The Honorable Sam Graves  
Ranking Member  
House Committee on Transportation and  
Infrastructure  
2164 Rayburn House Office Building  
Washington, DC 20515

Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for 14 Mile Road in surface transportation reauthorization legislation.

The project sponsor for this project is the City of Roseville and the project is located at 14 Mile Road between Kelly Road and Gratiot Avenue in Roseville, MI 48066.

The funding is designated for substantial resurfacing, correcting base failures, improving drainage, adding curbs where needed, and improving shoulders.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: this road is a major east-west corridor into the adjacent Cities of Fraser and St. Clair Shores. This project will address the roadway surface condition for improved rideability, which will result in reduced vehicle emissions and reduced noise pollution. The project will also improve roadway drainage and bring many elements of roadway geometric design to current standards, improving safety. As 14 Mile Road is a SMART bus route, this project will improve transit service, reduce wear and tear on transit vehicles and upgrade bus stops to meet ADA requirements. Finally, this project invests in the residential neighborhoods along the northern half of the roadway, which are considered low-moderate income.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

ANDY LEVIN  
Member of Congress
