STATEMENT FROM CONGRESSWOMAN SEWELL ON THE DEATH OF DR. PAUL HUBBERT

Birmingham, Alabama – Tonight, Congresswoman Terri A. Sewell (AL-07) issued the following statement on the passing of Dr. Paul Hubbert, former Alabama Education Association Executive Secretary.

“Tonight, I join with the entire State of Alabama in mourning the loss of Dr. Paul Hubbert. As a relentless advocate for students and a tireless champion for Alabama’s educators, Dr. Hubbert improved our state immensely,” said Rep. Sewell. “My thoughts and prayers are with Dr. Hubbert’s family and loved ones during this difficult time. Dr. Hubbert’s legacy will live on in the lives of the countless educators and students he touched throughout his distinguished life.”

Statement from Congresswoman Sewell on Leadership Changes at the Central Alabama VA Healthcare System (CAVHCS)

Today, Congresswoman Terri A. Sewell released the following statement after the Deputy Secretary of Veterans Affairs (VA) Sloan Gibson's proposed removal of the Director of the Central Alabama VA Healthcare System (CAVHCS) James Talton in response to the investigation by the Office of Accountability Review (OAR) in which allegations of administrative neglect were verified:

“The VA must be held accountable for the administrative and institutional failures at CAVHCS. The swift and decisive action taken by Deputy Secretary Sloan Gibson following the OAR investigation signifies the administration's commitment to making the needed reforms to ensure that no veteran is denied timely and quality care by the VA. The planned visit by Deputy Secretary Gibson to Montgomery this Friday, October 10, further signifies the priority being placed on making the needed reforms at CAVHCS. The installation of new leadership is the first step in ensuring our veterans receive timely and quality care at CAVHCS. My office will remain vigilant in our demand for accountability and excellence in healthcare for our veterans. Our brave men and women who serve our country deserve nothing less. I look forward to working with acting CAVHCS director Robin Jackson to ensure that the much needed reforms are implemented at CAVHCS.”

USDA SEEKS APPLICATIONS FOR GRANTS TO INCREASE ECONOMIC OPPORTUNITY AND IMPROVE THE QUALITY OF LIFE IN RURAL AREAS

Washington, DC - Agriculture Secretary Tom Vilsack today announced that USDA is seeking applications for grants that will be awarded to organizations to provide critical financial and technical assistance to recipients to develop and strengthen their capacity to carry out housing, community facilities and community and economic development projects.

"Many rural nonprofits often need capital and technical assistance to carry out their missions," Vilsack said. "These grants will provide both of these components through local and regional organizations that are experts at delivering such services."

USDA is making nearly \$6 million available to qualified organizations under the Rural Community Development Initiative (RCDI).

Recipients must be non-profit organizations, low-income rural communities, or federally recognized tribes. Intermediary organizations are required to provide matching funds at least equal to the RCDI grant. The grants do not go directly to business recipients but rather through qualified intermediaries.

The deadline for submitting RCDI applications is November 12, 2014. Applications must be submitted to the USDA Rural Development state office where the applicant's headquarters are located. More information about the program and how to apply is available on page 47427 of the August 13, 2014 Federal Register.

Here is an example of how the RCDI program is helping rural communities. The Western Maine Community Action Program (WMCAP) has received several RCDI grants in recent years to help low-and very-low-income seniors maintain their independence and remain in their homes through the Keeping Seniors Home Program. Started in 2004, this program has served nearly 3,000 low-income senior homeowners in Maine. WMCAP is also working on a regional job creation plan to train energy auditors, private contractors, and other community partners to provide additional support services to Maine's elderly rural citizens.

President Obama's historic investments in rural America have made our rural communities stronger. Under his leadership, these investments in housing, community facilities, businesses and infrastructure have empowered rural America to continue leading the way – strengthening America's economy, small towns and rural communities.

Promise Zone Initiative

HUD is pleased to announce the application for the second round of Promise Zone Initiative designations. The Promise Zone Initiative is part of President Obama's plan to revitalize high-poverty urban, rural and tribal communities. Promise Zones is a locally driven strategy that can create jobs, increase economic activity, expand education opportunities, reduce serious and violent crime, leverage private capital and assist local leaders in navigating federal programs and cutting through red tape.

All communities will be eligible for a Promise Zone designation. HUD will designate six urban Promise Zones and USDA will designate at least one rural and one tribal community. **Applications are due by November 21, 2014 by 5:00pm EST** with announcements expected in 2015.

HUD in close collaboration with USDA will convene three distinct webcasts for urban, rural, and tribal to discuss the second round of the Promise Zone Initiative with interested communities. Please share these webcasts with your constituents.

- Tribal Webcast September 29th 1:00pm – 2:00pm
- Rural Webcast September 29th 3:00pm – 4:00pm

ATTENTION VETERANS:

FACT SHEET: Veterans Employment Center

The online Veterans Employment Center is the single federal source for Veterans looking for new career opportunities in the private and public sectors, as well as Service Members transitioning to the civilian workforce, military and Veteran spouses and dependents looking for employment opportunities, GI Bill beneficiaries transitioning from training to the job market and employers looking to connect with high quality applicants. It is the first interagency tool that brings together public and private job opportunities with resume building and other career tools currently offered on a variety of websites together in one place.

Through the online Veterans Employment Center, Veterans, transitioning Service Members and spouses are connected to high quality career choices by matching their identified skills with available public and private job opportunities. The site is built using an open application programming interface (API) to attract private sector innovation.

Veteran Applicant Resources:

- Quick public resume posting with an instant connection to thousands of public and private employers
- Target job search based on specific, high-demand career paths
- Single search for both public and private sector positions
- Military skills translator and resume generator
- Social media integration with popular bookmarking sites for saving job postings

Employer Resources:

- Access targeted feed of qualified resumes from Veteran applicants
- View reverse skills translation (military to civilian skills) for applicants
- Set Veterans hiring goals and track progress
- Connect to resources designed to help recruit and retain talented, Veteran employees

In connection with the First Lady and Dr. Biden's Joining Forces initiative, the Department of Veterans Affairs worked with the Departments of Defense, Labor, and Education, and the Office of Personnel Management to design and develop the site and incorporate features of existing online employment tools at each agency. The result is an upgrade to the existing Veterans Job Bank and an integrated solution connecting Veterans, transitioning Service Members and employers.

Employers, Veterans and transitioning Service Members deserve a single, authoritative source for connecting to each other. Now that the core tools and an integrated search function exist in one single location, each agency is engaged in minimizing duplication and redundancy of current sites and services.

The Veterans Employment Center can be found at: <https://www.ebenefits.va.gov/ebenefits/jobs>
