The above message on the postal card was written in pencil and is printed.

By letter dated September 20, 1956, the FBI Laboratory advised that the hand-printing on the postal card in question was searched through the anonymous letter file without identifying it with a prior submission.

On September 27, 1956, the facts of this case were discussed with Assistant United States Attorney RICHARD E. MOOT at Buffalo, New York, who advised that in the event the identity of the unsub was obtained, he would decline prosecution inasmuch as the card appears to be from a "crank." Mr. Moot further advised, however, that in the event additional threatening cards or letters were received by the victim, he should be advised and additional consideration would be given him to the prosecution of the person involved.

It is being pointed out that the complete text of the message on the postal card, including the obscene word, was furnished to Mr. LOFF.

MEMORANDUM

3 February 1960

1. Elvis Presley was interviewed on 28 December 1959 concerning his complaint that he was the victim of blackmail by a Mr. Laurens Johannes GRIESSEL-LANDAU, of Johannesburg, South Africa. GRIESSEL-LANDAU represents himself to be a doctor specialist in the field of Dermatology. GRIESSEL-LANDAU is not a medical doctor.

2. Copies of letters from GRIESSEL-LANDAU to Presley and Presley's private secretary were obtained on loan basis so that they could be photographed.

3. On or about 27 November 1959, GRIESSEL-LANDAU appeared at the residence of Elvis Presley in Bad Nauheim, Germany and began his treatments. These treatments took place in Presley's quarters in the presence of two female secretaries (both U. S.). The treatment involved Presley's shoulders and face.

4. Presley reports that GRIESSEL-LANDAU made several homosexual advances to some of his enlisted friends. GRIESSEL-LANDAU also is alleged to have admitted to Presley that he is bi-sexual. His first homosexual experiences took place early in his life in the orphanage in which he was brought up.

5. On 24 December 1959 Presley decided to discontinue the skin treatments. At the time that he told GRIESSEL-LANDAU of this decision he also thoroughly censured GRIESSEL-LANDAU for embarrassing him as a result of the improper advances that he (GRIESSEL-LANDAU) made to his (Presley's) enlisted friends. GRIESSEL-LANDAU immediately went into a fit of rage, tore up a photo album of Presley's, and threatened to ruin his singing career and to involve Presley's American girl friend (a 16 year old daughter of an Air Force captain). GRIESSEL-LANDAU further threatened to expose Presley by photographs and tape recordings which are alleged to present Presley in compromising situations. Presley assures us that this is impossible since he never was in any compromising situations. Presley contends that GRIESSEL-LANDAU is mentally disturbed. This is based upon the fits GRIESSEL-LANDAU has had and on his statements concerning the shock treatments he has been taking..

6. By negotiation, Presley agreed to pay GRIESSEL-LANDAU \$200.00 for treatments received and also to furnish him with a \$315.00 plane fare to London, England. GRIESSEL-LANDAU agreed to depart to England on 25 December 1959 at 1930 hours from Frankfurt, Germany. GRIESSEL-LANDAU did not leave as agreed, rather returned and demanded an additional \$250.00, which Presley paid. A day later GRIESSEL-LANDAU made a telephonic demand for 2,000 £ for the loss of his practice which he closed in Johannesburg, South Africa prior to his departure for Bad Nauheim to treat Presley.

MEMORANDUM (Contd)

3 February 1960

7. GRIESSEL-LANDAU finally departed Rhein-Main Air Field, Frankfurt, Germany at 1600 hours, 6 January 1960 on Flight 491, British European Airway for London, England under the name of GRIESSEL. He is alleged to be seeking entry into the United States. No contact between Presley and GRIESSEL-LANDAU has been reported since 5 January.

Dear Mrs. St. John,
In reply to
your letter of the 6th October, I
would like to give you the
following information regarding
my treatment. There are several
substances used in my aromatherapy
treatments for the sake of their
Remedial, Therapeutic and Regenerative
properties. I have recently received the
World Patent Rights of this formula and
the treatments may be given advantageously
to people of any skin type and I
would say it is very acceptable to

The
people suffering from oily skins, enlarged
pores, acne scars and wrinkles - Comedones
etc; and I expect Mr. Ellis Presley
to benefit from this scientific method
and to receive great satisfaction
as others have received. It has given
me great pleasure to receive your
Enlightening and most Welcome letter
and from the innermost recesses of my
heart I would welcome the opportunity
to treat Mr. Presley. Mr. Ellis Presley's
treatments will be exactly the
same as those based on the Aromatherapy
technique practised in my Salon -
through the odorous part of Flowers,
aromatic plants and resins, and that
of Roses, Carnations Orange Blossoms,
Neroli, Camomile, Cinnamon, rosewood
Sandalwood etc; the treatments help
to vitalize the skin cells and structure

