Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Valley Link Sustainability Blueprint in fiscal year 2022. The entity to receive funding for this project is Tri-Valley – San Joaquin Valley Regional Rail Authority located at 1362 Rutan Court, Livermore, California 94551. The funding would be used to support Valley Link's Sustainability Blueprint. The Sustainability Blueprint is an integral component of project design that will transform the Valley Link Project—a critical transit project in the Northern California Megaregion—into a national model of environmental sustainability. This project will benefit taxpayers by reducing greenhouse gas emissions, providing transit options for commuters, creating jobs, and addressing transit inequality. I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Eric Swalwell  
Member of Congress
