**RANDY HULTGREN***Proudly Representing the 14th District of Illinois*[Home](#)[About Randy](#)[Serving You](#)[News](#)[Our District](#)[Contact](#)

July 12, 2011

On Monday, the House debated a piece of legislation, the BULB Act, which I'm proud to support. To me, this is a commonsense bill: not only does it empower consumers, rather than government bureaucrats, to decide what kinds of light bulbs someone has in their home; it also reduces our reliance on compact fluorescent light bulbs, which are filled with dangerous mercury. As a constituent recently told me, we shouldn't be required to use a light bulb that "requires a hazmat suit to clean up if you break it."

I spoke on the floor during the debate; [click here](#) or on the image below to watch my video.
