SALARIES AND EXPENSES

For necessary expenses of the National Transportation Safety Board, including hire of passenger motor vehicles and aircraft; services as authorized by 5 U.S.C. 3109, but at rates for individuals not to exceed the per diem rate equivalent to the rate for a GS–15; uniforms, or allowances therefor, as authorized by law (5 U.S.C. 5901–5902) \$84,499,000, of which \$74,063 is available for payments to remedy the violation of the Anti-deficiency Act reported by the National Transportation Safety Board on September 26, 2007, and not to exceed \$2,000 may be used for official reception and representation expenses. The amounts made available to the National Transportation Safety Board in this Act include amounts necessary to make lease payments due in fiscal year 2008 only, on an obligation incurred in fiscal year 2001 for a capital lease.

NEIGHBORHOOD REINVESTMENT CORPORATION

PAYMENT TO THE NEIGHBORHOOD REINVESTMENT CORPORATION

For payment to the Neighborhood Reinvestment Corporation for use in neighborhood reinvestment activities, as authorized by the

Neighborhood Reinvestment Corporation Act (42 U.S.C. 8101–8107), \$119,800,000, of which \$5,000,000 shall be for a multi-family rental housing program.

For an additional amount, \$180,000,000 shall be made available until expended to the Neighborhood Reinvestment Corporation for mortgage foreclosure mitigation activities, under the following terms and conditions:

(1) The Neighborhood Reinvestment Corporation (“NRC”), shall make grants to counseling intermediaries approved by the Department of Housing and Urban Development (HUD) or the NRC (with match to be determined by the NRC based on affordability and the economic conditions of an area; a match also may be waived by the NRC based on the aforementioned conditions) to provide mortgage foreclosure mitigation assistance primarily to States and areas with high rates of defaults and foreclosures primarily in the sub prime housing market to help eliminate the default and foreclosure of mortgages of owner-occupied single-family homes that are at risk of such foreclosure. Other than areas with high rates of defaults and foreclosures, grants may also be provided to approved counseling intermediaries based on a geographic analysis of the Nation by the NRC which determines where there is a prevalence of sub prime mortgages that are risky and likely to fail, including any trends for mortgages that are likely to default and face foreclosure. A State Housing Finance Agency may also be eligible where the State Housing Finance Agency meets all the requirements under this paragraph. A HUD- or NRC-approved counseling intermediary shall meet certain mortgage foreclosure mitigation assistance counseling requirements, as determined by the NRC, and shall be approved by HUD or the NRC as meeting these requirements.

(2) Mortgage foreclosure mitigation assistance shall only be made available to homeowners of owner-occupied homes with mortgages in default or in danger of default. These mortgages shall likely be subject to a foreclosure action and homeowners will be provided such assistance that shall consist of activities that are likely to prevent foreclosures and result in the long-term affordability of the mortgage retained pursuant to such activity or another positive outcome for the homeowner. No funds made available under this paragraph may be provided directly to lenders or homeowners to discharge outstanding mortgage balances or for any other direct debt reduction payments.

(3) The use of Mortgage Foreclosure Mitigation Assistance by approved counseling intermediaries and State Housing Finance Agencies shall involve a reasonable analysis of the borrower’s financial situation, an evaluation of the current value of the property that is subject to the mortgage, counseling regarding the assumption of the mortgage by another non-Federal party, counseling regarding the possible purchase of the mortgage by a non-Federal third party, counseling and advice of all likely restructuring and refinancing strategies or the approval of a work-out strategy by all interested parties.

(4) NRC shall award \$50,000,000 in mortgage foreclosure mitigation grants for States and areas with the greatest needs within 60 days of enactment. Additional funds may be awarded once the NRC certifies that HUD- or NRC-approved counseling intermediaries and State Housing Finance Agencies have the need for additional funds in States and areas with high rates of mortgage foreclosures, defaults, or related activities and the expertise to use these funds effectively. The NRC may provide up to 15 percent of the total funds under this paragraph to its own charter members with expertise in foreclosure prevention counseling, subject to a certification by the NRC that the procedures for selection do not consist of any procedures or activities that could be construed as an unacceptable conflict of interest or have the appearance of impropriety.

(5) NRC- or HUD-approved counseling entities and State Housing Finance Agencies receiving funds under this paragraph shall have demonstrated experience in successfully working with financial institutions as well as borrowers facing default, delinquency and foreclosure as well as documented counseling capacity, outreach capacity, past successful performance and positive outcomes with documented counseling plans (including post mortgage foreclosure mitigation counseling), loan workout agreements and loan modification agreements.

(6) Of the total amount made available under this paragraph, up to \$5,000,000 may be made available to build the mortgage foreclosure and default mitigation counseling capacity of counseling intermediaries through NRC training courses with HUD- or NRC-approved counseling intermediaries and their partners, except that private financial institutions that participate in NRC training shall pay market rates for such training.

(7) Of the total amount made available under this paragraph, up to 4 percent may be used for associated administrative expenses for the NRC to carry out activities provided under this section.

(8) Mortgage foreclosure mitigation assistance may include a budget for outreach and advertising, as determined by the NRC.

(9) The NRC shall report bi-annually to the House and Senate Committees on Appropriations as well as the Senate Banking Committee and House Financial Services Committee on its efforts to mitigate mortgage default. Such reports shall identify successful strategies and methods for preserving homeownership and the long-term affordability of at-risk mortgages and shall include recommended efforts that will or likely can assist in the success of this program as well as an analysis of any policy and procedures that failed to result in successful mortgage foreclosure mitigation. The report shall include an analysis of the details and use of any post mitigation counseling of assisted borrowers designed to ensure the continued long-term affordability of the mortgages which were the subject of the mortgage foreclosure mitigation assistance.

[CLERK'S NOTE: Reproduced below is the material relating to division K contained in the "Explanatory Statement Submitted by Mr. Obey, Chairman of the House Committee on Appropriations, Regarding the Consolidated Appropriations Amendment of the House of Representatives to the Senate Amendment to H.R. 2764".¹

The amendment discussed in the Explanatory Statement was agreed to without change by both the House of Representatives and the Senate. Therefore, the "amended bill" referred to in the Statement is the same as the legislation that has been signed into law.

