Memorandum from W. F. Cronin to Mr. Kelleher
Re: WAYNE BERTRAM WILLIAMS
ATKID
MAJOR CASE NUMBER 30
KIDNAPING
OO: ATLANTA
Bufile 7-18251

Previous Laboratory results obtained by the Georgia State Crime Laboratory have shown that WILLIAMS is linked to many of the task force victims in that fibers like those in a bedspread and carpet from WILLIAMS' room and dog hairs like those from WILLIAMS' dog were recovered from many of the victims.

On July 24, 1981, [REDACTED] microanalyst, Georgia Crime Laboratory, telephonically requested the assistance of the FBI Laboratory in the analysis and comparison of fibrous materials in this case. The District Attorney's Office of Fulton County, Georgia, has also requested the assistance of the FBI Laboratory to advise [REDACTED] of additional tests to more fully characterize and associate the various fibers in this case. The Laboratory has also been requested to explore the possibility of determining probabilities in order to emphasize the significance of the fiber associations in this case.

etc
The Microscopic Analysis Unit (MAU) of the FBI Laboratory has been involved in this case since early 1981, but has only been concerned with actual examinations of the fibrous evidence to a very limited extent. SA [REDACTED] is the examiner presently assigned to the case from the MAU.

SA [REDACTED] arrived in Atlanta on August 10, 1981, and has spent much of his time since then conducting examinations of fibrous materials in this case at the Georgia State Crime Laboratory in Atlanta. One physical science technician from the MAU has also spent two weeks at the Georgia Crime Laboratory assisting SA [REDACTED]

SA [REDACTED] has been given complete access to all items of evidence and fibrous materials recovered from the ATKID victims as well as fibrous materials and samples originating from the subject. Fibrous materials from the subject include fiber samples from many items of his clothing, fiber samples from objects

both inside and around WILLIAMS' home, and fiber samples from four automobiles that WILLIAMS had access to during the almost two year period in which the killings were being committed. Vacuum sweepings from WILLIAMS' home, clothing and automobiles have also been obtained and examined.

Upon arriving in Atlanta, SA [REDACTED] determined that very little new information or additional associations between WILLIAMS and the victims had been found other than the preliminary findings previously mentioned.

b7c
Because [REDACTED] was concentrating his efforts on the fibrous evidence from the Payne and Cater cases, SA [REDACTED] selected a number of the other cases to examine completely and attempt to find as many associations between WILLIAMS and the ATKID victims as possible. The cases examined by [REDACTED] included evidence from the victims William Barrett, Patrick Baltazar and Larry Rogers. Assistant District Attorney Gordon Miller has advised [REDACTED] that the District Attorney's Office will attempt to introduce the fibrous evidence in these three cases that link these victims to the subject at the Cater-Payne trial. Evidence from the victims Alfred Evans, Yusef Bell, Eric Middlebrook, Clifford Jones and Charles Stephens has also been examined by SA [REDACTED]

SA [REDACTED] has essentially finished the microscopical examinations of the textile fiber evidence from the ten cases he selected to examine and is presently preparing Laboratory reports on the results. After these reports on the microscopical associations have been completed, additional Laboratory work will be necessary to fully characterize many of the important fibers.

The trial of WILLIAMS was originally set for October 5, 1981. Because of the necessity of furnishing final Laboratory reports in the Cater and Payne cases to the defense attorneys ten days prior to the trial date, SA [REDACTED] has concentrated

Memorandum from W. F. Cronin to Mr. Kelleher
Re: WAYNE BERTRAM WILLIAMS
ATKID

on the actual Laboratory examinations. After the Laboratory examinations have been completed and results reported, SA [REDACTED] will become involved in preparations for the trial. Recently, the trial date was indefinitely postponed; however, the District Attorney's Office anticipates a new trial dated in early November.

b7c
SA [REDACTED] is also working with representatives from the West Point Pepperell Company, General Motors Corporation and Ford Motor Company concerning carpet from WILLIAMS' bedroom and two automobiles that WILLIAMS had access to. It appears that the green carpet present throughout WILLIAMS' home was manufactured by the West Point Pepperell Company and the Laboratory is attempting to determine the amount of similar carpet that was manufactured and sold in the Atlanta area. The Laboratory is also attempting to determine the approximate number of cars in the Atlanta area that contain carpet like that in two of WILLIAMS' automobiles. In addition to fibers like those in WILLIAMS' bedroom carpet, carpet fibers like those in the composition of the interior carpet and/or the trunk carpet from two of WILLIAMS' automobiles have also been recovered from a number of victims.

