During the first session, 1,203 reports were filed in the Senate and 1,468 were filed in the House. During the second session, 1,498 reports were filed in the Senate and

^{**}This figure does not agree with the total difference between bills reported and bills passed, because resolutions and bills placed on the House Calendar without having been formally reported were not included in figures of measures reported to the House; the difference in the case of Senate figures is due to uncounted bills "laid on the table" or "indefinitely postponed." These data include bills on calendar and in conference at the end of the first session.
