is said on good authority that many members of the Temple are either former doctors, or trustees or Sunday school teachers in Hartford's Negro churches.

Denying any relevance against the Christian religion, other than that "they brought us here about heaven and hell" than anything else, Mr. Key left his church by the Methodist Avenue Baptist Church, 1000 North Main Street, Hartford, Conn. 06103. In a somewhat vague article in the "Negro Year Book" for 1937-38, it is asserted that an N.Y. radiq of India came to this country in 1920 as a representative of the Ahmadiya Movement, an aggressive sect among the Moslems, that he bought a "flat at 4448 South Wabash (Street), Chicago, and converted it into a mosque." "This," the article states, "served as the headquarters of the movement (Moorish-American) in America." Syrians are reported in the year book to be active in temples in the Middlewest.

Whatever its origins, the sect here has been of sufficient interest to draw scholars at the Hartford Seminary Foundation to delve with some success into its sources.

They have found, for example, that the greater part of the Holy Koran, "has been lifted almost bodily, but without due acknowledgment, from the pages of an obscure work known as "The Aqvarian Gospel of Jesus the Christ," which bears the copyright date of 1908 and an introduction written by a deceased Congressman from Sheridan, Wyoming.

Moreover, by no less an authority on Mohammodanism than professor emeritus of Semitic languages and honorary consulting professor in the "Muslim Department" of the Foundation, it has been established that "The Holy Koran" scarcely contains so much as a phrase of the true Koran, the sacred book of Islam, if, indeed, even that.

The actual number of Moorish-Americans, both locally and nationally, who are practicing the anomalous faith, seems to be principally a matter of conjecture. There being only 12,000,000 Negroes in the United States, and whites being ineligible to join it, appears highly unlikely that approximately 8,250,000 colored persons, or two-thirds of the race's entire population in this country, belong, despite statements of Grand Shoek -El.

Though 150 different branches in the United States and 30,000 members in Brooklyn and 20,000 in Harlem alone are claimed by the organization, the "Negro Year Book," while not pretending to cover the movement thoroughly, lists only five cities where Moorish-Americans exist.

b7c

It should be added, however, that most of the year book figures are as of 1927. At that time the various claims were: New York, 120 to 125; Indianapolis, 36; St. Louis, 75; and Chicago, 250 to 300. In December of 1934 there were allegedly 150 followers of Allah in Augusta, Ga.

While Hartford leaders claim about 650 members, they admittedly have no such record in black and white, and several who attend the meetings with some regularity report that they have seen as few as 30 and as many as 400 present at various times. The average attendance is about 100, the approximate seating capacity of the third floor of the building on Village Street where the religious services are held.

One of the most interesting findings of the committee's agents is an explanation of the Moroccan situation which was allegedly given to members of the Temple's congregation some time ago by Grand Sheik

-El of Brooklyn, N.Y., reputed head of the eastern division of the organization. The report of this has yet to be given before the committee at the seminary.

Before the Atlantic Ocean was made by a great earthquake the Moroccan empire extended from Africa to the Americas, Turner is reported to have explained to the Moorish-Americans. After the Atlantic came into being, dividing the great country into two parts, Columbus came over to America and destroyed the records and the civilization of the Moroccans left on this side. He murdered the more intelligent members and disregarded the mentality dull in habitants, calling them Indians. These and other men brought more Moroccans over from Africa. These were beaten into submission. They were beaten into such submission, in fact, that they never ventured to associate with their brothers, the Indians, and they went by the name of Negroes. Consequently, according to Turner, there is really no such human as an Indian or a Negro from the standpoint of race. Both are Negroes.

According to the coalfields defendants, and also as-
piated to the corporation that Negro is an independent govern-
ment not only controller of the world, but also controller, and
control over the nation of Negroes, and the world.

The committee, which Dean Potter insists is rather a luncheon group, has no intention of taking any action. It's object is purely to learn about the Moorish-Americans and their Village street Temple,

Asked if the group had not been called to a lunch at the seminary for the purpose of safeguarding the interests of Christianity, that "we" are always seeking to do just that. He said there had only been two luncheon gatherings and that he did not know when there would be another.