Section 4 of the Consolidated Appropriations Act provides that this Explanatory Statement 'shall have the same effect with respect to the allocation of funds and implementation of divisions A through K of this Act as if it were a joint explanatory statement of a committee of conference'.]

EXPLANATORY STATEMENT, DIVISION K

DIVISION K—TRANSPORTATION, HOUSING AND URBAN DEVELOPMENT, AND RELATED AGENCIES APPROPRIATIONS ACT, 2008

Following is an explanation of the effects of this division of the House amendment to the Senate amendment to H.R. 2764 (hereafter referred to as "the amended bill") relative to the versions of the Transportation, Housing and Urban Development, and Related Agencies Act, 2008 (H.R. 3074) passed by the House of Representatives and the Senate.

The language and allocations set forth in the House and Senate reports (H. Rept. 110–238 and S. Rept. 110–131) should be complied with unless specifically addressed to the contrary in the amended bill or this explanatory statement. This explanatory statement, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases where the House or the Senate has directed the submission of a report, such report is to be submitted to both House and Senate Committees on Appropriations.

TITLE I—DEPARTMENT OF TRANSPORTATION

OFFICE OF THE SECRETARY

SALARIES AND EXPENSES

The amended bill provides \$91,782,000 for the salaries and expenses of the office of the secretary instead of \$90,678,000 as pro-

¹This Explanatory Statement was submitted for printing in the *Congressional Record* on December 17, 2007, prior to House consideration of the Consolidated Appropriations amendment and as directed by the House of Representatives in section 3 of H. Res. 869. The Statement appears in books II and III of the December 17 Congressional Record, with the division J portion beginning on page H16458 of book III.

posed by the House and \$95,197,000 as proposed by the Senate. As proposed by both the House and the Senate, bill language is included that specifies funding by office. The amended bill is as follows:

Immediate office of the Secretary	\$2,310,000
Immediate office of the Deputy Secretary	730,000
Office of the General Counsel	18,720,000
Office of the Under Secretary for Transportation Policy	9,874,000
Office of the Assistant Secretary for Budget and Programs	9,417,000
Office of the Assistant Secretary for Governmental Affairs	2,383,000
Office of the Assistant Secretary for Administration	23,750,000
Office of Public Affairs	1,986,000
Office of the Executive Secretariat	1,516,000
Office of Small and Disadvantaged Business Utilization	1,335,000
Office of Intelligence, Security and Emergency Response	7,874,000
Office of the Chief Information Officer	11,887,000

The amended bill retains provisions proposed by both the House and the Senate limiting transfers among each office to no more than 5 percent and requiring that any transfer greater than 5 percent must be submitted for approval to the House and Senate Committees on Appropriations. Bill language is also included which allows the Department to spend up to \$60,000 within the funds provided for official reception and representation expenses.

The amended bill retains bill language proposed by the House and Senate prohibiting funds from being used for the position of Assistant Secretary for Public Affairs. The amended bill also retains bill language proposed by both the House and the Senate that allows up to \$2,500,000 in user fees to be credited to salaries and expenses.

Within the amounts provided to the office of the general counsel, an additional \$2,500,000 is provided to increase enforcement activities to better protect air travel consumers as proposed by the Senate.

The Appropriations Committees direct the Department to notify the House and Senate Committees on Appropriations no less than three full business days before any grant totaling \$500,000 is announced and further clarify that such notifications shall be based on the grant's full-year funding level, not just the incremental amount being released. In addition, the Appropriations Committees direct the Department to provide three day notice to the Appropriations Committees regarding grants from the Federal Highway Administration's Emergency Relief program, with the exception that notification of "quick releases" from that program can be made concurrently with the grant announcement.

The Appropriations Committees direct the Secretary to submit an operating plan for fiscal year 2008 for the entire Department as described in the House report for approval by the House and Senate Committees on Appropriations within 60 days of enactment of this Act.

Further, the Assistant Secretary for Budget and Programs shall submit a report to both the House and Senate Committees on Appropriations at the beginning of each fiscal quarter on the status of all outstanding reports and reporting requirements, including the deadlines established by Congress for each report and an estimated date for delivery, as directed by the Senate. The Assistant Secretary for Budget and Programs is also directed to submit a

quarterly report detailing all funding transfers made between offices within the office of the secretary (OST) pursuant to transfer authority in OST salaries and expenses.

The Appropriations Committees direct the office of the under secretary of transportation for policy to conduct a study of the use of non-hazardous recycled aggregates and other materials in highway projects as proposed by the Senate and to provide a report to the House and Senate Committees on Appropriations by April 1, 2008.

The Appropriations Committees delete language proposed by the House regarding the Department of Defense schools and FAA employees in Puerto Rico and Guam.

Small community air service development program.—The Appropriations Committees strongly disagree with the Department’s plan to transfer the administration of the small community air service development program from the OST policy office to the Federal Aviation Administration. In the aftermath of the tragic ValuJet crash on May 11, 1996, the Congress eliminated the FAA’s dual mission of safety and promotion and established safety as the agency’s singular mission through the enactment of section 401 of the Federal Aviation Authorization Act of 1996 (Public Law 104–264). The Appropriations Committees agree that it is inappropriate for the FAA, which is charged with the safety and regulatory oversight of our nation’s airports and aviation system, to administer a marketing program designed to attract commercial air service at small airports. The Appropriations Committees direct the Secretary to retain this program within the policy office where it currently resides.

OFFICE OF CIVIL RIGHTS

The amended bill provides \$9,140,900 for the office of civil rights as proposed by both the House and the Senate.

