Dear Chairman Price and Ranking Member Rodgers:

I am requesting funding for the Philadelphia Infrastructure Monitoring Program in fiscal year 2009. The entity to receive funding for this project is the City of Philadelphia under the National Protection and Programs (NPPD) – Infrastructure Protection and Information Security account. The program falls under the City of Philadelphia, Office of the Mayor, located in city Hall, Room 203, Philadelphia, Pennsylvania, 19107. The funding would be used for a fully integrated city-wide camera program that would allow multi-jurisdictional (local, state, and federal) monitoring. Placement of these cameras includes historic sites, transportation hubs, school, and other private sector infrastructure such as shopping centers. Interest in these cameras is obviously for crime fighting purposes, however the overall plan – is to integrate these cameras, with other camera systems in the city: including the FBI shotspotter pilot program, the Philadelphia Housing Authority (PHA) camera, Southeastern Pennsylvania Transportation Authority (SEPTA) cameras, and of course the Treasury and National Parks cameras around Independence Hall and the Liberty Bell. This integrated system would provide camera surveillance from the protection of all infrastructures as well as allow anti-terrorism city-wide surveillance and anti-crime city-wide surveillance to all crime fighting agencies participating in the Fusion center. This system would also include some private sector cameras – such as those on our Cities oil refineries.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey & Ranking Member Lewis:

I am requesting funding for the Center for Domestic Preparedness in fiscal year 2009. The entity to receive funding for this project is the Center for Domestic Preparedness, located at 61 Responder Dr., Anniston, AL 36205. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting \$12 million in FY09 Science & Technology funding from the Department of Homeland Security (DHS) Appropriations Bill for the Critical Infrastructure Decision-making Exercises (DECIDE) project.

The entity to receive the funding is the DHS, which in turn works with the Cyber Conflict Research Consortium (CCRC) on this project. The CCRC is an affiliation of academic institutions, including Miami University, Norwich University Applied Research Institutes, Potomac Institute for Policy Studies, University of Nevada Reno, and Utah State University Spaced Research Foundation. The consortium is headed-up by Norwich University Applied Research Institutes located at 57 Old Freight Yard, P.O. Box 30, Northfield, Vermont 05663-0030. The funding would be used to continue work begun with DHS in FY08 on DECIDE technology, including development of core software components, and prototype demonstration to various federal and corporate financial institutions concerned about the growing dangers of cyber attacks on financial data bases.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds. I certify that neither I, nor my spouse, have any financial interest in this important request.

Sincerely,