"We are seeking after knowledge," he explained.

The Moorish-Science Temple of America here was first especially brought to the attention of Hartford when in January of 1937 Chief Justice William M. Maltbie of the State Supreme Court of Errors sent a circular letter to Connecticut courts advising them that no disrespect was intended by Moorish-Americans wearing their fetters in the courtroom.

CHAPTER XXXIII.

HOLY INSTRUCTIONS FROM THE PROPHET THE GREAT OF HEAVEN.

1. Thou hast not to go; because it was first found; nor of thy own, because therein thy soul resides. Is not the east of the house thy honor-able then its wall?
2. The ground must be prepared before corn be planted; the potter must build his furnace before he can make his porcelain. Is the earth of Heaven earth and the waters of the deep? Within which thy hollow roll and no other; thus high, and no higher shall they raise their surges, so let thy spirit, O man, actuate and direct thy flesh; so let it repress its wilderness.
3. Thy body is as the globe of the earth; thy bones the pillars that sustain it on its base.
4. As the ocean giveth rise to springs, whose waters return again into its bosom through the rivers, so runneth thy life from thy outwards, and so runneth it into its place again.
5. Do not both retain their course forever? Behold, the same Allah ordained them.
6. Is not thy nose the channel to perfumes, thy mouth the path to delicacies.
7. Are not thine eyes the sentinels that watch for thee? Yet how often are they unable to distinguish truth from error?
8. Keep thy soul in meditation; teach thy spirit to be attentive

ANDERSON.

TEMPLE No. 48.

By Sister J. Young, El.

On his recent initial itinerary, Brother C. Barker Boy, Field Representative, and Brother C. Martensen Boy were the house guests of Brother and Sister J. Boone El and family, who were happy to have them. They arrived early in the morning and the family was just arising, however, in a short time, all sat down to a most nourishing breakfast. The guests were made comfortable and enjoyed a brief and amicable visit before journeying on to the Home Office.

Sunday, Oct. 19th Sister J. Moore Boy drove to Anderson and spent the day with the Boone El's. The Sisters got together over sewing, cooking, and dish-washing and exchanging of news, while Brother Boone El was about in his garage rigging up a fine styck of proper shelter for his pet goat, Jancy, (who is the latest addition to the family of pets) and his chickens.

Little Nancy Jean has adopted Jancy for her own pet and loves to care for her by keeping the feed box well supplied and bringing green leaves for her

to eat. One fine sunny day little Nancy cat herself in the feed box before Jancy and taking her head in her hands proceeded to kiss the soft warm nose; Jancy didn't seem to mind this display of affection.

Sister Young El visited with her mother, Mrs. F. W. Simpson and grand-mother, Mrs. F. Bass, in Manito, on Oct. 18. Her sons who had already been with their grand-mother returned home with her.

Having just received a letter from the Moorish Home to the effect that the truck had arrived safely, the Boone El's were quite surprised to have Big Sarah stop before their home and to see Brother Barker Boy come smiling up to the door, on Oct. 20th. Brother Barker Boy was making a hurried trip in the interest of his wife, Sister Barker Boy who was in Chicago, awaiting medical attention in the form of an operation. We wish to express hope to Brother Barker Boy that his wife is doing well and will soon be with her brothers and sisters in good health.

Anderson, No. 42.

The 27th day of October, heralded the birthdate of Brother Locke El who was proud to be fifty years young, and hopes to see those many more. He spent a quiet evening at home with his family at dinner, and they each presented him with a little token of remembrance of which he was quite proud. After the presentation, they sang, "Happy Birthday to you, dear father" and the children especially enjoyed this singing with hearty gusto.

Sister N. Spence El has been confined to the bed due to a deep chest cold. She improved slowly but surely, after resorting to rest, diet and treatment. Sister F. Moore Bay came in time to lend a helping hand in the true Islamic fashion and set about doctoring her and using all she could to help in the home. Thank you for the much appreciated help, Sister Moore Bay, and congratulations, Sister Spence El, (mother dear) for being a good patient.

"THE TASK."