A preliminary Laboratory report dealing with SA [REDACTED] findings thus far in the Payne and Cater cases has been furnished to the District Attorney's Office and subsequently to WILLIAMS' attorneys. A copy of this report is attached. It is pointed out that the fibrous evidence associating WILLIAMS and the two victims (and associating the victims with each other) is significant, considering that Payne was wearing only a pair of shorts and Cater was naked when both bodies were recovered from the same general location of the Chattahoochee River.

Some color differences were noted between nylon and acetate fibers removed from Cater and Payne and similar fibers from WILLIAMS' bedspread and carpet. These color differences have not been seen in

similar fibers recovered from other victims whose bodies were not placed in the Chattahoochee River. It appears that immersion in the Chattahoochee River was the cause of this bleaching. This bleaching of the fibers has been demonstrated in some preliminary testing where fibers from WILLIAMS' carpet and bedspread have been placed in water recovered from the part of the river where the bodies were found. Although it may be difficult to duplicate the conditions of the river (temperature and chemical content) at the time when the bodies were recovered, additional testing is continuing and information about the effluent of the industrial plants in that vicinity is currently being obtained.

67c
On October 2, 1981, [REDACTED] of the Georgia Crime Laboratory advised that a new trial date had not been set. He further advised that the District Attorney's Office apparently felt that it was not to its advantage to have a lengthy delay. Accordingly, the District Attorney's Office has filed motions and argued against defense attorney motions, all with the purpose of preventing a considerable delay in the trial. It is pointed out that both SA [REDACTED] and [REDACTED] have repeatedly advised Assistant District Attorney Miller that additional time is required to conduct the necessary hair and fiber examinations.

[REDACTED] also advised that to his knowledge an expert on hair and fiber analysis has not as yet been retained by the defense. Judge Clarence Cooper ordered the defense to provide the court with the name of such an expert by September 21, 1981, but has recently rescinded that order. Dr. Randall Bresee has been mentioned by newspaper sources as someone being considered by the defense. Dr. Bresee is an assistant professor in the Interior Design Department at Kansas State University, Manhattan, Kansas, and has recently published a number of articles in forensic science journals concerning textile fiber analysis. He has also been somewhat critical concerning methods of analysis currently in use at most forensic laboratories.

Mr. Gordon Miller
Assistant District Attorney
Fulton County
Atlanta, Georgia

Dear Mr. Miller:

This letter contains the results of Laboratory examinations conducted by Special Agent (SA) [REDACTED] FBI Laboratory, as a part of the Jimmy Payne and Nathaniel Cater homicide investigations. LR

The following report deals with the preliminary examination of fibrous materials recovered from the body and clothing of homicide victim, Jimmy Payne, Georgia Crime Laboratory case 81-11621, and the comparison of these fibrous materials with items obtained from the home, automobile and person of Wayne B. Williams, Georgia Crime Laboratory case 81-14982.

A listing of the items discussed in this report can be found in Laboratory reports of the Georgia Crime Laboratory under the case numbers given above.

Three yellowish green nylon fibers were removed from shorts taken from Payne, item number 2. One of these nylon fibers exhibits the same microscopic characteristics and the same optical properties as nylon fibers present in the composition of the carpet removed from Williams' bedroom, item number 196.

Two of these nylon fibers from Payne's shorts have a "bleached out" appearance but are generally like the nylon fibers present in the Williams' bedroom carpet in microscopic appearance and optical properties.

7-18251-6

208

ENCLOSURE

It is felt that the three yellowish green nylon fibers removed from Payne's shorts could have originated from the carpet in Williams' bedroom.

Numerous light violet acetate fibers were recovered from Payne's shorts. These acetate fibers, although somewhat lighter in shade, are similar to violet acetate fibers present in the composition of a bedspread removed from Williams' bedroom, item 189, in microscopic characteristics and optical properties. These light violet acetate fibers from Payne's shorts exhibit the same microscopic characteristics and same optical properties as light violet acetate fibers recovered from vacuum sweepings from the 1970 Chevrolet station wagon driven by Williams. It is felt that these light violet acetate fibers from Payne's shorts could have originated from Williams' bedspread.

Additional examinations are presently being conducted in an attempt to explain the apparent "bleaching" of the yellowish green nylon fibers and the light violet acetate fibers removed from Payne's shorts.

