Dear Chairman Obey and Ranking Member Lewis,

I am requesting FY 2009 funding to construct a new fire station at Randolph Air Force Base. The entity to receive funding for this project is Randolph Air Force Base, TX.

FY 2009 funding is requested to construct a new fire station to replace the current substandard facility. The existing fire station has limited space and cannot adequately support the fire protection flight mission. Randolph AFB's existing fire station is 1040 square meters short of the space required by regulation. The alarm and communications center is only one-third of the space required for operation. Firefighting apparatus bays are 186 square meters short of requirement, and the training space is at least 40% deficient in size. The living quarters are only one-half of the space required by regulations, and administrative space is one-third short of requirement. FY 2009 funding is requested to construct an adequate facility to house the Randolph AFB Fire Department.

I certify that neither I nor my spouse has any financial interest in this project.

Dear Chairman Obey and Ranking Member Lewis:

I write to respectfully request funding in the Fiscal Year 2009 Military Construction, Veterans Affairs and Related Programs Appropriations bill, Department of Defense, Defense-Wide, Military Construction account. The entity to receive funding for this project is United States Southern Command, located in Doral, Florida.

It is my understanding that the funding will be used for construction of a new headquarters. Currently, the Department of Defense is leasing the land on which SOUTHCOM is now located from a private individual. The funds would be used by the Department of Defense to build the new SOUTHCOM headquarters adjacent to the current SOUTHCOM facility in Doral, Florida. The land for this facility will be leased from the State of Florida. SOUTHCOM received \$100 million in the FY08 Military Construction Appropriations bill as the first installment of an authorized \$237 million.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Dear Chairman Obey and Ranking Member Lewis,

I am requesting funding in the FY09 Military Construction, VA Appropriations bill, Department of Defense, Army for the Dining Facilities, Fort Lee Virginia. The entity to receive funding for this project is U.S. Army, Fort Lee, Virginia.

To the best of my knowledge, the funding would be used to provide a dining facility to support an increase in the number of Soldiers who will receive Advanced Individual Training at Fort Lee. I certify that to the best of my knowledge this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Messrs. Obey and Lewis:

I am requesting funding for Phase 1 of the Ballistic Evaluation Facility (66725) in the Fiscal Year 2009 Military Construction Appropriation bill. The entity to receive the funding for this project is the United States Army, specifically the Armament Research Development and Engineering Center (ARDEC) located at Picatinny Arsenal, Picatinny, New Jersey, 07806-5000.

As I understand it, the funding would be used for construction of a state-of-the-art Ballistic Experimentation Facility for Large Caliber Armaments at Picatinny Arsenal resulting in a one-of-kind research and testing facility which will reduce Army operational overhead and maintenance costs and improve safety. When completed, the BEF will provide near-term and long-range benefits to the joint warfighter - Army, Marines, Navy and Air Force. I certify that neither I nor my spouse has any direct financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the construction of a Security Forces Building aboard Naval Air Station – Joint Reserve Base, Fort Worth, Texas in Fiscal Year 2009. The entity to receive funding for this project is the Air National Guard under Military Construction (MILCON) funding. Funding for this program will accelerate the construction of this facility, which is currently scheduled for 2011, under the Five Year Defense Plan.

The Air Force is currently increasing their number of security personnel. As a result, the 136th Airlift Wing (the unit for which this facility will be constructed) is also experiencing growth in the number of its security personnel. The current Security Forces facility is inadequate to house the current and projected security personnel levels. Funding this construction program ahead of schedule is critical for the operational readiness level of the 136th Airlift Wing.

I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the *Congressional Record* describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for a Fort Bragg/Bragg Blvd, Murchison Rd Military Construction Project Plus Up in fiscal year 2009. The entity to receive funding for this project is Fort Bragg, North Carolina, with the mailing address of HQS XVIII Abn Corps & Fort Bragg, AFZA-CAS-CA Fort Bragg, NC 28310-5000.

The funding would be used to increase the Department of Defense funding for the Fort Bragg/Bragg Blvd. Murchison Road Military Construction project from the President's requested level of \$13.24 million by \$8.56 million. The project will widen Murchison Road to flow traffic around Fort Bragg and includes two new interchanges to access control points at Fort Bragg. The project increase is sorely needed due to revisions to the original project necessitated by BRAC and other mission growth at Fort Bragg. This is a high priority security project to close Bragg Boulevard to public traffic through Fort Bragg, which is necessary for the new FORSCOM HQ which will be too close to Bragg Avenue to ensure its safety. The project is currently being planned and designed by North Carolina Department of Transportation (NCDOT) in two phases. This increase is needed for Phase I which will widen NC 210 (Murchison Road) to six lanes beginning at the new I-295 Fayetteville Outer Loop interchange and continue north to include a new interchange at Honeycutt Rd. The new interchange, rather than an at-grade crossing is the reason for the additional funds. Phase II, scheduled for FY11, will widen NC 210 (Murchison Road) from Honeycutt Rd north to the Town of Spring Lake, close Hwy 87 just north of the Butner Gate Access Control Point, and build a new interchange at Randolph Rd for public access to Ft Bragg. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching

funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for a Fort Bragg/Bragg Blvd, Murchison Rd Military Construction Project Plus Up in fiscal year 2009. The entity to receive funding for this project is Fort Bragg, North Carolina, with the mailing address of HQS XVIII Abn Corps & Fort Bragg, AFZA-CAS-CA Fort Bragg, NC 28310-5000.

