Rick represents the Second Congressional District of Washington state, which is north of Seattle and includes portions of Snohomish, Skagit and Whatcom counties and all of Island and San Juan counties.

Rick is a leader on transportation and aviation, trade and U.S.-China relations. A member of the New Democrat Coalition, Rick is a strong advocate for pro-growth policies that support innovation, job creation and a strong economic foundation.

The Second District is home to Boeing's largest facility, as well as small and medium sized manufacturers, that support 747s, 767s, 777s, 787s and the Air Force KC-46 refueling tanker. The Second District is home to Naval Station Everett and Naval Air Station Whidbey Island, which are vital to the region's economy and national security.

Northwest Washington is one of the most beautiful areas of the country, and Rick is committed to protecting natural resources for recreation and tourism, a major economic driver. Larsen is a leader in preserving public lands, restoring salmon habitat and combating climate change through investments in clean energy.

Rick and his wife, Tiia, are the proud parents of two sons, Robert and Per, who represent the fifth generation of Larsens in the District.