Numerous yellow rayon fibers were also removed from Payne's shorts. These rayon fibers exhibit the same microscopic characteristics and same optical properties as present in the composition of a fabric sample taken from a yellow blanket located under the bed in Williams' bedroom, item 94. Accordingly, these rayon fibers from Payne's shorts could have originated from the blanket from which item 94 was obtained.

One blue acrylic fiber was removed from Payne's shorts. This acrylic fiber exhibits the same microscopic characteristics and same optical properties as fibers present in the composition of a fabric sample that was taken from a blue rug located in the back porch area of Williams' home, item 73. This blue acrylic fiber could have originated from the same source as item 73.

Several fine white to light brown animal hairs were removed from Payne's shorts. One fine white to light brown animal hair was also present in debris recovered from the victim at the Medical Examiner's Office, item 4C. These animal hairs exhibit the same microscopic characteristics as present in hairs taken from the dog located at Williams' home, item 97 and item 154. Accordingly, these hairs from Payne's shorts and in item 4C could have originated from the same source as item 97 and item 154.

It is pointed out that animal hairs do not possess sufficient unique microscopic characteristics to positively associate an animal hair with a particular animal.

No hairs like those in the head and pubic hair samples from Williams, items 97 through 103, were recovered from the victim's shorts or his body.

Additional Laboratory examinations are still in progress and will be the subject of a separate report.

The following report deals with the preliminary examination of fibrous materials recovered from the body of homicide victim, Nathaniel Cater, Georgia Crime Laboratory case 81-13933, and the comparison of these fibrous materials with items obtained from the home, automobile and person of Wayne B. Williams, Georgia Crime Laboratory case 81-14982.

A listing of the items discussed in this report can be found in Laboratory reports of the Georgia Crime Laboratory under the case numbers given above.

One light yellowish green nylon fiber was recovered from the head hair of the victim, item 4C. This fiber, although somewhat lighter in color, exhibits the same microscopic characteristics, and same optical properties as fibers present in the carpet removed from Williams' bedroom, item 196.

Two light violet acetate fibers were recovered from the head hair sample of the victim, item 2. These fibers although somewhat lighter in color, exhibit the same microscopic characteristics and same optical properties as acetate fibers present in the composition of a bedspread, item 189, taken from Williams' bedroom.

Even though the nylon and acetate fibers discussed above show slight color differences with fibers in Williams' bedroom carpet and Williams' bedspread, it is felt that the above fibers from the victim's hair could have originated from the carpet and the bedspread taken from Williams' room.

Additional examinations are presently being conducted in an attempt to explain the apparent "bleaching" of the yellowish green nylon fiber and light violet acetate fibers recovered from the victim's hair.

A few yellow rayon fibers removed from the victim's head hair exhibit the same microscopic characteristics and the same optical properties as present in the composition of a fabric sample taken from a blanket located under the bed in Williams' bedroom, item 94. Accordingly, these rayon fibers from the victim's head hair could have originated from the blanket from which item 94 was obtained.

One yellow synthetic fiber, which has been partially melted, was removed from the victim at the Medical Examiner's Office, item 4. Portions of this fiber exhibit the same microscopic characteristics and the same optical properties as present in portions of a partially melted yellow nylon fiber removed from the vacuum sweepings obtained from the automobile driven by Williams, item 16. These fibers could have originated from the same source.

Several fine white to light brown animal hairs were also removed from the victim at the Medical Examiner's Office, item 4. These hairs exhibit the same microscopic characteristics as present

in hairs from the dog located at Williams' home, items 97 and 154; and accordingly, these hairs from the victim could have originated from Williams' dog.

It is pointed out that animal hairs do not possess sufficient unique microscopic characteristics to positively associate an animal hair with a particular animal.

No hairs like those in the head and pubic hair samples from Williams, items 97 through 103, were recovered from the victim's body.

Additional Laboratory examinations are still in progress and will be the subject of a separate report.

ATLANTA SLAYINGS

ATLANTA (AP) -- A FEDERAL JUDGE TODAY TOOK UNDER ADVISEMENT-A REQUEST FOR A SECRET HEARING BY A MAN SUING OVER "MEDIA HARASSMENT" SINCE HE CAME UNDER POLICE SURVEILLANCE IN CONNECTION WITH SOME OF THE SLAYINGS OF 28 YOUNG BLACKS.

