

2012 U.S. NET IMPORT RELIANCE¹

¹Not all mineral commodities covered in this publication are listed here. Those not shown include mineral commodities for which the United States is a net exporter (for example, molybdenum) or less than 5% import reliant (for example, talc). For some mineral commodities (for example, rare earths), not enough information is available to calculate the exact percentage of import reliance; for others (for example, lithium), exact percentages may have been rounded to avoid disclosing company proprietary data.

²In descending order of import share.
