Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the Chicago Road Restoration Project in surface transportation reauthorization legislation.

The project sponsor for this project is the City of Warren and the project is located at Chicago Road, west of Van Dyke (ZIP: 48092).

The funding is designated for the removal and replacement of badly deteriorated pavement and 2,000 lineal feet of old cast iron water main.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: Chicago Road is a key roadway with an average daily vehicle count in excess of 20,000. It is an important route for fire and emergency vehicles and Warren Consolidated Schools' buses, which makes it all the more important that the road is safe.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

ANDY LEVIN