THE MAN'S LAWYER, MARY WELCOME, TOLD U.S. DISTRICT JUDGE DRINDA EVANS HER CLIENT "HAS BEEN TRIED AND IS BEING TRIED" IN CONNECTION WITH THE SLAYINGS. IF THE HEARING ON HIS PETITION FOR A PRELIMINARY INJUNCTION TO HALT THE "BLITZKRIEG OF MEDIA HARASSMENT" WERE OPEN TO THE PUBLIC, INFORMATION PREVIOUSLY PUBLISHED AND BROADCAST WOULD SURFACE AGAIN, SHE ARGUED.

SHE WORRIED THAT IF HER CLIENT WERE BROUGHT TO TRIAL, JURORS WOULD BE UNABLE TO ERASE INFORMATION THAT WAS "REPEATED SO MANY TIMES."

DAVID BAILEY, A LAWYER FOR COX ENTERPRISES WHICH OWNS ATLANTA'S TWO MAJOR DAILY NEWSPAPERS, SAID THE PETITION AMOUNTED TO A REQUEST FOR A "GAG" ORDER.

"THERE IS NO COMPELLING CIRCUMSTANCE WHICH WOULD JUSTIFY PRIOR RESTRAINT," HE SAID. "THE STATEMENTS HAVE BEEN WIDELY DISSEMINATED ALREADY."

THE JUDGE SAID SHE WOULD RULE ON THE PETITION LATER TODAY.

A HEARING ON TUESDAY WILL DECIDE THE MERITS OF THE SUIT, WHICH WAS FILED FRIDAY AGAINST 16 NEWS ORGANIZATIONS AND 11 PUBLIC OFFICIALS AND LAW ENFORCEMENT OFFICERS.

THE SUIT ASKS THAT AUTHORITIES BE BLOCKED FROM REPORTING DETAILS "GOING BEYOND THE PUBLIC RECORD OR NECESSARY TO DESCRIBE THE SCOPE OF THE INVESTIGATION" OF THE 28 SLAYINGS.

NOT RECORDED

IT ALSO SEEKS A COURT ORDER BARRING THE NEWS MEDIA FROM THE MAN'S CONSTITUTIONAL RIGHTS.

THE MAN, A 23-YEAR-OLD BLACK FREE-LANCE CAMERAMAN, HAS NOT BEEN IDENTIFIED BY AUTHORITIES AND HAS NOT BEEN ARRESTED OR CHARGED IN ANY OF THE 28 CASES. BUT HE HAS BEEN UNDER INTENSE MEDIA SCRUTINY SINCE JUNE 4, WHEN HE WAS RELEASED AFTER 12 HOURS OF QUESTIONING AT FBI HEADQUARTERS HERE.

REAGAN-ATLANTA

WASHINGTON (AP) -- PRESIDENT REAGAN, DECLARING THE NATION UNITED IN ITS EFFORT TO END THE "DEVASTATION OF HUMAN LIFE" IN ATLANTA, DECIDED MONDAY TO GIVE \$1.16 MILLION IN FEDERAL FUNDS FOR THAT CITY'S SUMMER PARKS PROGRAM.

ATLANTA AUTHORITIES REQUESTED FEDERAL HELP IN PAYING FOR "SAFE SUMMER" PARKS AND RECREATION PROGRAM FOR ATLANTA, AND FOR FULTON AND DEKALB COUNTIES. THE PROGRAM STEMS FROM THE DEATHS OF 28 YOUNG BLACK MALES AND THE DISAPPEARANCE OF ANOTHER.

THE GRANT BRINGS TO \$4.1 MILLION IN FEDERAL FUNDS SENT TO ATLANTA IN CONNECTION WITH THE CRIMES.

IN A STATEMENT READ BY DEPUTY WHITE HOUSE PRESS SECRETARY LARRY SPEAKES, REAGAN SAID: "THE PEOPLE OF ATLANTA AND THE SURROUNDING COMMUNITIES HAVE ENDURED GRIEF AND SUFFERING IN A MANNER THAT TOUCHES THE HEARTS AND MINDS AND SOULS OF MILLIONS OF OUR COUNTRYMEN."

"THE AMERICAN PEOPLE ARE UNITED IN A COLLECTIVE EFFORT TO BRING AN END TO THIS DEVASTATION OF HUMAN LIFE, TO ELIMINATE FAMILY SUFFERING AND TO RESTORE A NEW SPIRIT TO A BELEAGUERED COMMUNITY," REAGAN SAID.

THE NEWEST GRANT WILL BE USED TO PROVIDE SUPERVISED RECREATION DURING THE SUMMER.

