Chapter I. Practitioner Access

The U.S. Tax Court (the Court) provides electronic access (eAccess) allowing persons representing petitioners and respondent who are admitted to practice before the Tax Court (referred to here as “practitioners”) to electronically view documents in their Tax Court case or cases. Practitioners who register for Practitioner Access and agree to the Terms of Use have online access to information and documents, consent to electronic service of documents in their cases (eService), and are eligible to electronically submit documents (eFile). **eFiling is mandatory for most parties represented by counsel (practitioners) in cases with petitions filed on or after July 1, 2010.** Initial filings, such as the petition, may be filed only in paper form; thus, eFiling in a case can be commenced only after a petition has been filed in the Tax Court in that case. See [Rule 26\(b\)](#) and Chapter VI “Electronic Filing (eFiling)”.

Terms of Use

During eAccess registration, practitioners must agree to the Terms of Use, set forth below:

Acceptance of the Terms of Use constitutes an agreement to abide by all Court Rules, policies, and procedures governing the use of the Court's electronic access and filing system. By registering for eAccess, practitioners consent to receive electronic service (eService) of documents pursuant to [Rule 21\(b\)\(1\)\(D\)](#). Practitioners and petitioners who consent to receive eService agree to regularly log on to eAccess to view served documents. The combination of user name and password serves as the signature of the individual filing the documents. Individuals must protect the security of their login credentials and immediately notify the Court by submitting an online eAccess Support Form if they learn that their account has been compromised. In that event, the Court will deactivate the user's current account and issue new registration instructions, which will permit the user to establish a new secure user name and password for their eAccess account. The Terms of Use can be changed at any time without notice.

Acknowledgment of Policies and Procedures

I understand that:

- I must provide accurate and complete information when I register for electronic access. I must promptly notify the Court of any changes to that information.
- Registration is for my and my authorized agent's use only, and I am responsible for preventing unauthorized use of my user name and password. If I believe there has been unauthorized

use, I must notify the Court by completing and submitting the online eAccess Support Form.

The United States Tax Court reserves the right to deny, limit, or suspend eAccess or eFiling to anyone: (1) Who provides information that is fraudulent, (2) whose usage has the potential to cause disruption to the system; or (3) who in the judgment of the Court is misusing the system.

Hardware and Software Requirements

Practitioners must have access to computers meeting the following minimum requirements:

- Computer and web browser: Windows computer system capable of running Internet Explorer 6.0 (or later) or Firefox 2.0 (or later) is required to use eAccess. Other systems (Macintosh, Linux) and browsers (Opera, Safari, etc.) may work but are not officially supported. The Court's eAccess system is not compatible with mobile devices such as smartphones (iOS (Apple iPhone), Android, Windows, etc.) or tablet computers (iPad, Surface, Kindle, etc.).
- PDF viewer. Documents viewable in eAccess are in PDF and may be opened in Adobe Reader 5.0 (or later) or an equivalent viewer. Adobe Reader may be downloaded free of charge at the Adobe website (<http://get.adobe.com/reader/>). When installing this product, please review and follow Adobe's directions to use Adobe Reader.
- Internet access. High-speed cable or DSL internet service is required.
- Electronic mail (email). A valid email address is required.
- Portable Document Format (PDF) or Tagged Image File Format (TIFF) compatible word processing software. Documents may be eFiled only in PDF or TIFF formats. Some word processing programs have the capability to convert documents to PDF. Alternatively, eFilers who are unable to convert files through their word processor may use third party PDF creation software such as Adobe Acrobat, online PDF creation services, or scan their documents into PDF or TIFF formats.
- Scanner. A scanner is required only if the practitioner wishes to eFile documents that were not prepared using a word processing program, require original signatures in addition to that of the eFiler, or exist only in paper format. Scanned documents may be submitted only in PDF or TIFF formats. Additional software may be required if the scanner is incapable of scanning directly to PDF or TIFF.
- Printer. A printer is required only if a user wishes to print documents.

Chapter II. Registration

The Court's Admissions Section sends registration instructions to newly admitted practitioners with their certificates of admission and to unregistered practitioners upon request. Interested practitioners may contact the Admissions Section at (202) 521-4629. The instructions include a temporary user name and password allowing one-time access to Practitioner Access for registration purposes. A valid email address is required for registration. The temporary user name and password are valid for 30 days after the date printed on the registration instructions. Practitioners who require an extension may contact the Admissions Section at (202) 521-4629.

Note: By registering for eAccess, you consent to receive eService of documents and agree to regularly log on to Practitioner Access to view served documents.

If you do not want to answer the security question each time you log on from the same computer, you may check the box below the security answer block and you will not be prompted to answer a security question on subsequent login attempts.

If you are unable to correctly answer the question, you may click the “Ask another one of my questions” button (see red box above). This option is available only if you selected and answered three security questions for your Practitioner Access profile.

For security reasons, you cannot log on to Practitioner Access without correctly answering a security question. If you cannot gain access, you will need to re-register. If you wish to do so, please submit an eAccess Support Form or call the Court to delete your existing Practitioner Access profile. Once your profile is deleted, you may use the User Name and Password from the Court’s original letter containing registration instructions to register for Practitioner Access. If you no longer have the letter, please contact the Admissions Section at (202) 521-4629 to request another.

4. If you see the security image you selected and the description you typed during registration, type your new password and click the “Log on & Accept Terms of Use” button to continue. If you do not see the security image and description, contact the Court at (202) 521-0700 or submit an [eAccess Support](#) request. If you do not remember your password, select the “Click here if you forgot your password” link and follow the prompts. See page [19](#) for more information.

Logging Off Practitioner Access

At the end of your Practitioner Access session, you may log off the system by clicking the “Logout” hyperlink in the upper-right corner of the screen below the date.

Viewing the Docket Sheet and Documents

Registered users may view case information and documents available in electronic form in their case(s) by logging on to Practitioner Access. Practitioners representing petitioners may access documents in a case after filing the petition, entry of appearance, substitution of counsel, motion to substitute parties and change caption, notice of intervention, notice of election to intervene, or notice of election to participate. Only IRS practitioners who signed and included their Tax Court bar number on the first responsive document submitted to the Court or those IRS practitioners who have been added to the case may access documents in a case. IRS practitioners with eAccess privileges in a case may add or delete additional IRS practitioners who have registered for eAccess. It is the responsibility of the IRS to timely remove from all cases practitioners who leave the IRS. The IRS must also maintain their attorneys’ access to cases and keep the record current and accurate by sending an electronic file to the Court monthly to update IRS practitioners. Additional information is available in [eFiling Information for IRS Chief Counsel Attorneys](#).

NOTE: Transcripts of hearings and trials are not electronically viewable until 90 days after the proceeding.

What Can Be Viewed Through eAccess?

In cases commenced before 2005, documents filed after January 12, 2009, and in all other cases, documents filed after March 1, 2008, are viewable through eAccess.

What Cannot Be Viewed Through eAccess?