There are so many ways in which we may serve our Nation, but the greatest of all is to give ourselves in the service for this great cause; let it become a part of us until we are unconsciously performing our duty with all ease and with a willing mind; then it does not become a hard task. If we will bear in mind that what we are doing is for the benefit of Mankind, our duty will be a joy.

Prophet Drew Ali informs us that we, as a nation, will rise to our greatest heights, but we must cooperate together in Unity for in Unity there is strength and much can be accomplished.

In our dealings in everyday life with humanity, let them be such that blessings, in return, will be bestowed upon us. We all are expecting and hoping that Allah's care will be given us in this day and time, but it will be only bestowed through our love to each other. We must conquer even our deadliest enemy

(Continued on Page 21.)

There is probably no phase of the Moorish American Progress that furnishes so fruitful a theme for thought and meditation as does the rise and development of the Moorish American literature. I am happy for its beginning yet notwithstanding this fact, we as a nation, from a literary point of view, comparatively unknown to the many millions of our population, have not put forth our best efforts in this respect. Few works of the Moorish American authorship are known to the masses while the bulk remains yet to be introduced.

Our people should not be slow to see the advantages arising from combined effort. We must believe in societies for mutual improvement, for dispensing charity, for aiding the unfortunate, for protecting our civil rights, for aiding one another in business and for elevating the nation. We should welcome every opportunity that promises to secure social or material benefit. The history of secret societies proves that many of us possess a value and confer benefits that are something more

(Continued on Page 21.)

ISLAM:

Drew Ali is standing with the balances in his hand because he has the whole world under his command. He wants us to teach Love to everyone instead of hate. Love will bring us back as one again. Let us work diligently because our Prophet is leading on and victory is sure.

Let us watch the sign. Let us wake up, Moors, before it is too late. Let us do all within our power to put this PROGRAM over.

By Sister M. James Sey,
Asst. Chairman,
Sisters' Auxiliary,
Temple No. 34.

ISLAM:

We are all trying to walk in the footprints of our dear beloved Prophet, Noble Drew Ali, and our Supreme Grand Advisor and Moderator, Col. C. Zirkman boy, let us all practice what we teach. We will then cool ourselves living in the Higher Self.

When Prophet Drew Ali began in 1918 teaching us about ourselves, many of us believed then, but so many have turned back.

I was happy to know that I was not a Negro, for to me, that word was always like a shoe when it did not fit your foot but pained, and we all know just what a feeling that was. But since Drew Ali has come and give us comfort, why not accept it and be sincere about it, and not a faker.

Some day, we shall all

look back and ask ourselves, "How did we overcome?"

It will be a great day when we shall be all talking the same, singing the same and wearing the Turban and the Foz and praising "Allah." That will be a joyful time throughout the world.

Peace, will reign.

A GREAT LESSON

The other morning as I came out of the door, I beheld a flock of wild geese flying in orderly fashion and making the noise ring with their calls. They were flying south and it was a beautiful sight for man to behold. There was a leader and each one stayed in its place behind that leader, no one got ahead or tried to get ahead of the leader. Anyway they turned, there was one in the lead. Without a doubt understanding was there.

To me, that was a great lesson. We today have a leader in the person of our supreme Grand adviser and Moderator, Col. C. Hiram Boy who is leading us to the light. Let us stay behind our leader and follow him with his instructions, just as that flock of geese did, their leader, and we shall surely come out on top, victorious. Man is supposed to have a higher understanding than the beasts of the field or the fowls of the air, and sometimes it seems just the opposite, for we will try to go ahead of our leader in spite of everything.

Let us not do that but let us follow and take instructions. We will find that we will always stay in line when we take instructions and obey.

Let us treasure this simple, important lesson.

Unit No. 25, Sisters Auxiliary, Detroit, Michigan, sponsored a "Banquet" on Oct. 10th at the Temple. Many brothers and sisters travelled to the Motor City to be one among the number and to enjoy themselves at this affair. Out-of-town guests from ten temples were present. Col. C. Kirkman Boy, Supreme Grand Advisor and Moderator, and his wife, Sister F. Kirkman Boy, and their daughter, Peggy Mae, and grand daughter, Frances accompanied them. The guests were given a hearty welcome by the brothers and sisters upon their arrival, on Oct. 9th.