TRANSPORTATION PLANNING, RESEARCH AND DEVELOPMENT

The amended bill provides \$13,883,900 for transportation planning, research and development instead of \$8,515,000 as proposed by the House and \$14,115,000 as proposed by the Senate. Adjustments to the budget request are as follows:

Ballast water research, UW-Superior, WI	\$980,000
Great Lakes maritime research institute, WI	980,000
Inland Pacific Hub Analysis Project, WA	245,000
National center for manufacturing sciences (NCMS), MI	735,000
SR-520 innovative water quality protection project, WA	343,000
Transportation and public safety traffic information exchange pilot project, DE	328,300
UVM advanced ground penetrating radar systems, VT	656,600
Virtual accident and injury reconstruction center, Mississippi State University, MS	980,000
Washington State University freight transportation policy institute, WA	441,000

WORKING CAPITAL FUND

The amended bill includes a limitation of \$128,094,000 for working capital fund activities as proposed by both the House and the Senate.

MINORITY BUSINESS RESOURCE CENTER PROGRAM

The amended bill provides a total appropriation of \$893,000 for the costs of guaranteed loans for short-term working capital and the administrative expenses of the minority business resource center program as proposed by the House instead of \$891,000 as proposed by the Senate and limits loans made under the program to \$18,367,000 as proposed by both the House and the Senate.

MINORITY BUSINESS OUTREACH

The amended bill provides \$2,970,000 for minority business outreach as proposed by both the House and the Senate.

PAYMENTS TO AIR CARRIERS

(AIRPORT AND AIRWAY TRUST FUND)

(INCLUDING TRANSFER OF FUNDS)

The amended bill provides \$60,000,000 for payments to air carriers to be derived from the trust fund as proposed by the House and Senate. In addition to these funds, the program will receive \$50,000,000 in mandatory spending pursuant to the Federal Aviation Authorization Act of 1996. In addition, \$15,000,000 is made available pursuant to the Deficit Reduction Act of 2005, resulting in a total program budget of \$125,000,000.

COMPENSATION TO AIR CARRIERS

(RESCISSION)

The amended bill rescinds \$22,000,000 from unobligated funds as proposed by the House and Senate.

ADMINISTRATIVE PROVISIONS—OFFICE OF THE SECRETARY OF
TRANSPORTATION

Section 101 retains a provision allowing the Secretary to transfer unexpended sums from “office of the secretary, salaries and expenses” to “minority business outreach” as proposed by the House and Senate.

Section 102 retains a provision prohibiting the Office of the Secretary of Transportation from approving assessments or reimbursable agreements pertaining to funds appropriated to the modal administrations in the Act, unless such assessments or agreements have completed the normal reprogramming process for Congressional notification as proposed by the House and Senate.

Section 103 retains a provision prohibiting the use of funds to implement an essential air service local cost share participation program as proposed by the House and Senate.

FEDERAL AVIATION ADMINISTRATION

OPERATIONS

The amended bill includes \$8,740,000,000 for operations of the Federal Aviation Administration instead of \$8,716,606,000 as proposed by the House and \$8,761,783,000 as proposed by the Senate. Of the total amount provided, \$6,397,060,900 is to be derived from

the airport and airway trust fund instead of \$6,317,000,000 as proposed by the House and \$6,400,580,000 proposed by the Senate. Funds are distributed in the bill by budget activity.

Second career training program.—The amended bill retains language proposed by the House that prohibits funding for the second career training program.

Non-profit standard-setting organization for safety standards.—The amended bill retains language proposed by the House that allows the FAA to enter into an agreement with a nonprofit standard-setting organization to develop safety standards.

Office of Aviation Safety.—The amended bill specifies no less than \$6,000,000 for aviation safety for staff increases in the office of flight standards (AFS) and the office of aircraft certification (AIR), instead of \$20,000,000 proposed by the Senate. The House did not include a similar provision.

Controller and Safety Staffing Plans.—The amended bill retains language proposed by the Senate that requires FAA to transmit an annual update to the controller workforce plan by March 31, 2008, and reduces the appropriation by \$100,000 per day each day the report is late. The amended bill does not retain a legislative provision proposed by the Senate requiring a comprehensive strategy for AFS and AIR staffing by March 31, 2008. This reporting requirement is addressed later in this statement.

The following table compares the amended bill to the President's budget request and the levels proposed in the House and Senate bills by budget activity:

Contract tower program.—The amended bill includes \$8,500,000 to continue the contract tower cost-sharing program as proposed by both the House and Senate. In addition, consistent with House proposal, the Appropriations Committees provide \$103,000,000 for the contract tower base program, and allow FAA to use unsubscribed funds from the contract tower base line program to avoid elimination of communities from the cost share towers program. The Appropriations Committees allow this flexibility only after all baseline tower obligations are fulfilled. The Senate proposed \$99,400,000 for the base program.

Air traffic controller staffing.—The Appropriations Committees provide \$15,899,000, equal to the budget request, to hire and train 1,420 new controllers, and recognize that FAA will adjust its hiring target consistent with actual attrition levels.

Diversity plans for controllers and safety staff.—The amended bill retains language proposed by the House directing the FAA to prepare and transmit diversity plans for both controllers and safety staff. The Appropriations Committees amend the submittal date for these plans from January 1, 2008 to April 1, 2008.

Aviation safety (AVS).—The amended bill provides \$1,082,653,000 for aviation safety, instead of \$1,076,103,000 proposed by the House and \$1,092,103,000 proposed by the Senate. This amount includes \$16,000,000 as proposed by both the House and Senate to annualize safety personnel in AFS and AIR that are currently on-board. It also includes no less than \$6,000,000 to increase AFS and AIR safety staff and \$2,000,000 to increase safety staff in other high priority offices within AVS. The Appropriations Committees direct FAA to provide a letter report to the House and Senate Committees on Appropriations indicating how this \$2,000,000 was spent.

The Appropriations Committees modify House language that designates AVS funding as a congressional item of interest and continue to prohibit reprogrammings to other offices outside of AVS; however, the legislative prohibition against reprogrammings among AVS offices is deleted.

The Appropriations Committees include Senate language directing the FAA to provide a quarterly report on safety personnel by office in AVS, instead of the annual requirement on safety employment and other data as proposed by the House. The amended bill includes the Senate requirement that FAA submit within 90 days from enactment, a report on its staffing model schedule, and directs FAA to submit an annual safety plan by March 31, 2008, describing FAA's safety needs within AVS, the use of designees and their impact on safety, as proposed by the House. The Appropriations Committees include the direction that this annual safety plan include total number of staff, estimated staff losses, and planned hires for the entire safety staff as well as individually for the flight standards and the aircraft certification offices, as proposed by the Senate.