The following documents cannot be viewed through eAccess:

- Documents in sealed cases
- Individual documents that have been sealed or deemed stricken from the record
- Documents in disclosure cases (i.e., cases where the docket number ends with the letter “D”)
- Exhibits (unless submitted with an eFiled document)
- Transcripts (until 90 days after the date of the proceeding)

As a reminder, the general public may use Docket Inquiry on the Court's website to view all Tax Court opinions, orders, decisions, and docket records in unsealed cases without registering for eAccess.

Service Documents:

After successfully logging on, practitioners will see a list of unviewed documents eServed in their cases on the "My Service" page. If all previously eServed documents have been viewed and no new documents have been served, you will see the "No Unviewed Service Documents" message. Documents served in paper, if any, will not appear on the "My Service" page.

The screenshot shows the United States Tax Court website interface. At the top, there is a navigation menu with links: About the Court, Today's Opinions, Opinions Search, Orders, Docket Inquiry, Final Status Report, eAccess, Forms, Judges, Rules, Press Releases, Telephone Numbers, Fees/Charges, Taxpayer Information, Clinics/Student Practice/Calendar Call, Employment, and Help. Below the menu, the website address is listed: United States Tax Court, 400 Second Street, NW, Washington, DC 20217 Telephone: 202-521-0700. The user is logged in as James C. Aubrey, Tax Court Bar No.: AJ0683. The 'My Service' section displays a message: 'No Unviewed Service Documents.' At the bottom, it says 'Generated by Blackstone ... The Judicial System © 2017 All Rights Reserved, CMC Software'.

If new documents have been served or you have not viewed previously served documents, they will be listed on the "My Service" page. The page displays the date of service, the docket number and caption of the case, type of document served, and a "View" hyperlink showing the number of pages in the document. Clicking the hyperlinked docket number will take you to the "Case Index" for the case. Clicking

The screenshot shows the United States Tax Court website interface, similar to the previous one. The 'My Service' section now displays a table of service documents. The table has columns for Service Date, Docket Number, Caption, Document Type, and Service Document. There are two rows of data. At the top of the table, there is a dropdown menu for 'Max. Resolving Problems Viewing Documents

To avoid problems using eAccess, add www.ustaxcourt.gov to your list of trusted sites and change your browser settings to allow pop-up windows on the Court’s website. The Court requires high-speed cable or DSL internet service to use eAccess. Dial-up service may not allow a document to download before the eAccess connection times out.

A large document may take several minutes to open, even with a high-speed connection. Please allow sufficient time for it to download. The system will alert you when the document is very large (greater than 500 pages or 500MB).

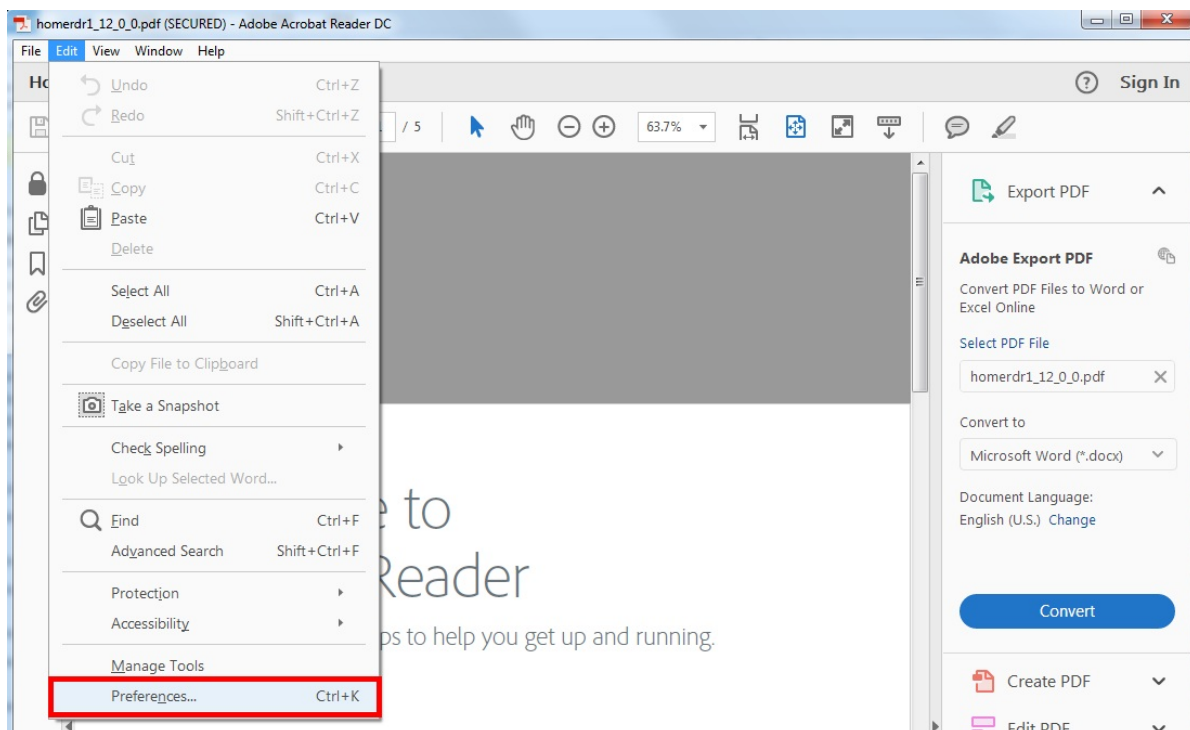

Practitioner Access is not compatible with mobile devices, such as tablet computers or smartphones. You should attempt to view documents only from a notebook or desktop computer.

The Court's system sends a Notification of Service immediately after a document is eFiled. The document must be indexed before it may be viewed through Practitioner Access. This may take several minutes or longer, depending on the size of the document and volume of transactions the system is processing. The Court recommends waiting approximately 30 minutes after receiving the Notification of Service before attempting to view the document eServed.