IT WAS AWARDED AFTER ATLANTA MAYOR WAYNARD JACKSON MET WITH VICE PRESIDENT GEORGE BUSH, WHO IS HEADING AN INTERAGENCY GOVERNMENT TASK FORCE ON THE ATLANTA SITUATION.

ATLANTA SLAYINGS

ATLANTA (AP) -- A MAN WHO HAS BEEN UNDER POLICE SCRUTINY FOR NEARLY A MONTH IS REQUESTING A COURT ORDER TO CURTAIL NEWS COVERAGE LINKING HIM TO THE SLAYINGS OF 28 YOUNG BLACKS.

HIS ATTORNEY, FORMER ATLANTA SOLICITOR MARY WELCOME, WAS TO ARGUE THE CASE TODAY.

SHE FILED SUIT LAST WEEK ASKING FOR A TEMPORARY RESTRAINING ORDER AGAINST 17 NEWS ORGANIZATIONS WHICH THE 23-YEAR-OLD MAN CLAIMS HAVE BEEN SUBJECTING HIM TO A "MEDIA TRIAL."

THE MAN IS ASKING THAT THE NEWS MEDIA BE PROHIBITED FROM USING HIS NAME, PICTURE, ADDRESS, FILMS OF HIS HOME OR OTHER MEANS OF IDENTIFYING HIM IN PUBLISHED OR BROADCAST REPORTS. HE ALSO IS ASKING THAT REPORTERS BE BARRED FROM REFERRING TO HIM AS A "SUSPECT" IN THE SLAYINGS AND FROM GOING UNINVITED ONTO HIS PROPERTY.

THE MAN HAS NOT BEEN CHARGED IN ANY OF THE KILLINGS, WHICH BEGAN IN JULY 1979.

THE COMPLAINT AGAINST THE MEDIA WAS PART OF A TWO-PRONGED ATTACK THE MAN LAUNCHED LAST FRIDAY IN RESPONSE TO INTENSE POLICE AND MEDIA ATTENTION SINCE JUNE 2, WHEN HE WAS QUESTIONED ABOUT THE SLAYINGS FOR MORE THAN 12 HOURS BEFORE BEING RELEASED. 7-18251-A

HE ALSO HAS ASKED FOR A COURT ORDER TO BLOCK LAW ENFORCEMENT AGENTS FROM LEAKING INFORMATION TO THE NEWS MEDIA LINKING HIM TO THE SLAYINGS.

U.S. DISTRICT JUDGE ORINDA EVANS, WHO WAS SCHEDULED TO HEAR THE MEDIA COMPLAINT TODAY, HELD A CLOSED HEARING TUESDAY ON THE SUIT FILED AGAINST 4 LAW ENFORCEMENT CHIEFS AND POLITICAL LEADERS.

ALTHOUGH THE JUDGE HAS GIVEN NO INDICATION WHEN SHE WILL RULE ON THE MAN'S COMPLAINT AGAINST AUTHORITIES, MS. WELCOME HAS ASKED THAT THE RULING BE WITHHELD UNTIL AFTER TODAY'S HEARING.

THAT PETITION, WHICH NAMED 11 LAW ENFORCEMENT CHIEFS AND PUBLIC OFFICIALS, ALLEGED "MOST, IF NOT ALL" OF THE PUBLICITY SURROUNDING THE MAN ORIGINATED FROM LEAKS BY AUTHORITIES TO THE MEDIA.

A CLOSED HEARING ON THE MAN'S SUIT AGAINST POLICE OFFICIALS WAS HELD TUESDAY, BUT THE JUDGE -- THE SAME WOMAN IS HEARING BOTH OF THE MAN'S CASES -- DECIDED A TRANSCRIPT OF THE PROCEEDINGS WOULD BE MADE PUBLIC. THE LENGTHY DOCUMENT WAS NOT IMMEDIATELY AVAILABLE. 7-18251-A

THE JUDGE GAVE NO INDICATION OF WHEN SHE WOULD RULE ON THE COMPLAINT AGAINST LAW ENFORCEMENT OFFICIALS. THE MAN'S ATTORNEY, MARY WELCOME, ASKED THAT THE DECISION BE DELAYED UNTIL AFTER FRIDAY'S HEARING.

THE SUIT AGAINST THE NEWS MEDIA ASKS THAT REPORTERS BE FORBIDDEN TO MAKE FURTHER USE OF THE MAN'S NAME, PICTURE, ADDRESS, FILMS OF HIS HOME OR OTHER MEANS OF IDENTIFYING HIM IN PUBLISHED OR ~~BROADCAST~~ REPORTS.

