On July 10, 1968, the facts in this matter were discussed with Assistant U.S. Attorney JOHN L. SMITH and he stated he felt the facts concerning the anonymous telephone call received at Standiford Field Airport on the night of July 9, 1968, constituted a violation of Section 35 (b), Title 18, United States Code, because it appeared to have been willful and malicious. He said, however, that he did not want to make any definite statement as to whether or not he would prosecute the offense because he would have to wait until the person was identified and facts developed which would substantiate that particular individual had made the call, and that there was other evidence, other than his own statement, to corroborate the fact that he had made the call.
