Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for Lancaster Health District Infrastructure Improvements Project in surface transportation reauthorization legislation.

The project sponsor for this project is the City of Lancaster and the project is located Lancaster, California. The funding is designated for construction of new roadway to alleviate burden to the existing arterial network while providing necessary access to existing and proposed medical facilities as part of the Medical Main Street Planning area.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: improve access to the Antelope Valley Hospital by expanding street capacity and providing needed access points.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mike Garcia", with a stylized, cursive script.
