This is why I supported the bipartisan McKeon Amendment to the Continuing Resolution that provides Title 10 authorization for the Pentagon to arm, train and equip appropriately vetted members of the Syrian opposition to combat both ISIS and the Syrian President Bashar Assad. To achieve a lasting solution, I believe that Syrians should be on the front lines defending their own people against the aggression of ISIS and the oppression of the Assad regime. ISIS poses a serious threat to our national security and to

CONGRESSWOMAN SEWELL CALLS FOR RESIGNATION OF U.S. DISTRICT JUDGE MARK FULLER

Washington, DC – Today, Congresswoman Terri A. Sewell (AL-07) elaborated upon her call for the resignation of U.S. District Judge Mark Fuller in response to his recent arrest for battery after an altercation with his wife. Congresswoman Sewell first stated her position in a September 10th posting on social media and today released the following additional statement:

“All acts of domestic violence are unacceptable and should not be tolerated. No one committing such abusive acts should get a pass. This is especially true for those charged with upholding and enforcing the law. Judge Fuller has violated the public trust and should resign. As a federal judge, Judge Fuller holds a position of high authority and should be held to a higher standard of behavior. His actions are currently under review by a judicial council that will make a determination of misconduct and recommend disciplinary action that can include suspension of cases, requesting that a judge retire or public reprimand. Ultimately, the Constitution gives Congress the authority to impeach members of the judiciary branch for misconduct. I will not hesitate in joining my colleagues to institute such proceedings if warranted.

While it is important to allow the disciplinary process to play out, I believe the integrity of the court has already been compromised by Judge Fuller’s actions and subsequent arrest. I, therefore, join my constituents in calling for the immediate resignation of Federal Judge Mark Fuller. If an NFL player can lose his job because of domestic violence then a federal judge should definitely not be allowed to keep his life-time appointment to the federal bench. It is my hope that Judge Fuller would spare us the expense and further public humiliation by doing the right thing and resigning.”

USDA SEEKS APPLICATIONS FOR GRANTS TO INCREASE ECONOMIC OPPORTUNITY AND IMPROVE THE QUALITY OF LIFE IN RURAL AREAS

Washington, DC - Agriculture Secretary Tom Vilsack today announced that USDA is seeking applications for grants that will be awarded to organizations to provide critical financial and technical assistance to recipients to develop and strengthen their capacity to carry out housing, community facilities and community and economic development projects.

"Many rural nonprofits often need capital and technical assistance to carry out their missions," Vilsack said. "These grants will provide both of these components through local and regional organizations that are experts at delivering such services."

USDA is making nearly \$6 million available to qualified organizations under the Rural Community Development Initiative (RCDI).

Recipients must be non-profit organizations, low-income rural communities, or federally recognized tribes. Intermediary organizations are required to provide matching funds at least equal to the RCDI grant. The grants do not go directly to business recipients but rather through qualified intermediaries.

The deadline for submitting RCDI applications is November 12, 2014. Applications must be submitted to the USDA Rural Development state office where the applicant's headquarters are located. More information about the program and how to apply is available on page 47427 of the August 13, 2014 Federal Register.

Here is an example of how the RCDI program is helping rural communities. The Western Maine Community Action Program (WMCAP) has received several RCDI grants in recent years to help low-and very-low-income seniors maintain their independence and remain in their homes through the Keeping Seniors Home Program. Started in 2004, this program has served nearly 3,000 low-income senior homeowners in Maine. WMCAP is also working on a regional job creation plan to train energy auditors, private contractors, and other community partners to provide additional support services to Maine's elderly rural citizens.

President Obama's historic investments in rural America have made our rural communities stronger. Under his leadership, these investments in housing, community facilities, businesses and infrastructure have empowered rural America to continue leading the way – strengthening America's economy, small towns and rural communities.

Promise Zone Initiative

HUD is pleased to announce the application for the second round of Promise Zone Initiative designations. The Promise Zone Initiative is part of President Obama's plan to revitalize high-poverty urban, rural and tribal communities. Promise Zones is a locally driven strategy that can create jobs, increase economic activity, expand education opportunities, reduce serious and violent crime, leverage private capital and assist local leaders in navigating federal programs and cutting through red tape.

All communities will be eligible for a Promise Zone designation. HUD will designate six urban Promise Zones and USDA will designate at least one rural and one tribal community. **Applications are due by November 21, 2014 by 5:00pm EST** with announcements expected in 2015.

HUD in close collaboration with USDA will convene three distinct webcasts for urban, rural, and tribal to discuss the second round of the Promise Zone Initiative with interested communities. Please share these webcasts with your constituents.

- Tribal Webcast September 29th 1:00pm – 2:00pm
- Rural Webcast September 29th 3:00pm – 4:00pm
- Urban Webcast October 1, 2014 3:00pm – 4:00pm

ATTENTION VETERANS:

FACT SHEET: Veterans Employment Center

The online Veterans Employment Center is the single federal source for Veterans looking for new career opportunities in the private and public sectors, as well as Service Members transitioning to the civilian workforce, military and Veteran spouses and dependents looking for employment opportunities, GI Bill beneficiaries transitioning from training to the job market and employers looking to connect with high quality applicants. It is the first interagency tool that brings together public and private job opportunities with resume building and other career tools currently offered on a variety of websites together in one place.

Through the online Veterans Employment Center, Veterans, transitioning Service Members and spouses are connected to high quality career choices by matching their identified skills with available public and private job opportunities. The site is built using an open application programming interface (API) to attract private sector innovation.

Veteran Applicant Resources:

- Quick public resume posting with an instant connection to thousands of public and private employers
- Target job search based on specific, high-demand career paths
- Single search for both public and private sector positions
- Military skills translator and resume generator
- Social media integration with popular bookmarking sites for saving job postings

Employer Resources:

- Access targeted feed of qualified resumes from Veteran applicants
- View reverse skills translation (military to civilian skills) for applicants
- Set Veterans hiring goals and track progress
- Connect to resources designed to help recruit and retain talented, Veteran employees

In connection with the First Lady and Dr. Biden's Joining Forces initiative, the Department of Veterans Affairs worked with the Departments of Defense, Labor, and Education, and the Office of Personnel Management to design and develop the site and incorporate features of existing online employment tools at each agency. The result is an upgrade to the existing Veterans Job Bank and an integrated solution connecting Veterans, transitioning Service Members and employers.

Employers, Veterans and transitioning Service Members deserve a single, authoritative source for connecting to each other. Now that the core tools and an integrated search function exist in one single location, each agency is engaged in minimizing duplication and redundancy of current sites and services.