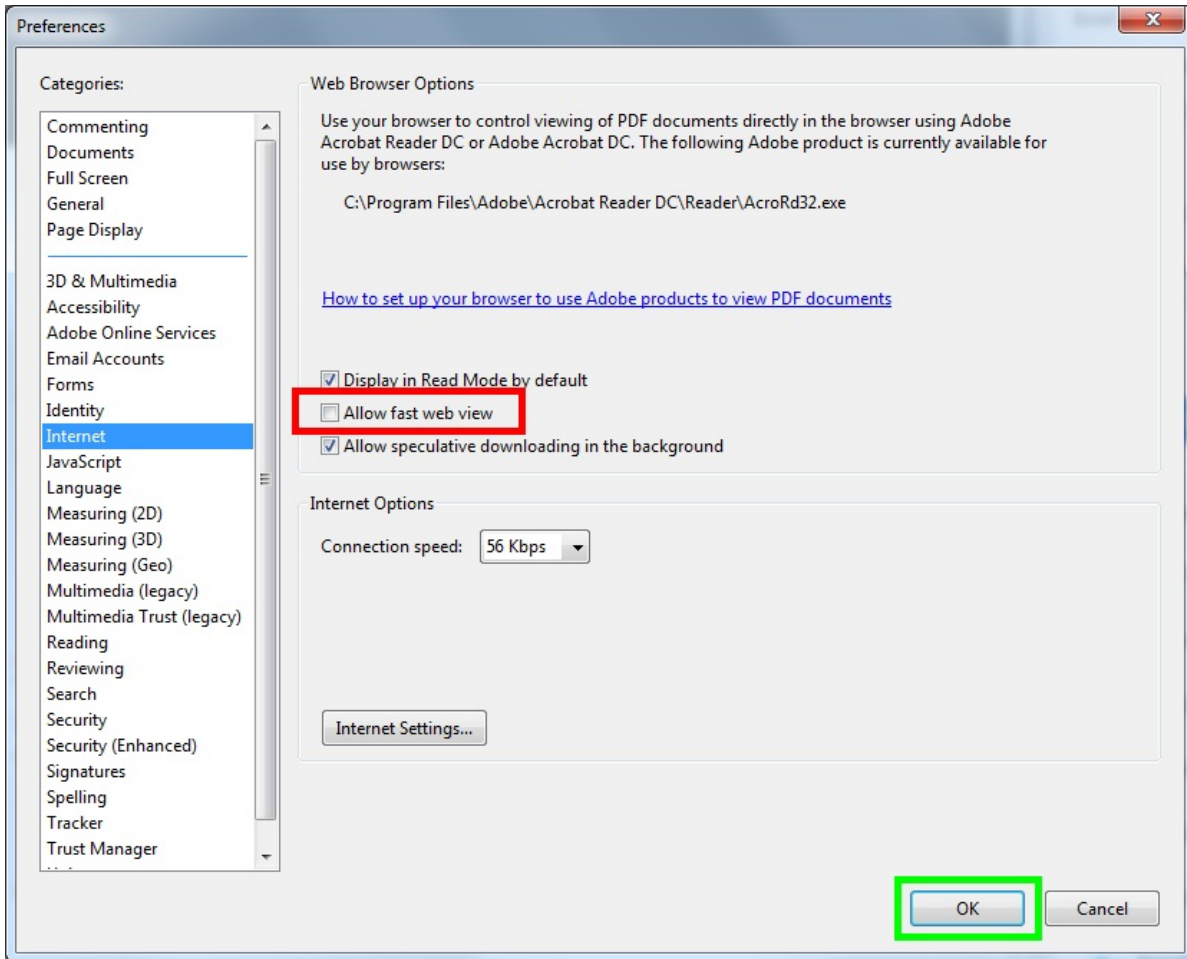

Adobe Acrobat, Adobe Reader, or equivalent PDF viewer is required to view documents. Adobe Reader may be obtained free of charge from the Adobe website (<http://get.adobe.com/reader/>). If you are having trouble viewing a document, try downloading and installing the latest version of the viewer.

If a document opens to a blank screen or you receive an error when opening a document, a setting in Adobe Acrobat or Adobe Reader may be preventing it from opening. To change the setting:

1. Close Practitioner Access and all web browser windows.
2. Launch Adobe Reader. (Depending on your computer, you may need to click the "Start" button and then "All programs", and select Adobe Reader from the list of programs.)
3. Select "Edit" on the menu and then click "Preferences".

4. Select the “Internet” category on the left of the “Preferences” window.

5. Uncheck “Allow fast web view” box under “Web Browser Options”.
6. Click OK.
7. Exit Adobe Reader.
8. Reboot your computer.
9. Log on to Practitioner Access and view your document.

Note: Updating Adobe Reader and Adobe Acrobat may reset the “Allow fast web view” setting. Verify that the “Allow fast web view” box is unchecked each time you update either program.

Searching Docket Records

Practitioner Access allows you to search for cases and view Docket records of unsealed cases to which you do not have eAccess. You may also view opinions, orders, and decisions which are available to the public. Note: Orders and decisions

entered before March 1, 2008, are not viewable. You may search by docket number (Case Entry), the name of a party (Party Search), or the name of a corporation (Corporate Search).

Case Entry:

To search for a case by docket number, click the “Case Entry” link, type the Docket Number, and then click the “Search” button to display the docket sheet.

The screenshot shows the United States Tax Court website's Case Entry search interface. At the top, there is a navigation menu with links such as 'About the Court', 'Today's Opinions', 'Opinions Search', 'Orders', 'Docket Inquiry', 'Final Status Report', 'eAccess', 'Forms', and 'Judges'. Below the menu, the court's name and address are displayed: 'United States Tax Court, 400 Second Street, NW, Washington, DC 20217 Telephone: 202-521-0700'. Below the navigation, there are links for 'My Cases, My Service, My Transactions, My Notifications', 'Party Search, Corporate Search', and 'Update Info, Change User Name, Change Password, Change Security Image, Change Security Questions'. A 'HELP' link points to 'Practitioners' Guide to Electronic Case Access and Filing, eAccess Support Form, Terms of Use'. The user's name, 'Practitioner: James C. Aubrey', and 'Tax Court Bar No.: AJ0683' are displayed. The 'Case Entry' section contains a search form with a 'Docket Number' field containing '50003' and a dropdown menu set to '- 12'. A 'Search' button is highlighted with a green box, and a 'Reset' button is also present. A 'Help' link is located below the search buttons. A note states: 'Docket records are available for cases filed on or after May 1, 1986.' At the bottom, the page is generated by Blackstone ... The Judicial System, © 2017 All Rights Reserved, CMC Software.

Party Search:

To search by the petitioner’s name, click the “Party Search” link, enter the petitioner’s last name (required), and click the “Search” button. You may narrow the search by entering the first name, middle initial, and/or state.

The screenshot shows the United States Tax Court website's Party Search interface. The navigation menu and header information are identical to the Case Entry page. The 'Save' button is highlighted with a green box, and the 'Reset' button is also visible. A red box highlights the 'Change Security Questions' link in the navigation menu. Below the form, there is a note: '(* = Required Field)'.

Please pay close attention to how you type the answer. When you log on to Practitioner Access after registering, you must provide the answer to your security question exactly as you type it during registration, including spaces and punctuation. For example, if you selected the “In what city or town was your first job?” question and typed “New York, NY” as the answer, you must type “New York, NY” as the answer. You will not be able to log on if you type “New York”, “New York,NY” or “New York, N.Y.” If you are unable to correctly answer the question, you may click the “Ask another one of my questions” button. **If you are unable to correctly answer one of the three questions, you will need to re-register.**

There is no way to reset the security questions should you be unable to correctly answer one of the questions. You will need to re-register. If you would like to do so, please contact the Court by submitting an [eAccess Support Form](https://psa.ustaxcourt.gov/eAccessSupport/) (https://psa.ustaxcourt.gov/eAccessSupport/) or by telephone at (202) 521-0700, and we will delete your existing profile. You may use the temporary User Name and Password from the Court’s letter containing registration instructions to re-register immediately after the profile is deleted. If you do not have the letter, you may request another.

Chapter V. Electronic Service (eService)

[Rule 21\(b\)\(1\)\(D\)](#) of the Tax Court Rules of Practice and Procedure authorizes service by electronic means if the person served consented in writing. [Rule 21\(b\)\(5\)](#) authorizes such service through the Court's eAccess system pursuant to procedures prescribed by the Court.