PUBLIC ATTENTION HAS FOCUSED ON THE MAN SINCE JUNE 3, WHEN HE ~~WAS~~ QUESTIONED AT THE FBI'S LOCAL OFFICE FOR NEARLY 12 HOURS ~~ABOUT SOME~~ OF THE SLAYINGS OF 28 YOUNG BLACKS.

THE MAN, A 23-YEAR-OLD FREE-LANCE CAMERAMAN AND PHOTOGRAPHER, HAS NOT BEEN ARRESTED OR CHARGED IN ANY OF THE KILLINGS.

IN HIS PETITION, HE REQUESTS A TEMPORARY RESTRAINING ORDER BANNING REPORTERS FROM REFERRING TO HIM AS A SUSPECT AND FROM GOING ONTO HIS PROPERTY UNLESS INVITED BY HIM OR HIS FAMILY. HE ALSO ASKS THAT THE JUDGE "WARN AND CAUTION" REPORTERS AGAINST JEOPARDIZING THE POLICE INVESTIGATION AND ANY SUBSEQUENT TRIAL.

THE MAN CLAIMS REPORTERS, IN THEIR RACE TO KEEP UP WITH OFFICERS TRAILING HIM ON CITY STREETS, "HAVE CAUSED NEAR-ACCIDENTS AND OTHER TRAFFIC HAZARDS."

THE ATLANTA PRESS CLUB, IN A FRIEND-OF-THE-COURT BRIEF, ARGUED THE COURT ORDERS REQUESTED BY THE MAN WOULD INFRINGE ON THE MEDIA'S FIRST AMENDMENT RIGHTS. THE GROUP SAID A FAIR TRIAL COULD BE HELD IN THE CASE BY WEEDING OUT PREJUDICED JURORS.

THE MAN DREW POLICE ATTENTION ON MAY 22, WHEN AUTHORITIES STAKING OUT A BRIDGE ON THE CHATTAHOOCHEE RIVER HEARD A SPLASH.

TWO DAYS LATER, THE BODY OF 27-YEAR-OLD NATHANIEL CATER WAS FOUND FLOATING IN THE RIVER, A SHORT DISTANCE FROM THE SITE WHERE THE SPLASH WAS HEARD.

ATLANTA SLAYINGS

ATLANTA (AP) -- THE LAWYER FOR A MAN SEEKING A COURT ORDER TO STOP POLICE FROM LEAKING INFORMATION THAT LINKS HIM TO THE SLAYINGS OF 28 YOUNG BLACKS ADMITS SUCH AN ORDER WOULD BE DIFFICULT TO ENFORCE.

BUT THE ATTORNEY, FORMER ATLANTA SOLICITOR MARY WELCOME, SAID THE ORDER WOULD HELP SLOW THE LEAKS BY MAKING POLICE OFFICIALS RESPONSIBLE FOR DETAILS THAT REACH THE NEWS MEDIA ABOUT HER CLIENT.

MS. WELCOME'S COMMENTS CAME TUESDAY DURING A BREAK IN A CLOSED HEARING ON THE MAN'S REQUEST FOR A COURT ORDER AGAINST LAW ENFORCEMENT OFFICIALS. U.S. DISTRICT JUDGE ORINDA EVANS TOOK THE REQUEST UNDER ADVISEMENT.

PUBLIC SAFETY COMMISSIONER LEE BROWN SAID TODAY THAT THE MAN'S LAWSUIT MERELY DUPLICATES HIS OWN EFFORTS TO PLUG LEAKS.

"WE ARE GREATLY CONCERNED ABOUT THAT OURSELVES AND HAVE INITIATED EFFORTS TO FIND THE PERSON RESPONSIBLE FOR NEWS LEAKS," HE SAID AT A NEWS CONFERENCE.

IN AN AFFIDAVIT MADE PUBLIC TUESDAY, BROWN SAID, "I HAVE VOWED TO SEE DISCIPLINARY ACTION AGAINST ATLANTA POLICE OFFICERS WHO VIOLATE" THOSE ORDERS.

MEANWHILE, A SURVEY RELEASED IN NEW YORK TUESDAY INDICATED THAT BLACK AMERICANS BELIEVE OVERWHELMINGLY THAT NATIONAL AND BLACK COMMUNITY LEADERS AND POLICE ARE NOT DOING ENOUGH TO SOLVE THE KILLINGS.