The amended bill includes in statement language the reporting requirements contained in the Senate bill directing the Government Accountability Office to study the effectiveness of different strategies for reducing flight delays at various airports and transmit the report within 120 days of enactment, and directing the Secretary of Transportation to outline DOT's plan to alleviate air congestion and flight delays in the New York/New Jersey/Philadelphia airspace.

FACILITIES AND EQUIPMENT
(AIRPORT AND AIRWAY TRUST FUND)

The amended bill includes \$2,513,611,000 instead of \$2,515,000,000 as proposed by the House and \$2,516,920,000 as proposed by the Senate. Of the total amount available, \$459,973,000 is available until September 30, 2008, and \$2,053,638,000 is available until September 30, 2010. The amended bill includes language proposed by both the House and Senate directing FAA to transmit a detailed five-year capital investment plan to Congress with its fiscal year 2009 budget submission.

System-Wide Information Management (SWIM).—The amended bill provides \$23,358,000 for SWIM, of which \$2,058,000 is to evaluate and demonstrate the capability of integrating mobile objects technology with the SWIM program.

Automatic Dependent Surveillance Broadcast (ADS-B).—The amended bill provides \$85,650,000 for ADS-B, instead of \$90,650,000 as proposed by the House and \$97,354,000 as proposed by the Senate. The Appropriations Committees direct FAA to examine the frequency congestion issues associated with the ADS-B signal, and accelerate the effort to determine how existing aircraft separation standards can be safely reduced.

ADS-B Air to Air capabilities.—The amended bill provides \$9,350,000 for the ADS-B program specifically to expedite air to air capabilities.

Next Generation Integrated Airport.—The amended bill provides \$1,960,000 for this project, to be located at Daytona Beach International Airport, and consistent with the Senate proposed language, the Appropriations Committees expect the FAA to ensure that measures are in place to guarantee that all potential vendors have the opportunity to benefit fully from this facility.

Airport surface detection equipment—Model X (ASDE-X).—The amended bill provides \$40,600,000 for ASDE-X to expedite site implementation and deployment, instead of \$45,600,000 as proposed by the House and \$37,900,000 as proposed by the Senate. The Appropriations Committees retain Senate language regarding deadlines for initial operating capability and operational readiness for each site and to report to the House and Senate Committees on Appropriations when deadlines change.

ASDE-X, Seattle-Tacoma International Airport.—The amended bill provides \$4,900,000 to relocate and upgrade the ASDE-X system at the Seattle-Tacoma International Airport.

Integrated control and monitoring system (ICMS).—The amended bill includes \$1,960,000 for procurement, installation, including site preparation of ICMS.

Terminal air traffic control facilities replacement.—The amended bill provides \$162,630,000, of which \$145,530,000 shall be distributed as follows:

Sec. 110 allows 425 technical staff-years at the Center for Advanced Aviation Systems Development as proposed by the House and Senate.

Sec. 111 prohibits funds for adopting guidelines or regulations requiring airport sponsors to provide FAA “without cost” building construction or space, as proposed by the House and Senate.

Sec. 112 retains a provision proposed by the House and Senate that allows the FAA to be reimbursed for amounts made available for 49 U.S.C. 41742(a)(1) as fees are collected and credited under 49 U.S.C. 45303.

Sec. 113 retains a provision proposed by both the House and Senate that allows reimbursement of funds for providing technical assistance to foreign aviation authorities to be credited to the operations account.

Sec. 114 amends a provision proposed by the House and Senate that continues the war risk insurance and the limitation on air carrier liability for third party claims arising out of acts of terrorism until December 31, 2008.

Sec. 115 retains a provision proposed by the House prohibiting funds to change weight restrictions or prior permission rules at Teterboro Airport in New Jersey. The Senate bill contained no similar provision.

Sec. 116 includes a new provision which extends the current rates of excise taxes that finance the Airport and Airway Trust Fund and allows these receipts to be expended.

(ADDITIONAL OBLIGATION LIMITATION)

(HIGHWAY TRUST FUND)

The amended bill increases the Federal-aid highways obligation limitation by \$1,000,000,000, as proposed by the Senate, and directs that this additional limitation be used only for the bridge program and be distributed to the States based on the bridge program formula. The amended bill also specifies that this obligation limitation shall remain available for a period of three fiscal years. The Appropriations Committees also direct the Secretary of Transportation to ensure that the additional limitation supplements each State's planned obligations for the bridge program. The House did not include a similar provision.

(LIQUIDATION OF CONTRACT AUTHORIZATION)

(HIGHWAY TRUST FUND)

The amended bill provides a liquidating cash appropriation of \$41,955,051,359, which is available until expended, to pay the outstanding obligations of the various highway programs at levels provided in this Act and prior appropriations Acts, instead of \$40,955,051,359 as proposed by both the House and the Senate.

(RESCISSION)

(HIGHWAY TRUST FUND)

The amended bill includes a rescission of \$3,150,000,000 of the unobligated balances of funds apportioned to the States under chapter 1 of title 23, United States Code, instead of \$3,000,000,000 as proposed by the House and \$2,890,000,000 as proposed by the Senate. The amended bill also excludes safety programs and funds set aside within the State for population areas from this rescission and directs the FHWA to administer the rescission by allowing each State maximum flexibility in making adjustments among the apportioned highway programs, as proposed by the Senate. The House had proposed to apply the rescission proportionally to each highway program, including funds set aside for transportation enhancements and within the state for population areas.

I-35W BRIDGE REPAIR AND RECONSTRUCTION

The amended bill provides an emergency appropriation of \$195,000,000 for the repair and reconstruction of the Interstate 35W bridge located in Minneapolis, MN, that collapsed on August 1, 2007, as authorized under Public Law 110-56, as proposed by the Senate. The House did not include a similar provision.