An eFiler may use the Court's transmission facilities to electronically serve those parties or persons in the case who have consented to electronic service. Registration for Practitioner Access constitutes consent to electronic service as provided in these procedures.

Each time a party eFiles a document, the Court's eAccess system generates an email Notification of Service to all parties and persons in the case who have consented to electronic service. The Notification of Service in conjunction with the entry on the Court's electronic docket record constitutes service on all parties who have consented to electronic service. A certificate of service is not required with the eFiled document. Similarly, each time the Court issues a document in a case, a Notification of Service is generated to all parties who have consented to electronic service.

Upon receipt of the Court's email Notification of Service, the recipient should log on to eAccess to view/download the document(s) from the list of unviewed Service Documents. The document may also be saved or printed at this time. The document is removed from the unviewed Service Document list after the user clicks the View link. Practitioners are required to regularly log on to Practitioner Access to view served documents.

Note: The Court's system sends a Notification of Service immediately after a document is eFiled. The document must be indexed before it may be viewed through eAccess. This may take several minutes or longer, depending on the size of the document and volume of transactions the system is processing.

The filing party must make paper service on service parties who have not consented to electronic service. The filing party must also make paper service when filing a document with the Court in paper form. The filing party must also mail a paper courtesy copy of any eFiled document longer than 50 pages to the assigned Judge and all other parties in the case within 3 business days of filing.

Parties cannot use the Court's transmission facilities to make service of documents, such as discovery requests, that are not filed with the Court. The Court cannot serve documents that are not filed, such as expert reports.

Simultaneous briefs (briefs due by all parties to the Court on the same day) will be added to the Case Index as they are filed but will not immediately be served

or be viewable through Practitioner Access. The Court will serve simultaneous briefs when all have been received. Simultaneous briefs may be viewed through Practitioner Access after service.

If the Court's email Notification of Service to a pro se petitioner is returned (bounces back) to the Court's system as undeliverable, the Court will revoke the petitioner's consent to electronic service and notify the eFiler, who must then serve the pro se petitioner in paper form and eFile a certificate of service in the case. The Court will also notify the pro se petitioner on whom eService failed and provide instructions for restoring eService. Electronic service is optional for petitioners, and they are not required to take further action unless they wish to eFile documents going forward.

The Court does not monitor bounced-back emails from practitioners or provide paper service to practitioners registered for Practitioner Access. To reduce the possibility of notifications being misclassified as spam or returned as undeliverable, practitioners should add the Court's domain "ustaxcourt.gov" to their email program's list of safe senders and update their email address in the event it changes.

Chapter VI. Electronic Filing (eFiling)

Electronic filing (eFiling) is mandatory for most parties represented by counsel (practitioners) in cases with petitions filed on or after July 1, 2010. See [Rule 26\(b\)](#). The eFiling requirement is substantially in accord with eFiling policies applicable in other Federal Courts. Mandatory eFiling does not apply to pro se petitioners, including petitioners assisted by low-income taxpayer clinics and Bar-sponsored pro bono programs that participate in Tax Court calendar calls; practitioners who apply to the Court for and are granted relief from the requirement to eFile based on good cause; documents filed at trial sessions; or documents not eligible for eFiling in the Tax Court, such as petitions and sealed documents. The Court will not accept for filing any document required to be eFiled under this policy that is submitted by mail or delivered to the Clerk's Office in paper form. The [Tax Court Rules of Practice and Procedure](#) (Rules) are applicable to all documents filed with the Court. Practitioners may find additional information below.

Counsel who are registered for Practitioner Access, agree to the eAccess Terms of Use, and are in good standing with the Court may eFile documents from a computer that meets the minimum requirements for eAccess. **The petition may be filed only in paper form;** thus, eFiling in a case can be commenced only after a petition has been filed in the Tax Court in that case. Any counsel for respondent with eFiling privileges may eFile the first responsive pleading in a case. Thereafter, only respondent's counsel who signed the answer or who have been given access to the case by an IRS attorney in the case may eFile in it.

Exemption from eFiling for Low-Income Taxpayer Clinics and Bar-Sponsored Pro Bono Programs

Practitioners employed by low-income taxpayer clinics or who assist taxpayers as part of a Bar-sponsored pro bono program may, but are not required to, eFile on their clients' behalf. Practitioners who wish to be exempt from eFiling under the low-income taxpayer clinic/Bar-sponsored pro bono program exemption must file a motion to be exempt from eFiling in each case in which they wish to be exempt.

Good Cause Exception to eFiling

Upon motion and a showing of good cause, the Court may exempt a practitioner who has entered an appearance in a case (or cases) from eFiling and permit filing in paper form. If a practitioner is unable to eFile, he or she must file in each case for which he or she is seeking to be exempt a paper motion for leave to be exempted from eFiling (motion for exemption) and show good cause (i.e., hardship to the practitioner) why he or she cannot eFile. A motion for exemption, if granted, does not alter any preexisting deadlines. Accordingly, the practitioner may

also wish to submit in paper form, along with the motion for exemption, any responsive documents that are due to ensure all filing deadlines are met. **Note:** If the Court grants a practitioner's motion for exemption, he or she will be ineligible to receive electronic service (eService) in that case. If the practitioner who seeks to be exempted from eFiling is counsel of record in more than one case, he or she must file a separate motion to be exempt in each case in which he or she seeks to be exempt from eFiling.

What Documents May Be eFiled

Practitioners must electronically transmit all documents eligible for eFiling, except those filed at trial sessions, if the petition was filed on or after July 1, 2010. The table on page [84](#) includes the documents that may be filed with the Tax Court. Practitioners may consult the list while preparing documents to ensure they are correctly titled and to determine whether they are eligible for eFiling. As an aid to eFilers when they select the title of the document to be filed, the table also includes the document category, such as "Motions" or "Miscellaneous Documents" in which the document may be found. Those documents marked as ineligible for eFiling must be submitted to the Court in paper form. If the eFiler selects an ineligible document type during the eFiling process, the system will display an error message.

If a practitioner eFiles a document in a case in which the petition was filed before July 1, 2010, he or she must eFile all subsequent documents in the case (except ineligible or sealed documents). A user who wishes to submit a document in paper form after filing other documents electronically must submit a motion requesting approval of the Court to do so. The Court will automatically reject and return to the sender documents submitted in paper form (that are otherwise required to be eFiled) when unaccompanied by a motion requesting leave to file in paper form.

Exhibits or attachments, if any, to eFiled documents must be electronically transmitted to the Court and must be included in the same electronic file as the eFiled document. (Trial exhibits are not eFiled.) Exhibits or attachments that are not in a format that readily permits electronic conversion to PDF or TIFF format, such as blueprints and software, may be mailed to the Court with a cover sheet including the caption, docket number, title of the electronically transmitted document, and date the document was eFiled (see page [99](#) for sample format). The eFiled document should indicate which exhibits or attachments are not electronically transmitted (and thus not included in the eFiled document), and the eFiler must serve a copy of the exhibits or attachments on the opposing party in the format in which they are filed with the Court.

