The Honorable Cui Tiankai
Ambassador
Embassy of the People's Republic of China
3505 International Place, N.W.
Washington, D.C. 20008

Dear Ambassador Cui:

I write to you today to express my deep concern for the dogs that are horribly mistreated during the Dog Meat Festival in Yulin, Guangxi Zhuang Autonomous Region, China and to draw your attention to H.Res.752, which I introduced in the U.S. House of Representatives on May 25, 2016. My resolution condemns the Yulin Dog Meat Festival and respectfully calls on your government to end the festival and, more generally, the dog meat trade.

As you know, this year's Dog Meat Festival is scheduled to take place on June 21, 2016. In order to save thousands of innocent dogs from being grossly mistreated and slaughtered, I implore you to do all that you can to see to it that this year's festival is cancelled and that future Dog Meat Festivals are banned. It is notable that the Yulin city government has itself withdrawn as a sponsor of the festival. Disappointingly, however, city government officials have not yet taken meaningful action to enforce China's already well established laws regulating animal disease control, food safety, trans-provincial dog transport, or youth protection, all of which are violated by the dog meat trade and by many of those taking part in the Dog Meat Festival. I believe that with your leadership, and the leadership of President Xi, city officials in Yulin can be convinced that their best course of action is to fulfill their respective duties to see to it that Chinese law is followed thereby saving thousands of dogs from a certain and tortuous death.

The grotesque festival, and the dog meat trade more generally, serve as a call to action for not only the millions of Chinese citizens who care for and love animals, but for all such people around the world. I fully understand that the majority of people in China do not consume dog meat and that your government has sound and well established laws under which those who engage in and perpetuate the dog meat trade could be prosecuted. I simply and respectfully ask that you join me in standing with the millions of Chinese citizens who are on record denouncing the dog meat trade, and ensure that this terrible trade and festival celebrating it end as swiftly as possible through the just adjudication of Chinese law.

Sincerely,
