Funding Future Opportunities & Outcomes in the United States

America's FOCUS Act will impact the lives of **124 Million Americans** through investments in our youth, our health, our communities, and ensuring U.S. global competitiveness and leadership at no cost to the taxpayer.

HOW IS THIS FUNDED?

Each year the U.S. generates **billions of dollars** in **corporate fines, penalties, and settlements.**

WHY DOES IT MATTER?

14.6 Million young people of all socioeconomic backgrounds are in need of a mentor.

Investing in mentoring and STEM education ensures that our youth receive the skills and development they need to compete on a global level.

33%
INVESTED IN:
Youth Mentoring & STEM Education

107 Million U.S. adults report having at least one of six chronic diseases.

Meaningful investments in medical research and innovation guarantees that our citizens live longer, healthier, and more productive lives.