APPALACHIAN DEVELOPMENT HIGHWAY SYSTEM

The amended bill provides \$15,680,000 for the Appalachian Development Highway System to be allocated for West Virginia Corridor H, instead of \$20,000,000 as proposed by the Senate. The House did not include a similar provision.

DELTA REGIONAL TRANSPORTATION DEVELOPMENT PROGRAM

The amended bill provides \$14,014,000 for the Delta Regional Transportation Development Program, instead of \$20,000,000 as proposed by the Senate. The House did not include a similar provision. Section 130 includes a provision similar to language proposed by the Senate that provides requirements for any waiver of Buy American requirements. The House did not include a similar provision.

Section 131 includes a new provision that rescinds fiscal year 2008 funding for the highways for LIFE, innovative bridge research and deployment, and truck parking facilities programs.

The amended bill deletes a provision proposed by the Senate that would have permitted funds made available in a prior appropriations act for the construction of the North Shore Road in North Carolina to be available for an alternate purpose. The Appropriations Committees believe that this is an issue that is better suited to be dealt with by the National Park Service within the Department of the Interior.

FEDERAL MOTOR CARRIER SAFETY ADMINISTRATION
 MOTOR CARRIER SAFETY OPERATIONS AND PROGRAMS
 (LIQUIDATION OF CONTRACT AUTHORIZATION)
 (LIMITATION ON OBLIGATIONS)
 (HIGHWAY TRUST FUND)
 (INCLUDING RESCISSION)

The amended bill includes a liquidation of contract authorization and a limitation on obligations of \$229,654,000 for the operating expenses of and motor carrier safety research by the Federal Motor Carrier Safety Administration (FMCSA), instead of \$228,000,000 as proposed by the House and \$231,469,553 as proposed by the Senate. The amended bill reduces FMCSA’s contract services by \$459,000 instead of \$3,246,000 as proposed by the House. The amended bill rescinds \$1,815,553 in unobligated balances from motor carrier safety operations instead of \$3,469,553 as proposed by the House. The amended bill provides funding in the following manner:

	<i>Budget Resources</i>
	<i>Total</i>
Operating expenses	\$172,200,000
Research and technology	8,900,000
Information management	33,829,000
Regulatory development	10,725,000
Outreach and education	3,000,000
Commercial motor vehicle operators grants	1,000,000

The amended bill also prohibits any funds relating to outreach and education from being transferred to another agency as proposed by the House and the Senate.

High risk carriers.—Within the funds provided for FMCSA’s operating expenses, the amended bill includes an additional \$1,000,000 as proposed by the Senate to conduct compliance reviews on high risk carriers. In addition, the Appropriations Committees direct FMCSA to provide quarterly reports on the agency’s progress in meeting the high risk carrier requirements contained in SAFETEA-LU.

Compliance reviews.—The Appropriations Committees direct FMCSA to prepare a safety oversight action plan and to provide a

report to the House and Senate Committees on Appropriations within six months of enactment of this Act which includes a delineation of the number of planned and completed compliance reviews from the previous year. In addition, the report should include the results of the agency's internal review of the fatal accident that occurred on the Capital Beltway (I-495/I-95) on March 19, 2007, and any requisite impact on the compliance review process, particularly as it relates to investigator training.

Motor coach accessibility.—The Appropriations Committees reiterate concerns expressed in both the House and Senate Committee reports regarding DOT's failure to enforce its own regulations requiring accessibility to over-the-road buses for people with disabilities. The U.S. Court of Appeals for the D.C. Circuit rejected FMCSA's assertion that it did not have the authority to deny bus operators registration based on an interstate bus company's unwillingness or inability to comply with DOT's Americans with Disabilities Act (ADA) regulations, and remanded the case to FMCSA for further interpretation. On October 26, 2007, FMCSA responded by reasserting its claim that it lacks the authority to enforce DOT's own ADA regulations. The Appropriations Committees find this interpretation to be mystifying, unacceptable, and deliberately evasive. It certainly calls into question the commitment of both the Secretary and the Administrator to enforcing both the letter and the spirit of Federal laws designed to protect the rights of the disabled. The Appropriations Committees disagree with FMCSA that further statutory language is needed to clarify FMCSA's enforcement role in this area. Even so, given the recalcitrant stance and steadfast refusal of the Secretary and the Administrator to enforce the law on this matter, the Appropriations Committees are supportive of the prompt enactment of H.R. 3985: the Over-the-Road Bus Transportation Accessibility Act of 2007. This bill makes clear, again, that FMCSA has the authority to enforce compliance with DOT's ADA regulations in this area. The Appropriations Committees can only hope that, once this law is enacted, the Secretary and Administrator will not concoct still further evasive strategies to avoid their statutory responsibility.

The amended bill includes language providing that no more than ten percent of the funds available for this program may be used for planning activities that lead directly to the development of a passenger rail corridor investment plan. The amended bill clarifies that in order to be eligible for capital assistance, the specific project must be on the statewide transportation improvement plan. In addition, the Secretary is directed to give priority to capital and planning applications for projects that improve the safety and reliability of intercity service; involve a commitment by the freight railroads to improve on-time performance; improve or extend service on a route that requires minimal or no federal operating assistance; and involve a financial commitment by States to improve highway/rail grade crossings.

The Appropriations Committees delete, without prejudice, a provision regarding Davis-Bacon requirements as proposed by the Senate. It is the understanding of the Appropriations Committees that appropriate current law will apply to capital construction projects.

The amended bill includes bill language as proposed by the House which prohibits Amtrak from discounting tickets at more than 50 percent off the normal, peak fare after March 1, 2006, unless the operating loss due to the discounted fare is covered by a State.

The amended bill provides \$18,500,000 for Amtrak's office of inspector general as proposed by the House.

CAPITAL AND DEBT SERVICE GRANTS TO THE NATIONAL RAILROAD
PASSENGER CORPORATION

The amended bill includes \$850,000,000 for capital and debt service payment grants to Amtrak instead of \$925,000,000 as proposed by the House and \$885,000,000 as proposed by the Senate. ADMINISTRATIVE PROVISIONS—FEDERAL RAILROAD ADMINISTRATION

Section 151 retains a provision included by the Senate requiring the FRA Administrator to submit quarterly reports to the House and Senate Committees on Appropriations on Amtrak on-time performance.