Documents in the nature of evidence are not received into evidence merely by virtue of being eFiled. The parties may offer evidentiary materials to the Court at the time of trial.

Unlike exhibits which are included in the document file, a document requiring leave of the Court for filing, such as a Reply filed out of time, must be electronically transmitted in a separate document from an eFiled motion for leave to file per [Rule 41\(a\)](#) of the Tax Court Rules of Practice and Procedure. However, the document requiring leave must be submitted in the same transaction as the motion. For example, a practitioner should eFile a motion for leave to file a reply out of time (motion.pdf) and add the Reply (reply.pdf) when prompted to attach the document to be eLodged. The motion will be eFiled and the Reply will be eLodged. If the Court grants the motion for leave, then the Court will file the Reply. A motion for leave with supporting memorandum of law and related papers must also be eFiled in separate documents but in the same transaction. See instructions on page [70](#) for additional information on eFiling documents requiring leave and supporting documents.

Affidavits, briefs, declarations, and memoranda that are filed in support of documents other than motions for leave may be filed in separate transactions. For example, a practitioner may file a motion for summary judgment in one transaction and a declaration in support for the motion in another transaction.

All documents in disclosure cases (i.e., cases where the docket number ends with the letter “D”) and sealed cases must be filed in paper form. In addition, motions to seal a document or a case, motions for protective order requesting that something (i.e., address, document, or case) be sealed, and responses to motions to seal must also be filed in paper form.

Documents filed in paper form may be hand-delivered to the Tax Court between 8:00 a.m. and 4:30 p.m. (Eastern time) or mailed to:

United States Tax Court
400 Second Street, N.W.
Washington, D.C. 20217-0002

Documents filed by those who are not parties to a case must be filed in paper form because those persons do not have eAccess to the case. For example, if a party serves a subpoena on a witness, the witness may file a motion to quash, but must do so in paper form.

Timeliness of eFiled Documents

A document is considered timely filed if it is electronically transmitted no later than 6:00 a.m. Eastern time on the day after the last day for filing. For example, if the judge orders filing of a status report on or before May 1, then the report is considered timely if it is electronically transmitted no later than 6:00 a.m. Eastern time on May 2. If the status report is transmitted on May 2 at 6:01 a.m., it is considered untimely filed (late). However, if the case is calendared for trial or hearing, documents may not be eFiled after 3:30 p.m. Eastern time on the last

business day before the start of the trial session. See page [48](#) (cases set for trial or hearing).

A problem with the eFiler's systems or equipment will not excuse an untimely filing. In such a circumstance, the eFiler may seek appropriate relief from the Court, i.e., file a motion with the Court requesting an extension of time. If technical difficulties at the Court prevent eFiling, the time for eFiling will be extended appropriately. The Court will post notices regarding extension of time for eFiling on the Court's website after the problem is resolved. Planned outages will be posted in advance on the Court's website. **As indicated below, petitions and notices of appeal may not be eFiled and the previous paragraph does not apply to petitions.**

Format and Style of Documents

Each document transmitted in electronic form must state below the docket number on the first page that it has been filed electronically. For example:

UNITED STATES TAX COURT		
WASHINGTON, DC 20217

)

MOTION FOR CONTINUANCE		

IMPORTANT NOTICE OF PRIVACY PROTECTION: All filers should refrain from including or should redact taxpayer identification numbers (e.g., Social Security numbers or employer identification numbers); dates of birth; names of minor children; and financial account numbers.

Paper documents containing taxpayer identification numbers that will be scanned for transmission to the Court should be photocopied and then the information redacted (deleted). There are two effective methods:

1. All the text to be redacted may be cut out (literally) and the clippings properly disposed of (shredded). This method will always be 100% effective.
2. The sections to be redacted may be covered with opaque (100% impenetrable by light; neither transparent nor translucent) tape or paper. The use of plain paper should be avoided as the scanner may pick up images through the paper. Some black paper may allow some light reflection and should be used with care.

The document must include the typed name of the user under whose user name and password the document is transmitted which serves as the eFiler's signature on all electronic documents filed with the Court. In addition, a party may eFile a document containing a digitized signature or a scanned document containing a written signature. The document must contain the eFiler's Tax Court bar number, address, telephone number, and email address. For example:

James M. Scott
Tax Court Bar No. SJ0000
111 Elm Street
Washington, DC 20000
Telephone: (202) 555-1212
email: myusername@example.com

Documents that require signatures in addition to that of the eFiler, such as a stipulation or motion signed by two practitioners, may be electronically transmitted; however, the eFiler must maintain the paper copy (with all required original signatures) for a period of 18 months after the decision in the case is final.

Documents bearing multiple signatures must contain the address and telephone number of each signer and the date he or she signed the document. The Court will accept digitized signatures and typewritten names of the other parties or persons if the document contains a statement that the document is being filed with their consent. Alternatively, documents containing written signatures may be scanned into PDF or TIFF. On request of the Court, the eFiler must provide original documents for review. Below is an example of the signature page of a motion electronically transmitted by two practitioners, James M. Scott and Martha L. Johnson. James Scott is eFiling on behalf of his associate; therefore, his signature is not required but may be included. Martha Johnson's signature is digitized in the example, but the Court would also accept the document if the signature were typed or if the page were scanned with her written signature.

WHEREFORE, it is prayed that this motion be granted.

Date: May 1, 2016

Documents must be printed to portable document format (PDF) or converted to tagged image file format (TIFF) and saved with the appropriate extension (.pdf, .tiff, or .tif) before beginning the eFiling process. Fillable forms on the Court's website, such as Entry of Appearance or Notice of Change of Address forms, must first be printed (rather than saved) to PDF or exported to TIFF so that the data is embedded in the document. If an eFiler transmits a PDF form before embedding the data, the Court will receive a blank document. Alternatively, the eFiler may print a hard copy of the form and then scan it to PDF or TIFF.

Preparing documents for eFiling may require special software such as Adobe Acrobat; however, some programs currently installed on the eFiler's computer, such as Corel WordPerfect (versions 9 and later), and Microsoft Word, have the capability to convert documents to PDF. Alternatively, eFilers who are unable to convert files through their word processor may use third party PDF creation software such as Adobe Acrobat, online PDF creation services from Adobe (<http://createpdf.adobe.com/>) and others to do the conversion, or scan their documents into PDF or TIFF formats. eFilers unfamiliar with the conversion process should consult their word processor or scanner documentation for capabilities and instructions.

Note: The resolution of scanned documents should be 300 dpi (dots per inch). The resolution may be verified or set in the scanning software before the document is scanned. The software or scanner documentation should include instructions for verifying or changing resolution. The page size of all documents shall be 8-1/2 inches wide by 11 inches long. eFilers should verify that their documents are legible and comply with these requirements before transmitting them to the Court. The Court may strike documents that are illegible or that do not comply with the

Court's requirements. See [Rule 23](#) for additional information concerning the form and style of documents filed with the Court.

