

CONGRESSMAN DAN LIPINSKI

FIGHTING FOR SENIORS

Dear Neighbor,

Your hard work and sacrifices made our nation great, but today America is struggling. As your representative, I am focused on getting us back on track by improving our communities and promoting job creation while keeping our commitments to those who built our nation.

I opposed the health care law and its cuts to Medicare, and I continue to work to make sure you don't lose access to your doctor through further cuts to Medicare.

I am also fighting to protect Social Security for today's seniors and strengthen it for future retirees. Some in Washington want to institute "chained CPI" which will lower yearly Social Security benefit increases which are already below cost increases faced by seniors. So I helped introduce bipartisan legislation to create a new CPI to accurately measure annual rises in the cost of living for seniors.

You understand that the only way to get anything done is by working together. I am committed to being a leader who brings people together to address important issues in a bipartisan manner.

I hope to see you at one of my upcoming Senior Fairs. If you cannot attend any of these, please do not hesitate to stop by one of my offices or call 312-886-0481. You can also visit my website at lipinski.house.gov. It is an honor and privilege to represent you.

Sincerely,

Dan Lipinski
