

UNDER SECRETARY OF DEFENSE

1100 DEFENSE PENTAGON
WASHINGTON, DC 20301-1100

COMPTROLLER

The Honorable Howard P. "Buck" McKeon
Chairman
Committee on Armed Services
U. S. House of Representatives
Washington, DC 20515

MAY 27 2011

Dear Mr. Chairman:

The American Recovery and Reinvestment Act of 2009, Public Law 111-5 (Recovery Act), was designed to stimulate economic growth by creating millions of jobs through investments in infrastructure improvements and expanding energy research in an effort to lead the way toward energy independence for our country. On March 20 and April 28, 2009, the Department submitted its initial plans to implement the Recovery Act, identifying specific military construction and facility sustainment, restoration, and modernization (FSRM) projects that improve facilities and energy efficiency.

Subsequently, the Department provided FSRM Recovery Act plan updates to identify significant changes that occurred during implementation. This letter provides a close-out executive summary, state summary, and a detailed list of projects and obligations as of September 30, 2010, when FSRM program funds expired (enclosures 1 through 3). The following final program changes occurred since the last plan update submitted August 10, 2010:

- 17 new projects added (enclosure 4)
 - Six Army projects at Aberdeen Proving Grounds, MD;
 - Seven Navy energy-related projects added at seven installations;
 - Four Air Force family housing projects at Edwards Air Force Base, CA; and
- 191 projects at various locations canceled or transferred to base FSRM Operation and Maintenance accounts, primarily due to the \$260.5 million rescission enacted in Public Law 111-226 (enclosure 5).

The Department appreciates the continued support of the Congress. Similar letters have been sent to the Chairmen of the other congressional defense committees.

Sincerely,

A handwritten signature in cursive script that reads "Robert F. Hale".

Robert F. Hale