An eFiler must send a paper courtesy copy of any eFiled document longer than 50 pages to the assigned Judge and all other service parties in the case. If no Judge is assigned to the case, the courtesy copy should be mailed to the Chief Judge. If a document is eFiled in consolidated cases, only one courtesy copy is required. The courtesy copies should be mailed within 3 business days of filing.

Consolidated Cases

Motions to consolidate and documents eFiled in consolidated cases must be eFiled if one or more of the cases was commenced on or after July 1, 2010. The caption of the document must list all the docket numbers of the cases in chronological order beginning with the lowest number (i.e., the oldest case first). The case with the lowest docket number is the lead case. See [Rule 141\(a\)](#).

When eFiling a motion to consolidate, amended motion to consolidate, motion to calendar and consolidate, or amended motion to calendar and consolidate, the eFiler is required to enter in chronological order all cases to be consolidated, making sure all are entered correctly.

1. Enter a docket number in the spaces provided and click the "Add" button.

The screenshot shows the eFiling interface. At the top, there is a header 'eFiling' and a search bar containing 'Docket No.: 312345-13' and 'Caption: John Doe'. Below this is a navigation menu with links: 'Go to » Case Index, Miscellaneous Unfiled Documents, Service Parties, Parties, Participants, Respondent Practitioners, eFiling'. The main section is titled 'eFiling Steps: ■ Select Document Name'. It contains a form with the following elements:

- A 'Document Name' field containing 'MOTION TO CONSOLIDATE DOCKET NUMBERS' and a 'Code' field.

4. Proceed to step 7.c., “Attach the document” beginning on page [56](#).

Documents are usually eFiled in the lead case. For example, the eFiler would file a motion to calendar for a time and date certain in the lead case and the system will add the docket entry and link the motion to the case index for each case in the consolidated group. However, the eFiling system allows the eFiler to select whether a document is eFiled in all cases, some cases, or only one case in the group. For example, if there are five cases in a consolidated group and three of the cases have the same petitioner, the eFiler would select the docket numbers of those three cases when filing a notice of change of petitioner’s address, and the system will add the notice to the records of those specific cases. Similarly, a motion to compel discovery may be filed in only one of the cases in a consolidated group.

An entry of appearance or a substitution of counsel may not be filed in a consolidated group of cases. The eFiler must file a separate document in each docket number. See [Rule 24\(a\)\(3\)](#).

If one or more of the parties in a consolidated group requires paper service, the document must include a certificate of service.

Cases set for Trial or Hearing

Documents in cases calendared for trial or hearing may not be eFiled after 3:30 p.m. Eastern time on the last business day before the start of the trial session and for the duration of the session. For example, in a case calendared for trial beginning Monday, September 9, eFiling is blocked after 3:30 p.m. on Friday, September 6. After that time and for the duration of the trial session, any documents must be filed in paper form at the trial session. eFiling may recommence at 6:00 a.m. Eastern time on the next calendar day following the scheduled end of the session, usually a Saturday, or earlier if ordered by the trial judge.

eFiling Wizard

Welcome to the eFiling Wizard! I will walk you step-by-step through the eFiling process. The first step is to select the name of the document that you wish to eFile. Click on the 'Click Here for a List of Document Names' link to see the list of documents that can be filed. Some documents names have an arrow to the right - this means that a second list of documents will be displayed when you click on it. Click on a document name to select it.

If the document name is correct, click on the 'Next' button to proceed to the next step.

If you selected the wrong document name simply click on the document name to display the list of document names again.

Helpful Hint: If you are unsure of the precise document name, simply select the one that seems appropriate. The Court will retile it, if necessary, and notify you.

Select the Document Name:

[Turn Off the eFiling Wizard](#)

[Next](#)

The Court's system includes an eFiling Wizard to guide the eFiler through the eFiling process. The Wizard will ask questions to construct the docket entry for the document. During the eFiling process, the system builds and displays the docket entry based on the answers and the options selected. The Wizard is mandatory for the first ten eFiling transactions. Beginning with the eleventh document, the eFiler may turn the Wizard off (or on) at any time. The Court recommends that eFilers use the Wizard while eFiling all documents.

Service of eFiled Documents

Each party who eFiles must continue to serve the other party or other persons involved in the matter in paper form in accordance with [Rule 21\(b\)](#) if the other party or other persons have not consented to eService or if the document is filed with the Court in paper form. The eFiler may view the parties' method of service by clicking the "Service Parties" link above the Case Index. A certificate of service is required to be transmitted to the Court with the document if the designated service person for the opposing person or party receives paper service or if additional paper service is required. If you are entering an appearance on behalf of a petitioner who receives paper service, you do not need to include a certificate of service if all other parties have consented to eService. The Notification of Service in conjunction with the entry on the Court's electronic docket record constitutes service on all parties who have consented to electronic service.¹

In addition to serving the Designated Service Person, the Court will send a courtesy copy of the Notification of Service to the eFiler and all registered Petitioner Access and Practitioner Access users in the case who have consented to eService.

Simultaneous briefs (briefs due by all parties to the Court on the same day) will be added to the Case Index as they are filed but will not immediately be served or be viewable through Practitioner Access. The Court will serve simultaneous briefs when all have been received. Simultaneous briefs may be viewed through Practitioner Access after service.

Note: The Court's system sends a Notification of Service immediately after a document is eFiled. The document must be indexed before it may be viewed through eAccess. This may take several minutes or longer, depending on the size of the document and volume of transactions the system is processing.

Users should log on to Practitioner Access daily in case a notification was intercepted by a junk mail filter. To reduce the possibility of notifications being returned as undeliverable to the Court's email system, eFilers should add the Court's domain "ustaxcourt.gov" to their email program's list of safe senders. The Tax Court does not respond to sender verification messages automatically generated by junk email or spam filters or monitor bounced-back emails from practitioners.

¹If the email Notification of Service to a pro se petitioner is returned (bounces back) as undeliverable to the Court's system, the Court will revoke the petitioner's consent to electronic service and notify the eFiler, who must then serve the pro se petitioner in paper form and eFile a certificate of service in the case.

My Transactions

Documents are entered on the record automatically as they are transmitted to the Court. They are eFiled and eServed as the Court receives them. A list of the filer's eFiling transactions is available on the "My Transactions" page. The eFiler may view, save, or print the transaction receipt by clicking the hyperlinked transaction number.

Errors

Documents are immediately filed and entered on the record. If an eFiler discovers an error in an eFiled document, he or she may eFile a motion to supplement or a motion to amend the eFiled document in accordance with the Tax Court Rules of Practice and Procedure.

The Court's Docket Section will review all eFiled documents. The Docket clerk may correct certain errors in the docket entry or the document filed. The errors will be indicated in a Notice of Docket Change. The Court will preserve the original information provided by the eFiler and note the correction(s) in a Notice of Docket Change which will appear on the docket record.

The Court may also order that a document be deemed stricken from the record. The docket entry for a stricken document will remain on the docket record but will be modified by adding "STRICKEN" to the end of the docket entry. The Court may make certain stricken documents unviewable by the parties. For example, a document eFiled in the wrong case will be deemed stricken and the contents will not be viewable.

