Transmit the following in _ (Type in plain test or code) AIRTEL REGISTERED (Priority or Method of Mailing) TO: DIRECTOR, FBI (100-399321) FROM: SAC, NEW YORK (105-8999) SUBJECT: MALCOLM K. EITTLE aka IS-NOI (00:NY) MALCOLM K. LITTLE currently resides at 23-11 97th Street, East Elmhurst, Queens, New York, a one family dwelling. He has telephone number OL 1-6320, which is unlisted. U LITTLE is a key figure of the NYO and until December, 1963, he was the Minister of NOI Mosque #7, NYC, and the official national representative of ELIJAH MUHAMMAD the head of the NOI. He was considered to be the number two man in the NOI. In December, 1963, he was suspended from the NOI for 90 days. Because of an alleged power struggle within the NOI in which members of ELIJAH's family fear that MALCOLM will succeed to the leadership of the NOI, the suspension of subject was made indefinite in March, 1963. U On March 8, 1964, LITTLE announced that he was breaking with the NOI, although still a believer, and would speak out on his own forming his pair "black nationalist" group. Although LITTLE indicated he would not form a rival organization to the NOI, it cannot yet be definitely determined whether he will or will not form his own de facto Bureau (RM) New York MAR 18 1964 ABP:mrm filed by Date of Decid Destion Indefinate Approved: _____

It is felt that a tesur on his telephone would provide invaluable information relative to his proposed activities in his new role, his supporters if any, and whether or not he will in fact establish his own organization.

Because of his split with the NOI, Bureau sources therein are of no value relative to LITTLE. Further, by this split he has deprived himself of working space and it is felt that most of his business will be conducted at his home and over his telephone.

The NYO requests authority to conduct a survey to determine the feasibility of placing a tesur on the telephone of LITTLE.

18. Recommendation by Assistant Director:

(If this surveillance involves cryptanalysis, include statement that decrypted material is or is not sufficiently important to continue decrypting.)

This technical surveillance is in the single family dwelling occupied by Malcolm K. Little, 23-11 97th Street, East Elmhurst, Queens, New York. It was first installed on 6/3/64.

Little is a former national official of the Nation of Islam (NOI) who broke with that organization on 3/8/64 and formed Muslim Mosque, Incorporated (MMI) which he announced would be a broadly based black nationalist movement for Negroes only. Little has urged Negroes to abandon the doctrine of nonviolence and advocated that Negroes should form rifle clubs to protect their lives and property. At MMI rallies. Little has surrounded himself by guards armed with rifles and there have been numerous incidents recently involving gun-wielding MMI members where violence has been averted only by timely police action. At an MMI rally on 6/28/64, Little announced the formation of a new nonwhite civil rights action group called the "Organization of Afro-American Unity" with headquarters at MMI headquarters in New York City the aim of which would be to bring the United States racial problem before the United Nations and which would engage in civil rights demonstrations using the theme "by any means necessary." \vee

In the past 30 days this technical surveillance has furnished valuable information on Little's travel plans, on the new Organization of Afro-American Unity, facts concerning the arrest of MMI members in Boston on a weapons charge following an altercation with Boston NOI members and information on a threat to Little's life by a person unknown. It also furnished information that Little was sending an assistant to Phoenix and Los Angeles to contact two women who had illegitimate children by Elijah Muhammad, NOI leader. Public announcement of these children by Little has caused the virtual state of war now existant between the NOI and MMI. On 6/30/64 information was received that Little sent telegrams to civil rights leaders Dr. Martin Luther King and James Foreman offering to send his followers to teach self-defense to Negroes if the Government did not provide Federal troops for protection.

All of the above information was furnished immediately to the Bureau and was disseminated to the Department and interested agencies. The Domestic Intelligence Division concurs with the recommendation of the SAC, New York, that this installation be continued for an additional three months.

- 9. Source furnished the following valuable information on the indicated dates:
 - 6/6/64 Information that MALCOLM X was sending an assistant to Phoenix and Los Angeles to contact two women who had illegitimate children by ELIJAH MUHAMMAD. They planned to publicize this and institute legal action against MUHAMMAD.

 - 6/14/64 Information on the arrest of some of MALCOLM's followers in Boston on a weapons charge following an altercation with NOI members there.

We presently have technical coverage on the residence of Malcolm X Little which is producing considerable The New York Office has conducted surveys to valuable information. determine whether additional installations are feasible.

A survey was also conducted by New York regarding the feasibility of installing microphone surveillances both at Little's residence and at the hotel. New York points out that the headquarters of MI will be moved as soon as Little returns to the U.S. and such installations at this time would be impractical. New York also points out that microphone surveillances could not be monitored at the hotel or nearby

New York points out that the wife and child or Little are constantly at his residence and there are a number of Negroes constantly around the residence. Memorandum to Mr. Sullivan RE: MULMIM LOSQUE, IMCORPORATED 100-441705

Surveys conducted in leate that photographic surveillances both at the residence of Little and at the Hotel Theresa are not feasible. There is no physical location available from which a productive photographic surveillance could be maintained at the Hotel Theresa. This is in the Harlem Section of New York City and there are large colored restaurants located in the lobby of the Hotel which produce heavy traffic in and out of the Hotel entrance. It is also not feasible to conduct such a photographic surveillance from another hotel room since full security could not be assured. (A

Little's residence is located in a predominantly Negro neighborhood in the Queens Section of New York City. Spot photographic surveillances could be conducted but not on a full-time basis for security reasons. The dwellings in this neighborhood consist mostly of two-family houses and it is considered a middle income Negro neighborhood. Efforts are being made by the Nation of Islam (NOI) to force Little to move from his residence, which was purchased with NOI funds. This action is currently pending in the New York City courts. In the event he is forced to move, we may be in a better position to obtain more coverage of this type.

CDSERVATIONS:

New York recommends no additional technical or photographic surveillances at this time. New York has been instructed to re-evaluate this situation when Little returns to the U.S. and new headquarters are obtained for the IIII. New York has also been instructed to be alert for any court action forcing Little to move and to then reconsider additional coverage on his residence. New York has been instructed to remain alert for instances when spot photographic surveillances may be used.

RECUEENDATION:

That no additional technical or microphone coverage be authorized at this time and that no continuous photographic surveillance be initiated.

Little's name is included in Security Index. He was minister of Temple Mumber 7, New York City of the Nation of Islam and one of the principal speakers for Elijah Muhammad until Little was expelled from the Nation of Islam for making a statement concerning the assassination of former President 🕏 Kennedy. Thereafter Little organized the Muslim Mosque, Incorporated, a quasi-religious all black organization which has taken a militant part in racial disorders in the New York Cit On 9/2/64, the Department advised that it had requested the Bepartment of State to determine whether Little had violated the Logan Act. This statute has to do with a citizen's contact with diplomats of foreign countries to the detriment of the United States and to a point of interfering with the foreign policies of the United States. The Bureau was requested to furnish the Internal Security Division of the Department any information which comes to its attention which might have a bearing upon such a violation.
