2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “Embassy Security Au-
3 thorization Act, Fiscal Year 2019”.

4 **SEC. 2. STANDARD DESIGN IN CAPITAL CONSTRUCTION.**

5 (a) SENSE OF CONGRESS.—It is the sense of Con-
6 gress that the Department of State’s Bureau of Overseas
7 Building Operations (OBO) or successor office should give
8 appropriate consideration to standard embassy design, in
9 which each new embassy and new consulate starts with
10 a standard design and keeps customization to a minimum.

11 (b) CONSULTATION.—The Secretary of State shall, in
12 consultation with the appropriate congressional commit-
13 tees, carry out any new embassy compound project or new
14 consulate compound project that is in the design phase
15 or pre-design phase as of the date of the enactment of
16 this Act and that utilizes a non-standard design. The Sec-
17 retary shall provide such committees, for each such
18 project, the following documentation:

19 (1) A comparison of the estimated full lifecycle
20 costs of the project at issue to the estimated full
21 lifecycle costs of such project if such project were to
22 use a standard embassy design.

23 (2) A comparison of the estimated completion
24 date of such project to the estimated completion
25 date of such project if such project were to use a
26 standard embassy design.

1 (3) A comparison of the security of such com-
2 pleted project to the security of such completed
3 project if such completed project were to use a
4 standard embassy design.

5 (4) A justification for the Secretary's selection
6 of a non-standard design over a standard embassy
7 design for such project.

8 (5) A written explanation if any of the docu-
9 mentation necessary to support the comparisons and
10 justification, as the case may be, described in para-
11 graphs (1) through (4) cannot be provided.

12 **SEC. 3. STATEMENT OF POLICY.**

13 It is the policy of the United States that the Bureau
14 of Overseas Building Operations of the Department of
15 State or its successor office shall continue to balance
16 functionality and security with accessibility as defined by
17 guidelines established by the United States Access Board
18 in constructing embassies and consulates and shall ensure
