The Honorable
United States House of Representatives
Washington, D.C. 20515

Dear Representative,

On behalf of our 500,000 members nationwide, Concerned Women for America Legislative Action Committee (CWALAC) wishes to express our support for Chairman Paul Ryan's (R-Wisconsin) and the Republican Study Committee's (RSC) budget resolutions. These budget resolutions for FY2014 provide crucial steps to balancing the budget and straightening our nation's fiscal house.

American families must live within their means every day. Like any cash-strapped family, our government must work within a budget to invest in what it needs and sacrifice what it does not. The Ryan and RSC budget proposals cut our out-of-control spending and reform entitlements to ensure that America is on a long-term track towards economic health. More importantly, these budgets both have a path forward to balance and they both defund ObamaCare before it becomes another entitlement.

In addition, these budgets are not balanced on the backs of the American people. Both the Ryan and RSC budgets pay down our debt without increasing taxes, yet they both are able to maintain revenue, eliminate waste and ensure our national security.

Finally, CWALAC appreciates the inclusion of the statement in the RSC budget that no taxpayer money may go to any entity that provides abortion services.

CWALAC respectfully urges you to support Rep. Ryan's and the Republican Study Committee's budget proposals and will reserve the right to score in favor of these votes.

Sincerely,

Penny Nance
Chief Executive Officer
