

Lake Havasu City, Bullhead City, Cottonwood, Prescott, Payson, Mesa, Apache Junction...

What a week! I was grateful to have the opportunity to meet with so many Arizonans across the state about the important issues facing our communities as well as our country. Every time I visit with concerned citizens, I am amazed at what we can accomplish with just a simple conversation.

There is no question that the solutions to the biggest challenges we face today--from cracking down on illegal immigration to eliminating waste, fraud and abuse--are going to come from Main Street, not DC bureaucrats.

I always find myself invigorated after my town hall meetings because I know that with **bold action**, we can break through the status quo infecting our nation's capital.

I want to personally thank each and everyone of you who came out to one of my gatherings this past week and took part in the conversation. We have some some great pictures posted further down in this email so keep reading to see if we got one with you!

### **IN MEMORY: NANCY REAGAN**

It is with a heavy heart that our nation mourns the death of Nancy Reagan who passed away this past week. There is absolutely no question that Ronald Reagan would not have been the man he was without the eternal love and support from Nancy at his side every step of the way. Her leadership has positively impacted countless generations of Americans to come. As a father of two daughters, I can only hope that they grow up to be as strong and compassionate as Nancy Reagan. And despite last Sunday's sad news, I can't help but smile thinking of Nancy and President Reagan together once again in God's hands.

---

### **HISTORIC SITE DESIGNATION**

Do you like being told to sit down and shut up? I didn't think so...but that is exactly what happened on March 4th when the National Park Service rammed a bogus historic place listing down the throats of Arizonans. Why you ask? Because environmental extremist groups, hell-bent on sabotaging an important mining project, collaborated with government bureaucrats to silence public comments through deceptive notices and short comment periods. I will not stand for this deceitful abuse of power and vow to continue fighting back against this false listing. Click [HERE](#) to learn more.

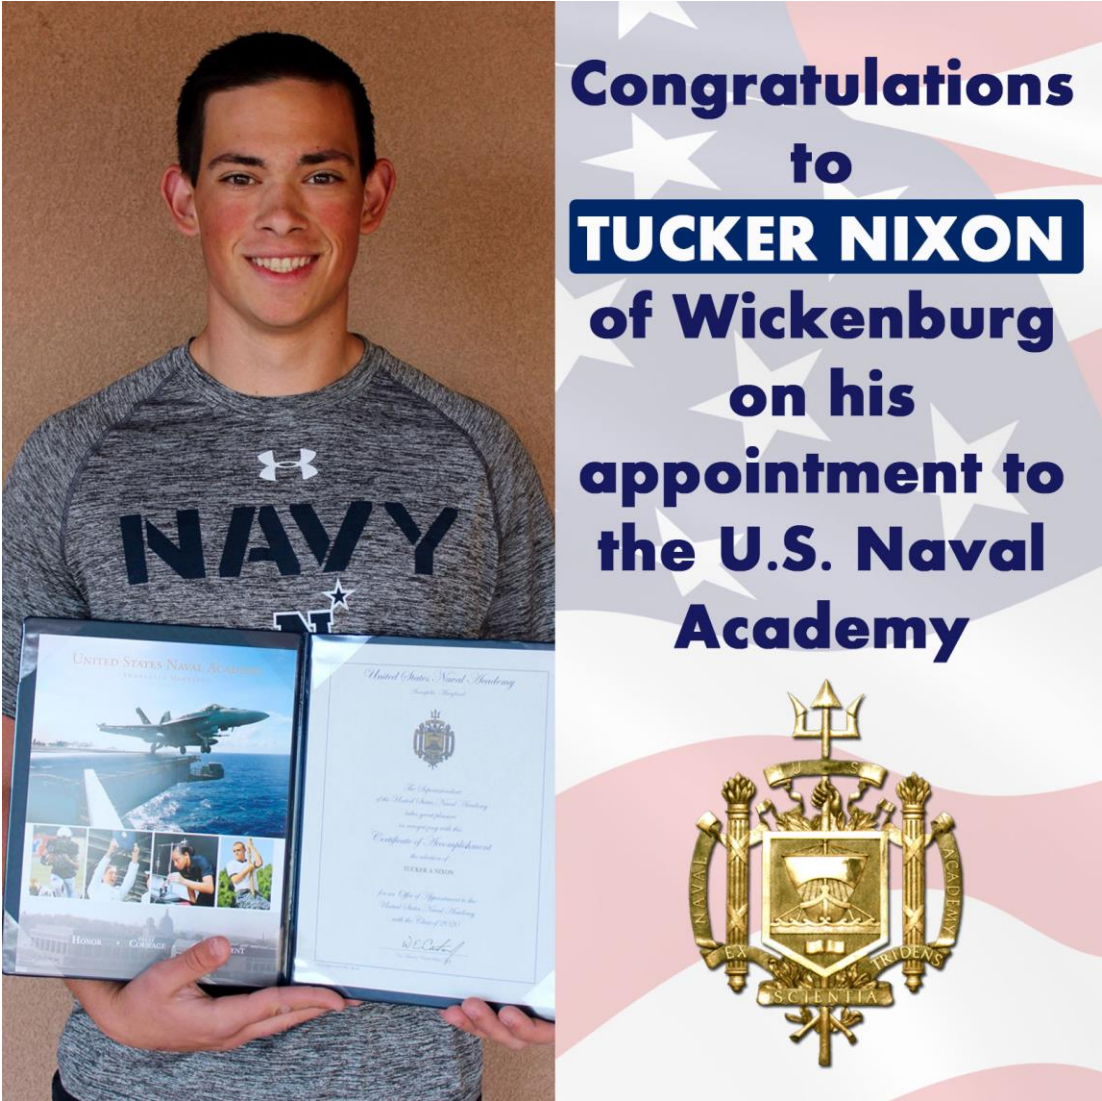

### **WICKENBURG STUDENT SETS SAIL FOR THE U.S. NAVAL ACADEMY**

Arizona is incredibly blessed to have so many young men and women who are willing to answer the call to serve our country. Tucker Nixon, of Wickenburg, AZ is one of those

---

leaders who has recently accepted his appointment to the United States Naval Academy. I am so proud of Tucker and you should be too!

**PHOTOS FROM THE ROAD**

Kicked off a great week of meeting Arizonans across the state starting last Monday morning at Makai's Cafe in Lake Havasu City.

---

Think 8th graders at Mohave Accelerated School in Bullhead City don't know about civics? Think again! These Patriots are ready to lead!

Had a great afternoon in Cottonwood on Tuesday and had the chance to discuss illegal

---

immigration with the Mingus Mountain Republican Club.

It's always good to be home and I'm so grateful to everyone who came out for my town hall last Tuesday night in Prescott, including my son!

Look who I met at the Arizona State Capitol: Girl Scout Troop 626 from Yuma who sold 24,113 cookies! That's a lot of cookies, and it was enough to win them a trip to the Capitol Building in Phoenix.

Standing room only Wednesday morning at my Congress, Cops and Coffee event at Cuppers Coffee House in Prescott. We had a great discussion with local law enforcement about cracking down on illegal immigration and defending our Second Amendment rights. Big thanks to Prescott, Chino Valley, Prescott Valley and Cottonwood Chiefs for attending. Also Sheriff Scott Masher, Supervisor Chip Davis, Councilwoman Billie Orr, Cottonwood Mayor Diane Joens and Prescott Mayor Harry Oberg.

---

Had a great town hall in Payson on Wednesday night where I focused on the federal budget and cutting wasteful spending.

Another good turnout in Apache Junction discussing the issues of the day with concerned citizens.
