Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Citrus Heights Groundwater Production Well Project in fiscal year 2022.

The entity to receive funding for this project is the Citrus Heights Water District and the project is located at 8026 Patton Avenue, Citrus Heights, CA 95610.

The funding would be used for the planning, design, and engineering of a new groundwater well. The new well would be capable of producing 1,000 gallons per minute of drinking water and would be constructed with Aquifer Storage and Recovery (ASR) technology to allow for the injection of surface water into the groundwater aquifer for storage.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Ami Bera".