Section 153 retains a provision included by the Senate which allows FRA to receive and use cash or spare parts to repair and replace damaged track inspection cars.

The amended bill provides FTA's administrative funding in the structure proposed by the House instead of distributing the agency's funding by each individual office. In addition, the amended bill specifies that \$20,719,000 shall be provided for the central account and that no more than \$1,504,000 shall be provided for travel.

The amended bill retains provisions proposed by both the House and the Senate allowing for the transfer of up to five percent of funds between offices, directing FTA to submit for approval any proposal to transfer funds from the Central Account, prohibiting funds for a permanent office of transit security, directing FTA to reimburse up to \$2,000,000 to the Office of the Inspector General, and directing the submission of the annual new starts report. As proposed by the House, funds for the National Transit Database are included under the formula program.

FTA is directed to submit its fiscal year 2009 congressional budget justification for administrative funds itemized by office with material detailing salaries and expenses, staffing increases, and programmatic initiatives of each office. The initiatives for each should be clearly stated, and include a justification for each new position or full-time equivalent, should FTA request additional FTEs next year. In addition, the congressional budget justifications must identify the administrative costs for each new fixed guideway project included in the fiscal year 2009 request.

The amended bill includes \$500,000 instead of \$1,000,000 as proposed by the House to establish an interagency working group between FTA and the Department of Housing and Urban Develop-

ment (HUD). The Appropriations Committees direct FTA and HUD to develop a best practices manual which will serve to assist communities as they seek to establish mixed-income transit-oriented development. FTA and HUD should also jointly report back to the House and Senate Committees on Appropriations within six months of enactment, on new ways FTA and HUD can better coordinate transportation and housing programs to promote affordable housing near transit.

PUBLIC AND INDIAN HOUSING
TENANT-BASED RENTAL ASSISTANCE
(INCLUDING TRANSFER OF FUNDS)

The explanatory statement herein reflects the agreement of the Appropriations Committees on tenant-based rental assistance. The amended bill provides \$16,391,000,000 for all tenant-based Section 8 (voucher) activities under the Tenant-Based Rental Assistance Account. The House proposed \$16,330,000,000 and the Senate proposed \$16,598,694,000 for these activities. Language is included designating funds provided as follows:

Voucher Renewals	\$14,694,506,000

Family Self-Sufficiency Coordinators	49,000,000
Working Capital Fund	6,494,000
Total, Tenant Based Rental Assistance	16,391,000,000

Section 8 Voucher Renewals.—The amended bill includes \$14,694,506,000, instead of \$14,744,506,000 as proposed by the House and \$14,929,200,000, as proposed by the Senate. The amended bill provides that funding for renewals shall be distributed based on VMS data for the most recent Federal fiscal year. The amended bill also provides an exception to this funding formula for PHAs impacted by the 2005 hurricanes, those PHAs that went into receivership within the previous 24 months, and PHAs that overspent their fiscal year 2007 allocation. The House had not proposed to revise the allocation methodology from fiscal year 2007.

The amended bill provides that the amount of calendar year 2008 renewal funding for any agency shall be reduced by the amount of any unusable amount in such agency's net restricted assets account, in accordance with the most recent VMS data for calendar year 2007 that is verifiable and complete, which exceeds 7 percent of the amount of renewal funding allocated to the agency for the calendar year 2007 funding cycle.

The Appropriations Committees instruct the Department that the entire amount for renewals shall be administered through the HUDCAPS system and provided to PHAs in the same manner as in effect in FY06 and prior years. Further, PHAs shall be notified of their allocation within 60 days of enactment of this Act, unless the Secretary requests a waiver from the Committees.

The amended bill provides that \$50,000,000 shall be available to adjust the allocations for PHAs that experienced a significant increase in renewal costs due to portability or for PHAs with a higher leasing rate at the end of the Federal fiscal year than the average for the entire year.

Tenant Protection.—The amended bill includes \$200,000,000 for rental subsidies for tenant protection activities instead of \$150,000,000 as proposed by the House and Senate. HUD is instructed to issue tenant protection vouchers for all units that were occupied within the previous 24 months. The amended bill does not include language proposed by the House concerning recaptures and carryover.

The amended bill does not include language proposed by the House regarding the costs of judgments and settlements.

Administrative Fees.—The amended bill includes \$1,351,000,000 for public housing agencies' administrative costs and other expenses, as proposed by the House and Senate. Of these funds, \$1,316,000,000 shall be administered as provided in section 8(q) of QHWRA, as proposed by the House and Senate. The amended bill does not include \$5,000,000 for an incentive for PHAs to consolidate, as proposed by the House and the Senate.

Family Self Sufficiency Coordinators.—The amended bill includes \$49,000,000 for public housing agencies family self-sufficiency coordinator staff, instead of \$48,000,000 as proposed by the House and \$50,000,000 as proposed by the Senate.

HUD-VASH Vouchers.—The amended bill includes \$75,000,000 for incremental voucher assistance for use through a supported housing program administered in conjunction with the Department of Veterans Affairs, as proposed by the Senate. This funding will be made available to PHAs that partner with eligible VA Medical Centers and other entities based on geographic need for such as-

sistance. The Appropriations Committees expect that these vouchers will be made available to all homeless veterans, including recently returning veterans. These vouchers shall remain available for homeless veterans upon turnover.

Nonelderly Disabled Vouchers.—The amended bill provides \$30,000,000, as proposed by the House, for incremental assistance to nonelderly disabled families. These vouchers shall remain available, to the extent practicable, for nonelderly disabled persons upon turnover.

Family Unification Vouchers.—The amended bill provides \$20,000,000, instead of \$30,000,000 as proposed by the Senate, for incremental assistance through the Family Unification Program. These vouchers shall remain available, to the extent practicable, for family unification vouchers upon turnover.