From this time on, guests began arriving upon the various Temples and upon each arrival there was another joyful greeting extended and the Moors were very joyful at meeting once again, to each other.

Our National Chairman, Sister F. Reynolds II, had arrived in the afternoon and time to make all arrangements, assisted by the local chairman, Sister L. Lee II, and the various sisters. They cooperated with her in every respect.

When the "Pride of the Moors" the Moorish National Truck, drove up, and our Field Representative Brother C. Barker Boy and his co-worker, emerged therefrom, another handshaking and greeting took place. Moors are always happy to meet one another especially when they have travelled a long distance.

Our Supreme Grand Advisor and Moderator, Col. C. Kirkman Boy, and his family were shown the

greatest of hospitality at the home of Brother and Sister J. Baker Boy.

On Saturday, Octo 10 Brother Kirkman Boy, and the Sisters Auxiliary worked faithfully preparing the food for the evening. His Staff consisted of Ten Sisters, who I must say were on their toes and ready to at his service. The Menu consisted of roasted duck, fried chicken, and creamed peas, french fry potatoes, all kinds of soft mellow drinks that were easy on the throat, etc.

The dining room was very attractive with pink and white checked table covers and pink, gold and white napkins.

The Temple was filled to its capacity on this occasion, enjoying the music and as the guests dined, many compliments were received upon the expertly prepared food from the visiting and friends.

The waitresses look lovely in their white uniforms wearing their green arm-bands bearing a red crescent and star and bearing the number of their Unit.

Col. C. Kirkman Boy and his staff were kept

visiting with the Moors and attending the many entertainments during their visit.

Temple No. 11 is gradually expanding. We are proud to report three new members, Sister E. Dublin El, Sister J. Jackson El and Sister E. McCullough Boy. These Sisters are very industrious workers.

Temple No. 11, has obtained a movie projector machine. On Monday night, Oct. 19th, after a meeting of the Sisters' Auxiliary, pictures were shown and we all enjoyed them immensely. We are looking forward to the showing of the Moors of Philadelphia.

The Sisters' Auxiliary has been formed for the new year. The members and officers are cooperating wonderfully together.

On Saturday, October 24th, there was a double wedding Anniversary held at the home of Sister E. Jones Boy. Those honored were Brother and Sister J. Jackson El and Brother and Sister J. Everett Boy. Sister Jackson Boy and Sister Everett Boy looked lovely in a powder blue gown and a blue tulle gown, respectively. Many Asiatic friends were present. Refreshments were served. Making a grand entrance in a full dress suit was Brother E. Ross Boy, our blind brother, who enjoyed himself to the highest.

Our Sunday School is one of great beauty when all the smaller members arrive, attired in their Moorish Headress; they are well schooled in the Questionary. On October 26th, they were shown

pictures, and while they were laughing giesfully at the pictures, soda water was passed around. Yes, our Sunday School is truly a wonderful one.

When our Grand Sheik returned from the Grand Bod in Chicago, we were told and informed of many interesting facts about the Convention which we all enjoyed.

Brother J. Woodson El has opened up a delightful store on the corner of 9th and Park St. Drop in sometime for a bite to eat, and while doing so, a cold bottle of soda would just hit the spot, for he has an extensive line of soft drink cigarettes, etc. Your presence will be more than welcome.

PATRONIZE YOUR OWN.

Sister S. Whitfield Boy is on the sick list. We are asked to visit and give this Sister a word of cheer. Brother McCullough Boy is confined to the hospital. Also the McCullough baby is also confined to the hospital. Sister A. Ross Boy who was on the sick list is doing fine.

NEWS FROM HOME

NOTICE

THE NATIONAL DRIVE FOR THE MOORISH NATIONAL HOME IS NOW ON, SPONSORED BY THE SUPREME GRAND ADVISOR AND COORDINATOR, COL. C. KIRKMAN BEY, AND WILL END JANUARY 31st, 1943.

