Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for LA 3127 in surface transportation reauthorization legislation.

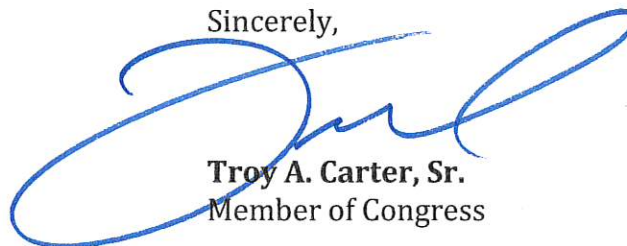

The project sponsor for this project is the Louisiana Department of Transportation and Development and the project is located in St. James Parish, Louisiana.

The funding is designated for upgrading LA 3127 by constructing a 4-lane divided arterial roadway.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: increasing safety. This project would provide a median between opposing lanes of traffic. Providing a complete 4-lane divided facility would greatly enhance infrastructure and minimize traffic impacts in an industrial corridor.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,
