17 also notified [redacted] he would forward a copy of [redacted] letter

On September 2, 1975, Assistant United States Attorney WELDON HOLLOWELL, Eastern District of North Carolina, Raleigh, North Carolina, advised he is well acquainted with the subject, noting as he recalls the subject was tried before Judge LARKINS in United States District Court, Eastern District of North Carolina, several years ago in connection with another threatening letter and during the course of that trial the subject, while at the defense table, removed his shoe and threw it at the Judge.

HOLLOWELL also recalled during the course of that trial a Psychiatrist testified the subject's brain was deteriorating and that in several years he would be nothing more than a vegetable.

It appears, although the subject is currently in Central Prison awaiting trial in Durham, North Carolina, on State charges, he is mentally defective and it is unlikely Federal prosecution would be considered for the threats made in his letter to Judge DUPREE. However, Mr. HOLLOWELL requested the subject's current confinement and the nature of that confinement be determined and any information concerning his current mental condition be determined.

CE 175-82

DM: job

It should be noted on October 2, 1972, [redacted] contacted the Wilson, North Carolina, Police Department, advising he wanted to make a threat against the President. He said he wanted to be charged with a Federal felony and could be sent to a Federal hospital in Springfield, Missouri. He said he had no actual intention of harming the President since he has never owned a gun in his life. He considered robbing a bank but felt he might hurt someone during the robbery. He said at that time he spent most of the last 13 years in jail or in a mental institution and he was only making this threat so he would be taken into Federal custody.

In reference to that threat, on October 3, 1972, Special Agent [redacted], United States Secret Service, Charlotte, North Carolina, advised the subject was confined at Umstead Hospital, Butner, North Carolina, October 3, 1972 for treatment.

In addition, it should be further noted on March 14, 1970, [redacted] wrote a letter to President NIXON threatening his life and the lives of Judge LARKINS and then North Carolina Governor BOB SCOTT. Secret Service, Charlotte, North Carolina, advised at that time [redacted] was well known to them as he had written numerous threatening letters to the President.

On April 2, 1970, Assistant United States Attorney DAVID LAMB, Eastern District of North Carolina, declined prosecution since at that time [redacted] was confined in Cherry Hospital, Goldsboro, North Carolina, and psychiatrists at that hospital felt he would be mentally incapacitated in two years.

Rockefeller - Enemy Of The People

We demand that the dinner to be given "in honor of Nelson Rockefeller at the Waldorf-Astoria on February 17, 1975, be cancelled.

We demand that this communique be publicized in the mass media. Explain the cancellation of the dinner. If these two demands are not met we will bomb the reception and dining areas.

We are sending this warning so that a large number of people will not be harmed. Our demands are serious because we recognize the danger of Rockefeller as Vice President and Ruler of Capitalism poses.

Rockefeller owns and controls the sectors of the American and world economy. Through his multi-national organizations and foundations, his domination is particularly evident now through his control and manipulation of energy and food supplies. Rockefeller has made huge profits for instance, from the so-called energy and sugar shortages through his corporations Exxon, Con Ed, Amstar (Domino Sugar) and Amstar. Rockefeller has always sought to consolidate his corporate power and gain direct participation in and control of government.

As governor of New York State Rockefeller built both his political and corporate position at the expense of people on welfare, child in day care and school, the old employed, and those imprisoned in mental hospitals, old people homes, drug programs and jails. The Attika uprising was one of the most significant threats to his control. Rockefeller was responsible for 43 deaths at Attika.

Since Rockefeller became Vice President he and his lackey have introduced an escalation program to increase military spending in Vietnam and in India, while drastically cutting unemployment and other social services.

Rockefeller and his sidekick Kissinger continue to support war threats in the Middle East and imperialist aggression in other third world countries such as Puerto Rico, Chile and South Africa. As Vice President South Africa has increased military spending.

Attica.

As Vice President Rockefeller has increased population control programs aimed specifically at Third World women both here and abroad.