II

beneath the Epidermis - which is continually
 being discarded. The Method employed
 improves the penetration in the Epidermis
 of the odoriferous Substances by a
 method which are efficacious but not
 violent. Before the actual treatment
 starts a short preliminary Neurovascular
 Massage will leave the skin more
 receptive. This is accomplished with
 the aid of a special Cream of most
 essential oils and finest ingredients -
 which accomplishes a deep cleansing as
 it contains special Emulsifiers. By
 using special Methods in Massage and
 Warmth, I aid the skin so that the
 essential oils are readily assimilated
 by the Tissues. The skin Tissues become
 activated and infused with new life
 and the texture of the skin is
 improved. The Complexion more alive,

the Epidermis more elastic. The shape
 of the Face and features assume
 their youthful positions. This is to
 be understood because from a scientific
 point of view it can be proved that
 in these essential oils and ingredients
 combined exist a great Number of
 free Electrons. (and Nature Provides for this)
 These Electrons which are
 responsible for the odor of certain perfectly
 organized Molecules can penetrate the
 Epidermis and by infusing the epidermis
 with odoriferous Molecules one injects
 Biological Energy - i.e. in other
 words "New Life." Mr. Elvis Presley
 can thus rest assured that his
 treatments will be individualized - that
 is to say, - adapted to suit his skin
 type or Epidermis. I can now busy
 preparing his treatment and composing

mixture of the essential oils and extracts that will suit the particular skin, the treatments will be most efficacious for enlarged pores-oily skin and any blemish which will become less visible as the weeks move on into months.

Then too, there can be no possible bad effect to the skin in the future years but; instead if Mr. Elms Presley decides to follow a certain routine or rather make use of My special cosmetology - wrinkles & lines have started but will not age but instead become as handsome as I would like him to be. "So, Mr. Presley please don't worry about the small wrinkles on your forehead, - you will not age. One or two Cures in Year will keep the skin in perfect condition. 1st Cure consists of a Series of 10, 18 or 20 treatments once or twice

a week according to the demands of the particular case. The revitalized skin permits perfect Make-up. a great asset to actresses and actors whose faces exposed to powerful flood lights - must always be in perfect condition in order to retain a smooth Make-up. The treatments will therefore be a boon & a blessing for Mr. Presley and as you have stated: "a quote: - "He feels that there can possibly be an improvement in his skin when he returns to the States" Well Miss Stefanich. Why Not? I can only suggest that Mr. Elms Presley should start these treatments as quickly as possible. & you can convey my message of appreciation to Mr. Presley for the interest he has shown - and he has my joy & thanks

And you have asked me to
-give you a prompt reply and how
I would like to arrange the matter
-Well, Miss Stefański I am due
to go back to our Farm within
-the next 2 weeks and as my lectures
are going on the Market I intend
having a short rest. So, I am free
to treat Mr. Elvis Presley and can
leave by air for Bad Nauheim
Germany as soon as it is convenient.
and if Mr Presley is quite satisfied
I'll leave almost immediately. He
Desires it. I shall await your
reply to the letter and if Mr
Presley desires it I'll send you
an overland telegram before I leave

but; on the other hand a Telegram
is not a very secret thing as the
telegraph, administrations and Post Office
workers follow up the particular, and
I learn to know things. I could however
address a telegram to you in order
to inform you when I'm due to leave.
Would that be in order?

Furthermore Miss Stefański, I
don't intend charging Mr Presley for
the treatments until it is successful.
But, I would expect my air passage
Return to be paid or rather that I
be reimbursed subsequently. Before
my return to South Africa if it so
pleases Mr Presley then too, as my
treatment takes about two months
and two weeks duration. I would
also expect my accommodation to be
provided for during that time.

FOR OFFICIAL USE ONLY

9

This request I am not expecting
Lavis treatment. Mr. Elvis Presley's
treatments could be carried out in
the privacy of his abode as in a
suitable hotel room allowing for
strict privacy. In this respect I
should best leave all the arrange-
ments to you after we have discussed
the matter. The amount of treatments
I'm going to give Mr. Presley also
depends on the reaction I will
get after each treatment, depending
too on the equal balance between
the acid and oil content of the skin
and alternatively on the equal balance
between the alkaline & moisture content.
I will work towards that end and
in order to achieve and to create a
new healthy skin - time & patience
is required and I do realize that

10.

Mr. Presley - owns the admirable
qualities of tolerance and patience
and I would add Endurance; else how
could he have achieved, whilst these
suitable arrangements will have to be
made and I'm sure you will be
able to make suitable appointments
at the right time. The treatments
last from about one to two
and a half hours depending once
again on the reaction I get. It
will surprise you to hear that the
better the reaction the longer the
treatment last.

Concludingly. Please convey
my heart-felt appreciation to Mr.
Elvis Presley.

I shall also be very appreciative
if you will again forward me a
reply at your earliest convenience &
Thanking you
Yours sincerely,
Lavis