INFORMATIVE NOTE

Date 10/21/81

Re: WAYNE BERTRAM WILLIAMS;
ATKID

Attached Atlanta teletype advises that a motions hearing was held at the Fulton County Superior Court on 10/20/81 concerning a defense motion to suppress evidence obtained in the searches of Wayne Bertram Williams' residence.

The defense counsel, Mary Welcome, questioned Atlanta Deputy Police Chief Morris Redding, the affiant for the state search warrants issued on 6/3/81 and 6/22/81. Chief Redding was specifically queried as to the reason why so many of the victims' names were listed in the affidavit. Chief Redding responded that it was the determination of the investigation that Williams was, in fact, responsible for all the victims listed therein.

The Assistant Fulton County District Attorney opines that in the event that Judge Clarence Cooper rules in favor of the prosecution on this motion, he would be able to introduce numerous evidentiary items from the other related homicides during Williams' trial even though Williams has been indicted for only two of the murders.

The Assistant Fulton County District Attorney estimates the trial for subject Williams will commence on 1/4/82.

AFFIANT FOR ABOVE WARRANTS. DURING QUESTIONING BY DEFENSE COUNSEL MARY WELCOME, CHIEF REDDING WAS SPECIFICALLY ASKED IN A SERIES OF INDIVIDUAL QUESTIONS AS TO WHY SO MANY OF THE VICTIMS' NAMES WERE MENTIONED IN THE AFFIDAVIT. REDDING WAS COMMITTED TO REPLY THAT IT WAS THE DETERMINATION OF THE INVESTIGATION THAT HE IN FACT WAS RESPONSIBLE FOR ALL OF THOSE VICTIMS INNUMERATED THEREIN.

THE ABOVE STATEMENT NOW MAKES A MATTER OF COURTROOM RECORD THE LAW ENFORCEMENT ASSUMPTION THAT THE SUBJECT, ALTHOUGH NOT CHARGED WITH NUMEROUS HOMICIDES, IS CONSIDERED TO BE RESPONSIBLE FOR ALL THOSE WHEREIN FIBER EVIDENCE HAS BEEN OBTAINED.

PRESIDING JUDGE CLARENCE COOPER WILL RULE ON TODAY'S MOTION MOST PROBABLY ON 10/21/81.

ASSISTANT FULTON COUNTY DA MILLER WOULD LIKE TO PARTICIPATE IN A CONFERENCE WITH [REDACTED] FBI LAB, AS TO FEASIBILITY OF WORKING UP ALL OF THE FIBER EVIDENCE OBTAINED DURING THE ENTIRE INVESTIGATION AND CURRENTLY ON DEPOSIT AT THE GEORGIA CRIME LAB. Q108	G

Q110	I
Q111	J
Q112	K
Q113	L
Q114	M

Result of examination:

The Q96 through Q101 photographs were examined in an effort to locate and identify any specific markings or other characteristics on those items which would indicate whether or not they were produced with the same camera and/or enlarging equipment as the previously submitted photographs designated Q102 through Q114.

Q96 through Q101 do exhibit characteristics indicative of less than professional quality or custom printing. They exhibit chemical stains and other traits which indicate that they may have been printed by hand as opposed to professional automated machinery.

Q96 through Q100 do have some minute edge marking imperfections which are not consistent with each other. The Q96 through Q101 photographs were taken against a very light wall or light colored paper background utilizing at least 2 sources of light.

The Q102 through Q114 photographs were also examined individually in an effort to determine a common source. Q102, Q103, Q105, Q106 and Q108 all exhibit an edge mark which is consistent among those specimens.

249
102

Q103 through Q108 and Q112 through Q114 all exhibit markings upon their surface which were placed there during the finishing or drying process. These markings do not appear on any of the other photographs examined in this matter.

Q109 was not associated with these other photographs inasmuch it is a very old print. Both Q110 and Q111 are color photographs which were printed by the Eastman Kodak Company.

As a result of the individual examinations and the intercomparisons it cannot be determined whether Q96 through Q101 are or are not from the same source as Q102 through Q114.

Q96 through Q101 will be returned with the results of the latent fingerprint examination. Q102 through Q114 are returned herewith. You have previously been furnished the results of the latent fingerprint examination of those specimens.

Specimen received August 10, 1981, from SAC, Atlanta, under cover of communication dated July 31, 1981 (10810091 S QF):

K96 Sample of blue carpet from Collins and Aikman,
Carpet Division

Result of examination:

The K93 and K94 pieces of carpet are alike in color, design, construction and composition of component parts. No differences were found in an examination of the dye composition of the pile fibers present in K93 and K94. Accordingly, the K93 and K94 pieces of carpet could have been manufactured by the same company. Because of the large number of variables that are present when a carpet is manufactured and when carpet fibers are colored, the

chances of two companies producing carpet of the same color, design, construction and composition is considered to be extremely remote.