Checklist for eFiling

Have I:

- Registered for Practitioner Access and accepted the Terms of Use?
- Added the Court's domain "ustaxcourt.gov" to my email program's list of safe senders so that email notifications do not bounce?
- Stated on the first page of my document that it has been filed electronically?
- Included my name, Tax Court bar number, address, telephone number, and email address on the document?
- Verified that my document is in PDF or TIFF format and is legible?
- Refrained from including or redacted taxpayer identification numbers (e.g., Social Security numbers or employer identification numbers); dates of birth; names of minor children; and financial account numbers?
- Served the other party or other persons involved in the matter in accordance with [Rule 21\(b\)](#)?

eFiling Instructions

Counsel who have registered for Practitioner Access may use the instructions below to eFile in their cases. Counsel for petitioners may eFile an entry of appearance, substitution of counsel, notice of intervention, notice of election to intervene, notice of election to participate, or motion to substitute parties and change caption without first having eAccess to a case. See the instructions on page [63](#). After filing one of these documents, the practitioner may eFile subsequent documents using the instructions beginning on page [52](#).

The IRS attorney who eFiles the first responsive pleading may add additional IRS attorneys during the eFiling process. See instructions for eFiling the first responsive pleading in [eFiling Information for IRS Chief Counsel Attorneys](#). Any IRS attorney who has registered for Practitioner Access and has eAccess to a case may use the instructions beginning on page [52](#) to eFile subsequent documents. All IRS attorneys who sign a document that is eFiled must have eAccess to that case, i.e., they must have been placed on the docket record by the Court or by another IRS attorney in that case.

The eFiling process consists of multiple steps with a final confirmation. Up until the point of submitting the document, any or all information may be changed.

If you attempt to advance to the next step before entering the required information, the system will alert you by displaying in red text the corrections to be made.

As you advance through the process, you will see the system build the docket entry on the “Document Title” line, based on the information you provide and the selections you make (see the yellow highlighted area above).

When you begin the eFiling process, you will see “eFiling Steps” between the caption and the blue-shaded eFiling window (see red box above). The steps indicate where you are in the process and allow you to jump to another step by clicking a hyperlink. Your current step is shown in bold, black, italicized text. In the example above, the eFiler is at the “Attach Document” step. You may also navigate through the process by clicking the “Previous” and “Next” buttons at the bottom of the screen (see the green box above).

- a. **Select the document name.** Select the title of the document from the drop-down menu or type the corresponding code (not available while the Wizard is on) and click “Next”. See page [84](#) for a list of documents, codes, and categories. You will receive a warning if there is a problem with your selection.

The documents are grouped into categories. The categories and documents differ if you are representing petitioner or respondent. For example, the “ANSWER” category does not appear if you are petitioner’s counsel, and respondent’s counsel do not see “PETITION”. The list will be further limited if you do not already have eAccess to the case.

Some categories have an arrow to the right which indicates that a secondary list of document names will be displayed when you select it (see red box below). The document titles are arranged alphabetically. For example, “Motion for Continuance” appears above “Motion To Dismiss”. Categories that contain a large number of documents, such as motions and notices, will first display commonly filed documents. To view the complete list of motions in the example below, click “Other Motions...” (see green box below).

Note: If the width of your browser window or resolution or size of your monitor cannot accommodate three lists side by side, as in the example below, the third list will display to the left and document titles may be cropped. You may need to maximize your browser window or adjust the resolution of your monitor.

If a category list has arrows at the top or bottom, you may slowly scroll through the list by positioning your cursor over the arrow (see purple boxes below). To quickly scroll through the list, click and hold the arrow.

Certain documents, such as a response to an order or a stipulation of facts, require you to make an additional selection before proceeding to the next step. If the document you are filing is an amended, redacted, or supplemental document; an amendment to, opposition to, reply to, response to, or supplement to a document; a certificate of service or amended certificate of service; or a request for admissions or stipulation of facts, please see the instructions beginning on page [60](#). There are unique document codes for modifying or responding to petitions, answers, replies to answers, pretrial memoranda, and briefs which may be found under the category of “Petition”, “Answer”, “Simultaneous Brief”, etc. Consult the list of documents beginning on page [84](#) to determine which code to use.

- b. **Select the party or parties filing the document.** Click the check box(es) to select the filing party and click “Next”. You may file the document for the party you represent, for yourself, or if the document is jointly filed, you may select both petitioner(s) and respondent.

If you are eFiling in the lead case in a group of consolidated cases, you will be prompted to click the appropriate radio button indicating whether the document is to be filed in only one case, specific cases, or all cases.

8. Click the “Next eFiling” button to eFile another document in the same case. To eFile in another case or to return to your list of cases, click the “My Cases” link.
9. The Court will send an email Notification of Service to the designated service person(s) in the case when the document is eFiled. The Court will also send a courtesy copy of the Notification of Service to you (the eFiler) and all registered Petitioner Access and Practitioner Access users in the case who have consented to eService. Click the “My Service” link to view the service view of the document you just filed.

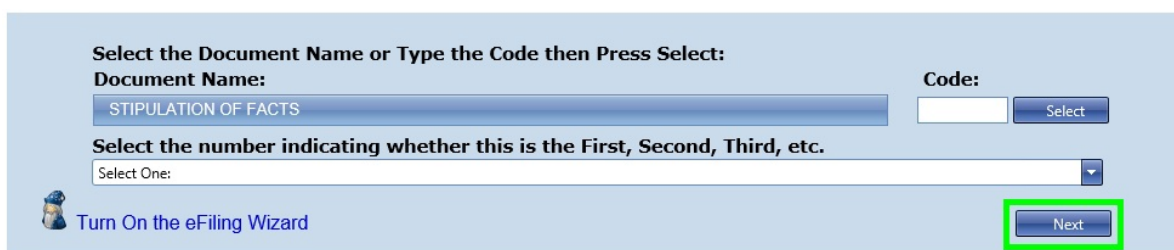

To reduce the possibility of notifications being returned as undeliverable to the Court’s email system, please add the Court’s domain “ustaxcourt.gov” to your email program’s list of safe senders. eFilers should also frequently log on to Practitioner Access in case a notification was intercepted by their junk mail filter.

Remember to send a paper courtesy copy within 3 business days of filing to the Court and the designated service person(s) in the case if the document filed is longer than 50 pages.

eFilings That Require Additional Information

When eFiling certain documents, such as a stipulation of facts, response to an order, reply to a motion, or amended certificate of service, you will be prompted to provide additional information after you select the document name. The document type may require that you select a previously filed document from a list, type the title of a document, or specify an ordinal number (first, second, third, etc.). There are unique document codes for modifying or responding to petitions, answers, replies to answers, pretrial memoranda, and briefs which may be found under the category of “Petition”, “Answer”, “Simultaneous Brief”, etc. For example, when filing an amended petition, you must click the “Petition” category and then select “AMENDED PETITION” instead of first clicking the “AMENDED” category. Consult the list beginning on page [84](#) to determine which document name to use.