Working Capital Fund.—The amended bill includes up to \$6,494,000 that may be transferred to the Working Capital Fund as proposed by the House and Senate.

The Appropriations Committees instruct HUD not to disburse more than 70 percent of the fiscal year 2007 advance prior to half-way through the 2008 calendar year.

HOUSING CERTIFICATE FUND

(RESCISSION)

The amended bill includes a rescission of \$1,250,000,000 from unobligated balances and recaptures from prior-year appropriations provided in the tenant-based rental assistance and the project-based rental assistance accounts or any other account within this title. This rescission is to be effected no later than September 30, 2008. The House proposed \$1,300,000,000 and the Senate proposed \$1,100,000,000.

PROJECT-BASED RENTAL ASSISTANCE

(INCLUDING TRANSFER OF FUNDS)

The amended bill provides \$6,381,810,000 for project-based rental assistance activities instead of \$6,479,810,000 as proposed by the House and \$5,813,000,000 as proposed by the Senate. The amended bill provides funds as follows:

Project-Based Contract Renewals	\$6,139,122,000
Contract Administrators	238,728,000
Working Capital Fund	3,960,000
Total, Project-Based Rental Assistance	6,381,810,000

The explanatory statement includes language, as proposed by the House, designating not less than \$238,728,000 but not to exceed \$286,230,000 for performance-based contract administrators.

The Appropriations Committees note the Department’s inability to identify actual funding needs for Project-Based Rental Assistance renewals. The Appropriations Committees also find that the Department has not been aggressive in reducing the impact that its decisions are having on the affordable housing community. In light of what appears to be a severe funding shortage, the Department has taken the drastic step of abandoning its practice of 12-month contracts and has been sending short-term renewal con-

tracts that impact owners, landlords, financial institutions, and, most importantly, tenants of Project-Based housing.

A large part of the problem is that the administration has not determined if 12-month contracts can be conditioned on the availability of funds and can be funded incrementally. The Appropriations Committees instruct HUD and OMB to make a final determination about whether an Anti-Deficiency Act (ADA) violation would exist under those circumstances by January 15, 2008. If no violation would exist, then HUD is instructed to immediately begin issuing 12-month contracts subject to the availability of funds. If a violation would exist or has occurred, the administration must report that violation to the Committees immediately.

The amended bill does not include the report on a project-by-project analysis that verifies the funding request for renewals and amendments as part of the fiscal year 2009 budget justification, as proposed by the House, as this issue is addressed in the general provisions of this title, as proposed by the Senate.

PUBLIC HOUSING CAPITAL FUND
(INCLUDING TRANSFER OF FUNDS)

The amended bill provides \$2,438,964,000 for the Public Housing Capital Fund as proposed by the House, instead of \$2,500,000,000 as proposed by the Senate. The Committees on Appropriations instruct HUD to report quarterly to the House and Senate Committees on Appropriations on the status of all PHAs in receivership, the technical assistance provided to these agencies, and the demonstrated achievements of the agencies. This submission shall begin with the transmission of the FY09 budget justification.

The Appropriations Committees direct HUD to perform an updated Capital Needs Assessment (CNA) from funds made available under this account for the public housing portfolio, including the projected annual cost to adequately maintain that portfolio. To conduct the new CNA, HUD shall contract with a nationally recognized research entity with experience in conducting physical needs assessments of a representative sample of public housing or similar development projects. The review shall include a statistical sample for projects of 500 units or less and one-for-one review for projects

in excess of 500 units. HUD shall award a contract for the study within 120 days after the enactment of this Act and shall report to the House and Senate Committees on Appropriations on the progress of the study by June 30, 2008. HUD shall submit a final report to the Committees by July 31, 2009, that includes national cost estimates and a comparison of those estimates with capital needs as of 1996, after adjusting for changes in the composition of the public housing stock resulting from HOPE VI funding and other actions. HOME INVESTMENT PARTNERSHIP PROGRAM

The amended bill provides a total of \$1,704,000,000 for this account, instead of \$1,764,010,000 as proposed by the House and \$1,970,000,000 as proposed by the Senate.

The amended bill provides \$50,000,000 for housing counseling, instead of \$48,340,000 as proposed by the House and \$150,000,000 as proposed by the Senate.

In addition, \$12,500,000 is reserved for technical assistance, instead of \$9,900,000 as proposed by the House and \$15,000,000 as proposed by the Senate. Of amounts made available for technical assistance, \$8,500,000 is for qualified non-profit intermediaries to provide technical assistance to CDHOs and \$4,000,000 is for intermediaries to provide technical assistance to HOME participating jurisdictions.

The amended bill includes \$10,000,000 for the American Dream Downpayment Initiative, instead of \$25,000,000 as proposed by the Senate. The House had no similar provision.

The amended bill does not include two provisions within the HOME account that provided \$200,000,000 for counseling and foreclosure activities, as proposed by the Senate. Instead, the amended bill provides funding in Title III of this Act through the Neighborhood Reinvestment Corporation for such activities. The Appropriations Committees do not instruct HUD on issuance of a NOFA, as proposed by the Senate.

SELF-HELP AND ASSISTED HOMEOWNERSHIP OPPORTUNITY PROGRAM

The amended bill provides \$60,000,000 for this account, as opposed to \$59,700,000 proposed by the House and \$70,000,000 proposed by the Senate. Of the total, \$26,500,000 is provided for the SHOP program as proposed by the Senate, instead of \$27,710,000 as proposed by the House. Of the total, \$33,500,000 is provided for the first four capacity building activities authorized under section 4(a), of which up to \$5,000,000 may be made available for rural capacity building activities, as proposed by the Senate. The House did not include such a provision. The Appropriations Committees direct that funding shall be distributed to the eligible authorized entities within 60 days of enactment of this Act.

HOMELESS ASSISTANCE GRANTS

(INCLUDING TRANSFER OF FUNDS)

The amended bill provides \$1,585,990,000 for Homeless Assistance Grants, as proposed by the Senate instead of \$1,560,990,000 proposed by the House. Funds are available for two years except for \$5,000,000, which is available until expended, as proposed by the Senate. Sufficient funding is provided for renewal of Shelter Plus Care contracts. The amended bill transfers \$2,475,000 to the Working Capital Fund as proposed by both the House and the Senate.