THE COOPERATION OF EACH AND EVERY MEMBER OF EVERY CHAPTER IN THE UNITED STATES IS REQUESTED.

BE US RALLY, LOOK TO THE CAUSE OF OUR BROTHERS AND SISTERS.

On October 17th, the great Army to visit the Moorish Home, Brother C. L. ... and Sister P. ... They arrived at 4:00 P.M.

On October 18th, Brother H. Harris Bey, who had been visiting at the Moorish National Home, returned to ... He was accompanied by ... Sister ... and ... a very bright child and who always had an answer for you no matter what the conversation was about.

Brother Harris Bey returned home to ... he was too anxious to hunt and bring in a rabbit, one of those large ones, but he declared there must have been a rattling on them for he did not accomplish his aim. Nevertheless, a very peculiar incident happened the next morning after he left, a large rabbit came up to the house looking for Brother Harris Bey.

Wednesday evening, Oct. 14th,

much excitement was experienced at the Home for Brother A. Malone Bey, who is now our Assistant Grand Sheikh, was in a group that went hunting and in some way or other strayed a little away from the group following turkey and deer tracks. Before he could realize himself he was as the "babes in the woods", lost. But he gave the "old-time whoop" which echoed through the woods and reached the ears of those sitting around a log-fire, and the worst part about it night was coming on and it was getting darker and darker. The Brothers soon were on the job and went in search for him and he was soon located and brought back to the Moorish Field, unharmed.

The Sisters' Auxiliary held its meeting on Oct. 17th and were proud to welcome Sister P. Reynolds II, National Chairman, in their midst. Sister Reynolds II gave a very interesting talk, after being introduced by our local Chairman, Sister L. Miller. She informed us of Dec. 17th being our National Holiday for the Sisters, and the day that was set aside by Prophet Noble Drew Ali; of the election of a National Treasurer and a National Secretary for the Sisters' Auxiliary, and many other interesting facts concerning the Sisters' Auxiliary. All present enjoyed the remarks coming from her.

The Jr. Sisters and Brothers at the Moorish National Home have formed themselves

a Sisters Auxiliary and all are very anxious to give their assistance wherever needed. They are guided by our National Chairman and have elected their own officers as follows: Sister L. Howie II, Chm; Sister L. Franklin II, Sec; Sister L. Nelson Bay, Asst. Sec; Brother Mohammed Nelson Bay, Treas. They are sponsoring the program for January 28th, 1943, our Prophet's birthday.

The Sisters' Auxiliary are now going on record at the Home under the direction of our National Chairman and our Local Chairman, Sisters P. Reynolds II and L. Miller Bay, respectively. Beautiful hand embroidered pillow cases, coats and other articles are being made by them, bearing the Moorish name. One cannot help admiring the hand stitching done by hand on the pillow cases, for this is, without a question, tedious work. These articles are for sale to anyone who desires them for they are not only practical but make lovely gifts, and since our holidays are close at hand, I would suggest using them for such purposes. At the same time, you will not only be making someone happy but you will be helping us to expand the sale of our articles. The Sisters' aim is to make this a purchasing center and with your cooperation our aim will be accomplished with ease.

On Tuesday evening the Sisters enjoyed a very social evening discussing business after which a delightful repast was served.

Brother Mohammed Nelson Bay served the Sr. Sisters Auxiliary

with care and joy on November 15th, his birthday. He was the recipient of two lovely birthday cards from Sister E. Cook Bay of New York and his grandmother, Sister Johnson Bay of Detroit.

On November 17th, Sister P. Reynolds II departed from the Moorish Home for Cleveland Ohio, where she attended the "Banquet and Style Show" sponsored by the Sisters Auxiliary of Temple No. 7. She carried with her many lovely pieces of hand work for display made by the Sisters at the Home.

Brother F. Harrison Bay, Grand Shikh, Moorish Home, departed for Toledo, Ohio, upon receiving word that his sister had passed. He left on November 12th.

Sister T. Lakona Bay arrived at the Moorish Home October 28th, after a brief stay with relatives and friends in Chicago, Illinois. We were glad to welcome her back.