The funding would be used to increase the Department of Defense funding for the Fort Bragg/Bragg Blvd. Murchison Road Military Construction project from the President's requested level of \$13.24 million by \$8.56 million. The project will widen Murchison Road to flow traffic around Fort Bragg and includes two new interchanges to access control points at Fort Bragg. The project increase is sorely needed due to revisions to the original project necessitated by BRAC and other mission growth at Fort Bragg. This is a high priority security project to close Bragg Boulevard to public traffic through Fort Bragg, which is necessary for the new FORSCOM HQ which will be too close to Bragg Avenue to ensure its safety. The project is currently being planned and designed by North Carolina Department of Transportation (NCDOT) in two phases. This increase is needed for Phase I which will widen NC 210 (Murchison Road) to six lanes beginning at the new I-295 Fayetteville Outer Loop interchange and continue north to include a new interchange at Honeycutt Rd. The new interchange, rather than an at-grade crossing is the reason for the additional funds. Phase II, scheduled for FY11, will widen NC 210 (Murchison Road) from Honeycutt Rd north to the Town of Spring Lake, close Hwy 87 just north of the Butner Gate Access Control Point, and build a new interchange at Randolph Rd for public access to Ft Bragg. I certify that neither I nor my spouse has any financial interest in this project.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program named or will be named after a sitting Member of Congress; (2) is not intended for a "front" or "pass through" entity; and (3) meets or exceeds all statutory requirements for matching

funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding in the Fiscal Year 2009 Military Construction/Veterans Affairs Appropriations bill, Army National Guard, Military Construction account for the Infantry Squad Battle Course at Camp Grayling, Michigan. Earlier this year I submitted a similar certification letter to the Appropriations Committee; however, because of the way the original project was broken down by the Committee another certification letter was required.

The entity to receive funding for this project is Michigan National Guard, located in Lansing, Michigan. It is my understanding that the funding would provide combat leaders the ability to train and evaluate their unit in an outdoor squad tactical movement engagement scenario. *I certify that this project does not have a direct and foreseeable effect on the pecuniary interests of me or my spouse.*

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for the Fire Station at Grand Forks Air Force Base, Grand Forks, North Dakota in fiscal year 2009. The entity to receive funding for this project is the United States Air Force located at the Grand Forks Air Force Base. It will also relocate the fire station to a new centralized location where it can meet mandated emergency response times. The existing fire station needs to be replaced because its poor location and outdated design keeps firefighters from meeting emergency response times. Dear Chairman Obey and Ranking Member Lewis:

I am requesting funding for The Fort Eustis Training Support Center. The entity to receive funding for this project is the City of Newport News Industrial Development Authority, located at 2400 Washington Ave., City Hall, 3rd Floor, Newport News, Virginia 23607. The funding will be used for the construction of facilities for the U.S. Army's Training Support Center at Fort Eustis, VA. The current facilities date from WWII and are failing structurally and environmentally, creating frequent facility shutdowns for stopgap repairs and high maintenance costs. It is here that the U.S. Army is attempting to provide training support for its soldiers, including the production and delivery of training products to tens of thousands of deployed soldiers for tasks such as Combat Life Saver, defeating Improvised Explosive Devices, React to a Convoy Ambush, and Foreign Language Acquisition and Cultural Awareness. I certify that I have no financial interest in this project.

Rep. David Obey
Chairman
House Appropriations Committee
H-218 U.S. Capitol
Washington, D.C. 20515

Dear Chairman Obey,

I am requesting \$11,900,000.00 for a large Fire Crash Rescue Station at Travis Air Force Base in Fairfield California. The entity to receive funding for this project is Travis Air Force Base in Fairfield California.

The current fire station at Travis AFB is a 45-year old deteriorated facility. The station does not support the 65 personnel and 14 vehicles assigned to it. The location does not provide direct access to runways, ramps, and flightline facilities. The facility does not meet minimum response to meet fire codes and standards and current station is also seismically-deficient.

This project would provide a properly located, sized, and configured Large Fire Crash Rescue Station; station that will house all fire fighting equipment and crews of the central station; a central fire alarm system, command and control; quarters for 24-hour crews; and demolition of a 1,527 SM building.

Authorization to fund this project was included in the FY07 Defense Authorization Act. Additionally, the Senate Appropriations Committee approved full funding for this project. Due to the funding constraints of the FY07 Continuing Resolution, final funding of the Large Fire Crash Rescue Station was not approved. This project remains the base's number one unfunded priority for FY09.

I certify that I have no financial interest in this project.

Sincerely,

Dear Chair Obey and Ranking Member Lewis:

I am requesting funding for The Dalles Readiness Center in fiscal year 2009. The entity to receive funding for this project is the Oregon Military Department Installations Division, located at 1776 Militia Way, PO Box 14350, Salem, OR 97309-5047.
