

Just the thought of her child using a gun to commit a crime is killing this mom.

Who We Are

Arizona Project Safe Neighborhoods (AzPSN) is a collaboration of federal, state and local agencies that have banded together to combat firearm violence. The United States Attorney's Office for the District of Arizona and the Bureau of Alcohol, Tobacco, Firearms and Explosives are the key agencies driving the program. Other partners include the offices of county attorneys, local police departments and other state and local law enforcement agencies. Community outreach is an important function of AzPSN because the fight against gun violence will be won neighborhood by neighborhood, block by block. Arizona Firearm Safety Coalition has been designated the community outreach arm of AzPSN, and as such, the coalition is seeking the support of all Arizona citizens who want to make their neighborhood safer.

SAD FACT

A **teenager** is more likely to **die** of **gunshot** wounds than from all **natural** causes of **death** combined.

Our Mission

Reduce firearm injuries and violence through community awareness of the penalties and dangers of the misuse of firearms.

Our Goals

- Help the community clearly understand the legal ramifications and severe penalties associated with the criminal misuse of firearms based on existing laws
- Educate individual citizens on how they can effectively take back their neighborhoods from gun violence
- Communicate to legal Arizona firearm owners the importance of keeping their firearms inaccessible to their children and unauthorized users

SAD FACT

Almost **80%** of murder victims aged 13-24 are **killed with a gun**.

Visit our website for tips on how to keep your neighborhood safe.

Gun crime hits home.
