In FY 2016, the Emergency Management Performance Grants (EMPG) Program provides \$350,100,000 to assist state, local, and tribal, and territorial governments in preparing for all hazards, as authorized by the *Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended* (42 U.S.C. 5121 et seq.). This total funding amount includes \$100,000 from the Disaster Relief Fund that FEMA must make available to the Federated States of Micronesia and the Republic of the Marshall Islands pursuant to Article X of the *Federal Programs and Services Agreement of the Compact of Free Association Act* (Pub. L. No. 108-188). Title VI of the *Stafford Act* authorizes FEMA to make grants for the purpose of providing a system of emergency preparedness for the protection of life and property in the United States from hazards and to vest responsibility for emergency preparedness jointly in the Federal Government and the states and their political subdivisions. The intent of the FY 2016 EMPG is to provide grant funding to assist state emergency management agencies in obtaining the resources required to support the National Preparedness Goal's associated Mission Areas and Core Capabilities. The Federal Government, through the EMPG Program, provides necessary direction, coordination, guidance, and assistance, as authorized in Title VI so that a comprehensive emergency preparedness system exists for all hazards. The final FY 2016 allocations under the FY 2016 Emergency Management Performance Grant (EMPG) Program were announced on February 16, 2016.
