Re: American Health Care Improvement Act Of 2013

Dear Representative Roe,

The 16,000-member Christian Medical Association (CMA) applauds several of the key principles in the American Health Care Improvement Act Of 2013.

Specifically, CMA commends the efforts to:

- increase access to portable, affordable health insurance;
- ensure coverage for individuals with preexisting conditions and multiple health care needs through high risk pools;
- protect the doctor-patient relationship;
- enhance health savings accounts; and
- prohibit abortion mandates.

Thank you for your efforts to provide for these important principles in law.

Sincerely,

David Stevens, MD, MA (Ethics)
Chief Executive Officer