People all over the world are resisting Rockefeller and the imperialist domination he represents. The victory of the Vietnamese people was a major blow to this domination. The growing resistance in Chile is threatening the U.S. supported fascist government there. The Puerto Rican people are fighting for self-determination. The Attika uprising & the Wounded Knee takeover symbolize a growing resistance in this country.

We find the flaunting of wealth and decadence at a \$175 a plate dinner for Rockefeller disgusting.

We are resisting.
The people want liberation!
Venceremos!

Rockefeller built both his political
and corporate position at the
expense of people on welfare, child
in day care and school, the un-
employed, and those imprisoned
in mental hospitals, old people's
homes, drug programs and so on.
The Attika uprising was one of
the most significant threats to
his control. Rockefeller was re-
sponsible for 43 deaths at Attika.

Since Rockefeller became Vice
President, he and his lackey
have introduced an economic
program to increase military
spending in Vietnam and Cambodia,
while drastically reducing
unemployment and social services.

Rockefeller and his sidekick
Kissinger continue to step up
war threats in the Middle
East and imperialist aggression
in other third world countries
such as Puerto Rico, Chile, and
South Africa. As Vice President
Rockefeller has increased military

The military spending is the most important factor in the world today. It is the cause of the world's economic depression. It is the cause of the world's unemployment. It is the cause of the world's poverty. It is the cause of the world's suffering. It is the cause of the world's death.

World peace and the side with the masses of the people are the only way to the future. The world is a vast and beautiful place. It is a place of peace and harmony. It is a place of love and understanding. It is a place of hope and faith. It is a place of life and joy.

There is a great need for peace in the world today. There is a great need for understanding and cooperation between all peoples. There is a great need for love and compassion. There is a great need for hope and faith. There is a great need for life and joy. There is a great need for peace in the world today.

Rockefeller - Enemy of the People

= We demand that the dinner

"Honor Nelson Rockefeller" at the Waldorf Astoria on February 13 1975 be cancelled

We demand that this communique be publicized in the mass media to explain the cancellation of the dinner.

If these two demands are not met, we will bomb the reception and dining areas.

We are sending this warning so that a large number of people will not be misled. Our demands are serious because we recognize the danger which Rockefeller Vice President and ruler of capital now poses.

Rockefeller owns and controls key sectors of the American & world economy through multi-national corporations and foundations.

This domination is particularly evident through his control & manipulation of the supply of food supplies. Rockefeller has made huge profits. For instance, from

so-called energy crisis, sugar shortage
through his corporations Exxon, Con Eds
Amstar (Domino Sugar)

= Rockefeller has always sought to
consolidate his corporate power & profit
by direct participation in & control of
government.

As Governor of New York State,
Rockefeller built both his political &
corporate position at the expense of people's
welfare, children in day care & schools,
the unemployed, and those imprisoned in
mental hospitals, old people's homes, medical
programs & jails.

The Attika uprising was one of
most significant threats to his control.
Rockefeller is responsible for 43 deaths at
Attika.

Since Rockefeller became Vice
President, he & his lackey Ford have
produced an economic program to maintain
military spending in Vietnam & Cambodia
while drastically raising unemployment
and reducing social services.

Rockefeller & his sidekick Kissinger
continue to step-up war threats in the
Middle East and imperialist aggression.

3 Puerto Rico, Chile and South Africa.
4 As Vice President, Rockefeller has
5 increased population control programs
6 aimed specifically at Third World women
7 both here and abroad.

8
9 People all over the world are resisting
10 Rockefeller and the imperialist domination
11 he represents. The Victory of the Vietnamese
12 people was a major blow to this domination.
13
14 The growing resistance in Chile is
15 threatening the U.S. supported fascist
16 government there. The Puerto Rican people
17 are fighting for self-determination. The
18 Attika Uprising & the Wounded Knee
19 takeover symbolize a growing resistance
20 in this country.

21
22 We find the flaunting of wealth
23 and decadence at a \$175 a plate dinner
24 for Rockefeller disgusting.

25
26 We are resisting!
27 The people want liberation!
28 Venceremos!
