

**AMENDMENT TO H.R. 2218, AS REPORTED  
OFFERED BY MR. CONNOLLY OF VIRGINIA**

Page 8, lines 6 through 21, amend clause (ii) to  
read as follows:

1                   “(ii) EMERGENCY ACTION PLAN.—  
2                   The implementing agency shall require  
3                   that the owner or operator of any structure  
4                   that is a surface impoundment that first  
5                   receives coal combustion residuals after the  
6                   date of enactment of this section prepare  
7                   and maintain an emergency action plan  
8                   pursuant to the guidelines published by the  
9                   Federal Emergency Management Agency  
10                  entitled ‘Federal Guidelines for Dam Safe-  
11                  ty: Hazard Potential Classification System  
12                  for Dams’ (FEMA Publication Number  
13                  333) that identifies responsible persons  
14                  and actions to be taken in the event of a  
15                  leak or spill emergency.