The amended bill provides \$25,000,000 for the Secretary to conduct a demonstration program on the effectiveness of rapid re-housing programs in reducing the number of homeless families as proposed by the Senate. The Appropriations Committees direct HUD to select a limited number of sites to receive funding for this demonstration program as a part of the Homeless Assistance Grants competition, and should consider the following criteria when selecting sites: proven experience in rapid re-housing, performance of the Continuum of Care, and geographic diversity. Selected programs should provide families with housing placement services, short-term housing assistance, including up to 18 months of rental assistance, and an array of appropriate services for families. The Appropriations Committees have also included language that allows the Secretary to use up to \$1,250,000 to conduct an evaluation of the demonstration program. This evaluation should include, but is not limited to, a cost-benefit analysis, including both direct and indirect social benefits of rapid re-housing programs, as well as the success of such programs in keeping families in stable housing.

The amended bill modifies a provision of the Senate that requires HUD to submit the AHAR report by June 21, 2008, as opposed to March 21, 2008.

Further, the Committees on Appropriations note the broad statutory authority of the McKinney-Vento Homeless Assistance Act concerning the use of matching funds from any source other than the specific subtitle from which funds are awarded. The purpose of this broad statutory authority is to ensure the coordinated effort to address the needs of the homeless, which is central to the goal to end homelessness. Homeless housing programs within a community are most effective when a recipient can augment grant amounts with funds from any source, including Federal, State, local and private sources. Any funds, including Federal funds, are and have been eligible to be used as matching funds unless such funds are statutorily prohibited to be used as a match.

TITLE III—RELATED AGENCIES

ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD

SALARIES AND EXPENSES

The amended bill includes \$6,150,000 for the Salaries and Expenses of the Architectural and Transportation Barriers Compliance Board as proposed by both the House and the Senate.

FEDERAL MARITIME COMMISSION

SALARIES AND EXPENSES

The amended bill includes \$22,072,000 for the Salaries and Expenses of the Federal Maritime Commission as proposed by the House, instead of \$22,322,000 as proposed by the Senate.

NATIONAL TRANSPORTATION SAFETY BOARD

SALARIES AND EXPENSES

The amended bill includes \$84,499,000 instead of \$85,000,000 as proposed by the House and \$84,500,000 as proposed by the Senate. The Appropriations Committees direct that not less than \$1,424,000 of the total appropriation shall fund 11 additional critical safety staff, and, consistent with the House language, prohibit these funds from being used for the Academy.

Within the funds provided, the Appropriations Committees direct a total of \$74,063 to address the Board's most recent Anti-Deficiency Act violation that occurred from fiscal years 1998 through 2006 related to inappropriate purchase of death and dismemberment insurance for agency employees on official travel. The Appropriations Committees also include language allowing NTSB to continue to make lease payments for the NTSB Academy in fiscal year 2008 as proposed by the House and Senate.

NEIGHBORHOOD REINVESTMENT CORPORATION

PAYMENT TO THE NEIGHBORHOOD REINVESTMENT CORPORATION

The amended bill provides \$299,800,000 for the Neighborhood Reinvestment Corporation instead of \$119,800,000 as proposed by the House and Senate.

The amended bill includes \$180,000,000 to be administered by the Neighborhood Reinvestment Corporation (NRC) to make grants to NRC- or HUD-approved counseling intermediaries (including State housing finance agencies) for mortgage foreclosure mitigation assistance of owner-occupied homes.

NRC is a Congressionally-chartered nonprofit corporation, and since 1978, NRC has been providing quality housing counseling. The Appropriations Committees note that NRC was one of the first organizations to begin responding to the subprime mortgage crisis by establishing its Center for Foreclosure Solutions. NRC will manage a competition for housing counseling organizations with demonstrated experience in this field, and will begin awarding grants within 60 days of enactment of this Act. The NRC can administer this competition rapidly and can thus facilitate help for homeowners almost immediately.

This \$180,000,000 is one-time funding to be available until expended by the NRC in response to the ongoing lending and credit crisis. This crisis is fueled by more than 2 million mortgages that now face significant risk of default and foreclosure as the housing markets slow and adverse mortgage terms, such as adjustable rate mortgages, reset.

This program is designed to assist homeowners with subprime or other single-family mortgages that are likely to be in default and/

or foreclosure. This is not designed as a bailout for either financial institutions or homeowners with mortgages that are likely to fail. Instead, the goal of the program is to provide counseling assistance that will prevent foreclosure and result in the long-term affordability of the mortgage or another positive outcome for the homeowner. No Federal funds are to be used to directly benefit financial institutions or homeowners.

The Appropriations Committees believe that the funding is needed, will be well-used, and will help stabilize the single-family mortgage marketplace. However, the amended bill notes that \$180,000,000 is a rapid expansion of housing counseling assistance. As a result, the Appropriations Committees direct that \$50,000,000 will be awarded within 60 days of enactment, which the Appropriations Committees expect will result in a rapid investment of these funds.

Finally, the amended bill directs the NRC to provide a bi-annual report to the House and Senate Committees on Appropriations as well as the House Financial Services Committee and the Senate Banking Committee. These reports will identify the use of funds in the program, models of success and an overall analysis of the program, its strategies for success and its evolution, among other things.

UNITED STATES INTERAGENCY COUNCIL ON HOMELESSNESS

OPERATING EXPENSES

The amended bill provides \$2,150,000 instead of \$2,000,000 as proposed by the House and \$2,300,000 as proposed by the Senate. The amended bill extends the expiration date for the Council until September 30, 2008.

The Appropriations Committees direct the Council to report within 180 days of enactment to the House and Senate Committees on Appropriations on a comprehensive funding strategy to meet the agency's ten-year goal to end chronic homelessness. The report should specify how local and Federal agencies will contribute to the achievement of this goal.

The Appropriations Committees agree to a limit of \$50,000 for travel by the Executive Director.
