

U.S. Congressman Mike McIntyre's

Jobs First! Jobs for US!

Plan of Action

Critical Steps That Will Create Jobs for Southeastern North Carolina

Help Small Business

- Improve access to capital
- Reduce regulation

Speed Up!

- Speed up permitting times for construction projects so bridges, roads, and other infrastructure can get going;
- Increase high-speed Internet to build opportunities for business and education
- Invest in water and wastewater projects

Retrain

- Work with companies and community colleges to make sure career training is matched with what is needed in the business world
- Get our manufacturing base back to work – “Make it in America”

Reduce & Reform Taxes

- Simplify the tax code to lower taxes for businesses and individuals
- Close corporate loopholes that ship jobs overseas

Create Jobs of Tomorrow

- Ensure we are graduating students focused on math and science related fields
- Invest in the fields of bio-fuels, marine biotechnology, and green industry
- Invest in North Carolina's coast to boost travel and tourism