Brother R. Lawrence II, of Temple No. 38, departed Philadelphia, Pa., on Nov. 11.

Brother B. Jones Bay departed from the Home on Nov. 12th, having been called by the Philadelphia Draft Board.

Brother A. Jenkins Bay, who we must admit, is A-1 when it comes to machinery, has built at the Home, for the convenience of all there, a saw, for the purpose of sawing wood. Heretofore this work had to be done by hand, but

(Continued on Page 16.)

since we have one among us who understands and has the knowledge of machinery, this work has been made much lighter. Brother A. Jenkins Boy also makes attractive table, wall and floor lamps, especially designed with the Murchish designs, with a background of a red or green light. These lamps are for sale and are also available through the order, by number as displayed in this issue.

Comment must be made on a rubber-tired way it being built by Brother G. Mitchell II. It is well constructed and Brother Mitchell II has painted it in the Murchish colors of red and green. I am sure that the boys will enjoy his building a ride in it when it is completed. It is being made on a rubber-tired wagon built by one of our boys.

In the same article, someone was talking about building a saw by Brother A. Jenkins Boy, but this article was not completed, nor a chapter has been constructed over the saw built by Brother W. Reason. It is being built with no assistance whatsoever. So we get we have many things who still know how to do things, all they want is a chance.

COME ALL YE ASIATICS OF NORTH AMERICA AND HEAR THE TRUTH ABOUT YOUR NATIONALITY AND RIGHTS FOR YOU ARE NOT NEGROES. LEARN OF YOUR FOREFATHERS' ANCIENT AND DIVINE CREED THAT YOU MAY LEARN TO LOVE INSTEAD OF HATE.

"BEAUTY HINTS"

Hold it! And there you are. You just smiled your best all pose for that "Hold it," but what about your smile? Was it your best? Does it do you justice and bring out that certain something that makes others glad to see you smile? Is it generous and whole-hearted without being a half sneer or uncertain as to its intention?

We generally smile because we're happy or pleased and more important because, "Smile and the world smiles with you, cry and you cry alone." Now, what constitutes a pretty smile? First, in the physical nature, it's the teeth; second, it's the individual filter of mind.

Since the second contributing factor is strictly an individual matter, I should like to digress briefly on the teeth.

We have all been taught personal hygiene and the daily brushing of the teeth. The most important thing is to brush the teeth properly. The brush should be held at an angle and the bristles should be moved in a circular motion. The brush should be moved along with the daily face wash.

Remember to brush the bristles away from the gums in order to avoid the direct pressure upon them to the point needed for energetic pressure will have a tendency to cause the gums to recede from the teeth. For the

on which date a party was sponsored. It was a great success due to their assistance. It is the cooperation of the Moors in the activities of the various Temples that will help to build this Nation of ours.

The Brothers and Sisters of this Temple send "Islam" to all the Moslems of the Nation.

TEMPLE No. 48.

By Sister J. Young El.

On his recent initial itinerary, Brother C. Barker Bey, Field Representative, and Brother C. Patterson Bey were the house guests of Brother and Sister J. Boone El and family, who were happy to have them. They arrived early in the morning and the family was just arising, however, in a short time all sat down to a most nourishing breakfast. The guests were made comfortable and enjoyed a brief and appreciative visit before journeying on to the Home Office.

to eat. One fine sunny day little Nancy eat herself in the food box before Nancy and taking her head in her hands proceeded to kiss the soft warm nose; Nancy didn't seem to mind this display of affection.

Sister Young El visited with her mother, Mrs. T. E. Sampson and grand-mother, Mrs. F. Bass, in Luncie, on Oct. 18. Her sons who had already been with their grand-mother returned home with her.

Having just received a letter from the Moorish Home to the effect that the truck had arrived safely, the Boone EIs were quite surprised to have Big Bertha stop before their home and to see Brother Barker Bey come sailing up to the door, on Oct. 20th. Brother Barker Bey was making a hurried trip in the interest of his wife, Sister Barker Bey who was in Chicago, awaiting medical attention in the form of an operation. To wish to express hope to Brother Barker Bey that his wife is doing well and will soon be with her brothers and sisters in good health.