The K93 and K94 pieces of carpet were also compared with the K95 and K96 pieces of carpet as well as three samples of carpet obtained from the Wellman Corporation. The Kohasco Corporation was identified as having manufactured one of these samples provided by the Wellman Corporation, while the manufacturers of the other two samples were not identified. One carpet sample identified as having been removed from 100 Glen Acres Circle, Decatur, Georgia, was also compared to the K93 and K94 samples.

Differences were found between the construction of the K93 and K94 pieces of carpet and the other six samples of carpet mentioned above. Accordingly, these six samples could not be associated with the manufacturer of the K93 and K94 samples. Differences were found in the dye composition of four of the above-mentioned six samples, which were yellowish green in color, and the K93 and K94 samples. Accordingly, these four yellowish green samples were dyed with a different dye formulation than the K93 and K94 samples.

The K93 through K96 samples are being temporarily retained in the Laboratory in the event additional examinations are required.

W., Atlanta, Fulton County, Georgia, after being admitted to this residence by HOMER WILLIAMS, who resides at this address along with his wife, FAYE WILLIAMS, and their son, WAYNE BERTRAM WILLIAMS. A preliminary survey of the residence located at 1817 Penelope Road, N. W., Atlanta, Georgia, determined that the residence at this residence was a red-brick, one-story, single-family dwelling, with white trim and an aluminum screen door on the front door which had the letter "W" on the screen door. It was further noted that the house at this address faced south on Penelope Road and that the house would be on the north side of Penelope Road. A driveway was noted to run along the east side of the house. A survey of the interior of the house determined that the front door led into the living room which would be on the east side of the house, and at the far east end of the living room was a dining area. Behind the dining area was the kitchen and behind the living room was a den. On the front of the house on the west side was a bed room which Mr. WILLIAMS

Behind this bed room was another room on the west side designated as a storage-office room and behind this room on the west side of the far north end of the house was another small room designated as an office. In addition to the above, behind the kitchen and the den was a storage room and/or a photographic dark room and an inside porch. At the north end of the house and on the east side of the storage room and office was a covered porch area. Two bathrooms were located approximately in the middle of the house. A sketch of the interior of the above house, which was previously been prepared on June 3, 1981, was utilized in conducting this search of this residence on June 22, 1981. Specimens received June 17, 1981

Specimens personally delivered by Special Agent [redacted] b7c
[redacted] on June 17, 1981:

K91 Yarns from bedspread (#17)

K92 Fibers from carpet (#18)

Result of examination:

The Q30 and Q31 fibers discussed in this report were originally listed in the FBI Laboratory report in this case dated April 17, 1981.

The Q30 fiber exhibits the same microscopic characteristics and same optical properties as present in the violet acetate fibers in the K91 sample and, accordingly, could have originated from the same source as K91.

The Q31 fiber exhibits the same microscopic characteristics and same optical properties as present in the greenish yellow nylon fibers in the K92 sample and, accordingly, could have originated from the same source as K92.

Additional comparisons of the fibers in the K91 and K92 samples with other items of evidence in the ATKID investigation will be the subject of a separate report.

Specimens K91 and K92 will be returned to the Atlanta Office under separate cover by registered mail.

Re: WAYNE BERTRAM WILLIAMS;
ATKID;
MAJOR CASE 30;
KIDNAPING;
OO: ATLANTA

Attached Atlanta teletype advises that the attorneys for the defense of subject, Wayne Bertram Williams, advised the Atlanta Division of their intention to subpoena Bureau Agents to testify for the defense at the trial of subject scheduled to begin 12/28/81. The subpoenas of Special Agents expected to be called will be furnished to the FBI by close of business 12/4/81.

Georgia law requires that to effectuate legal service of out-of-state subpoenas they must be forwarded to the sheriff in that jurisdiction for personal service on the persons named therein.

The defense has requested that the Atlanta FBI Office accept subpoenas on behalf of those Agents in auxiliary offices. Assistant United States Attorney Andrew Ekonomon on behalf of the Department of Justice concurs in this request, but stipulates that the defense for subject must pay the cost of lodging and travel of those Special Agents subpoenaed from their home divisions to Atlanta for this trial. SAC, Atlanta concurs with the above format for handling this matter.