Stipulations of Facts and Requests for Admissions

The screenshot shows a web form titled "Select the Document Name or Type the Code then Press Select:". It has two main sections. eFiling in a Case Without Having Prior eAccess - Entries of Appearance, etc.

To gain eAccess to a case, non-IRS practitioners may eFile an entry of appearance, a substitution of counsel, a notice of intervention, a notice of election to intervene, a notice of election to participate, or a motion to substitute parties and change caption through Practitioner Access using the instructions below. The practitioner must represent a party in the case. Representatives for third parties are not eligible to eFile and must file all documents in paper form.

An entry of appearance, substitution of counsel, or a motion to substitute parties and change caption may be signed and filed by only one practitioner--the practitioner who is eFiling the document. The system will not add additional practitioners who sign the document to the case. Each practitioner seeking to gain access to a case must eFile his or her own separate document.

Substitutions of counsel must be filed by the practitioner wishing to enter the case and not the withdrawing counsel. A substitution of counsel may not be eFiled in a case set for trial or hearing. See [Rule 24\(d\)](#).

Unless he or she eFiles a motion to substitute parties and change caption, the practitioner is immediately added to the case as counsel and may also transmit subsequent documents using the instructions on page [52](#). Until the Court grants the motion to substitute parties and change caption, the eFiler will be able to eFile only an amended motion to substitute parties and change caption, entry of appearance, substitution of counsel, notice of intervention, notice of election to intervene, or a notice of election to participate.

A notice of intervention may be filed only after respondent files a notice of filing of petition and right to intervene. A notice of election to participate and a notice of election to intervene may be filed in a partnership case within 90 days from the date of the service of the petition.

A practitioner may eFile a document to enter the case using the following instructions:

1. Log on to Practitioner Access.

2. Search for the case by docket number or petitioner's name.

Documents Requiring Permission (Leave) for Filing and Supporting Documents

A motion for leave to file must be filed if a document requires the Court's permission for filing. If the Court grants the motion, then the document may be filed. This procedure applies to two kinds of motions: Motions for Leave To File and Motions for Leave To File Out of Time. A Motion for Leave To File Out of Time is usually filed when a document is late. (**Note:** Due to statutory requirements, petitions may not be filed late even when accompanied by a motion for leave to file out of time.) These are some common situations that require permission from the Court before a document may be filed:

Motion for Leave To File:

- A practitioner who is not exempt from eFiling needs to file a document in paper form. (This would not be eFiled. The practitioner would mail the motion for leave to file and the document for which leave to file is requested to the Court in paper form.)
- A practitioner wants to eFile a redacted document but it has been more than 60 days since the original document was filed.

Motion for Leave To File Out of Time:

- Respondent's objection to petitioner's motion was due yesterday.
- Petitioner would like to amend the petition but the respondent has already filed the answer.

Unlike exhibits which are included in the document file, motions for leave to file and motions for leave to file out of time and the document requiring permission to be filed must be transmitted in two separate files. A practitioner may eFile a Motion for Leave To File, wait to see if the Court grants the motion, and then eFile the document requiring permission or he or she may transmit both in the same transaction. If the eFiler submits them in the same transaction, the motion would be eFiled and the document would be eLodged. Should the Court grant the motion, the eLodged document would be filed. If the Court denies the motion, the document would remain eLodged. In some situations, the Court may order the eFiler to eLodge the document requiring permission to file before the Court takes action on the motion for leave to file. However, parties should not eFile a document before the Court grants a motion for leave to file.

The eFiler must submit (eLodge) a document requiring permission in the same transaction as a Motion for Leave To File Out of Time. If the Court grants the motion, the eLodged document will be filed automatically. For example, the eFiler needs to file a Reply out of time. He or she will eFile the Motion for Leave To File

Reply Out of Time (motion.pdf) and follow the system's prompts to eLodge the Reply (reply.pdf).

Documents in support of either the motion for leave or an eLodged document (or both) must be submitted in the same transaction as the motion for leave. For example, when filing a brief in support of a motion for leave to file, the practitioner will eFile the motion, and when prompted, eFile the brief as a supporting document. Other kinds of supporting documents are memoranda, affidavits, declarations, and unsworn declarations under penalty of perjury. The system will also ask whether the eFiler wants to submit documents in support of an eLodged document. Supporting documents are not required to eFile a motion for leave or eLodge a document.

In the example above, the practitioner will eFile the Motion for Leave To File Reply Out of Time (motion.pdf), and when prompted for documents in support of the motion, add an affidavit (or brief, memoranda, etc.) in support of the motion (affidavit.pdf) in the same transaction. The Court's system allows up to ten supporting documents to be filed in a transaction. After attaching the supporting document(s), the eFiler attaches the Reply (reply.pdf) to be eLodged and then any documents in support of the eLodged Reply.

Before logging on to Practitioner Access, prepare the motion for leave to file or motion for leave, documents in support of the motion, the document requiring leave (if appropriate), and its supporting documents.

Appendix I. Definitions

“Designated Service Person” means the practitioner designated to receive service of documents in a case. The first counsel of record is generally the Designated Service Person, see Rule 21(b)(2).

“Document” means any written matter filed by or with the Court including, but not limited to motions, pleadings, applications, petitions, notices, declarations, affidavits, exhibits, briefs, memoranda of law, orders, and deposition transcripts.

“eLodged” refers to any document that is electronically submitted to the Court with a motion for leave through Petitioner Access or Practitioner Access and that is not automatically filed.

“Intervenor” is a third party who has an interest in the outcome of the case. The most common example is the spouse or former spouse of a petitioner seeking innocent spouse relief.

“Participant” is a partner who elects to participate in a partnership action by filing a notice of election to participate under Rule 245.

“Party”, for purposes of eAccess, means either petitioner(s) or respondent (IRS).

“PDF” means Portable Document Format. Documents in PDF may be opened in Adobe Reader or an equivalent viewer. Adobe Reader may be downloaded free of charge from the Adobe website (www.adobe.com). Electronic documents may be converted to PDF through a word processor, third party PDF creation software such as Adobe Acrobat, or online PDF creation services from Adobe (<http://createpdf.adobe.com/>) and others. Documents in paper form may be scanned into PDF.

“Pro Se” means a petitioner who represents himself or herself without a lawyer or an entity appearing through an authorized fiduciary or officer.

“TIFF” means Tagged Image File Format. Documents may be converted to TIFF through a word processor or software or by scanning into TIFF.

Appendix II. What Documents May Be eFiled

The table below lists documents commonly found in Tax Court cases and may be used before eFiling to correctly title a document. Those marked “NO” in the “Eligible for eFiling?” column must be submitted to the Court in paper form or, for documents such as expert reports and discovery requests, are not filed with the Court. A document may be eFiled unless it is listed below as ineligible for eFiling.

References to “petitioner” for purposes of eAccess and eligibility of documents for eFiling may include petitioners, intervenors, corporations, fiduciaries, and certain other participants. Unless an eFiling references a document filed by another party, documents shown below as “filed by petitioner” do not appear on the list of documents from which counsel for respondent may select when eFiling and petitioners do not see the documents filed by respondent in their list of documents.
